

Cumbria and Lancashire Algal Bloom Status Map

Date – 18th September 2020

Map extent – North Cumbria

Due to Covid-19, we are currently unable to take any samples and our labs are also closed. We are therefore unable to confirm any reports of blue green algae. Because of this we are treating all reports as potential blooms. It is always advisable to take precautions as under suitable conditions blooms can form in our lakes.

If there are any concerns then please contact the Incident Hotline on 0800 807060 to report.

Affected waterbodies:

- Derwent Water
- Ullswater
- Thirlmere
- Talkin Tarn, Brampton

There are no new bloom locations this week:

*Please note, not all locations are labelled on the map. Please see spreadsheet on website for site locations.
