Canvey Island - Southern Shoreline Revetment Project Newsletter

Issue 10: 20 October 2023

Welcome!

Welcome to the tenth edition of the newsletter for the Canvey Island Southern Shoreline Project.

In this edition our coverage includes the progress made from site, the new arrangements for parking at the Moviestarr Cinema and details of our next information drop-in session.

On page three you will find the planned working times for the project.

If you would like copies of future newsletter editions, please email:

TEAM2100canveyrevetment@jacobs.com

Questions about the project

We are at Sue's Café every Wednesday from 11am – 12 noon if you have a question about the project.

Please note that we are committed to providing a professional and fair service to everyone we work with. In return we ask that members of the public respect the project staff.

Our members of staff will not deal with any customer, either face-to-face, over the phone or in correspondence, who is threatening or abusive.

Progress from site

Over past month we have:

- Commenced permanent piling to the Fisherman's Corner ramp.
- Commenced works for access at Labworth Café area for access ramps and upper haul road.
- Continued to place OSA/LSA at Leigh Beck.
- Started work on compound 2 which will be situated in the car park opposite the Moviestarr Cinema on Eastern Esplanade.
- Worked on the construction of the new foreshore steps.

New revetment at Leigh Beck

Construction works and seaweed cleaning

In the coming months we will be:

- Completing the placement of OSA/LSA at Leigh Beck and remobilising the team to Thorney Bay to complete works here.
- Commencing the OSA/LSA works in the Labworth Café area.
- Continuing for the replacement of the concrete maintenance access track slabs on the riverward side of the wall to remove potential trip hazards
- Constructing the new maintenance access ramp at Fisherman's Corner following completion of piling
- Sowing golden samphire seeds on the river frontage at Leigh Beck.

Beach access

From Tuesday 3rd October 2023 there will be no public access to the beach between just east of the bandstand and our existing works boundary.

This is because we will be mobilising into the next phase of the project. We thank you in advance for your cooperation during this phase of our work.

[Map for area](#)

MovieStarr Cinema parking

We have now started work on the next stage of the project which means that half of the car park for the MovieStarr Cinema on Eastern Esplanade will be unavailable for use until the spring of 2024.

This temporary closure is unavoidable as the area is needed as a site compound to support the phase of the revetment replacement scheme from Fisherman's Corner to Labworth Café.

The cinema will remain open for business as usual.

We have worked with the MovieStarr cinema and Castle Point Borough Council to reach an agreement that the remaining half of the MovieStarr car park will remain open for customers to use. The nearby Lubbins car park on Eastern Esplanade will also be free of charge between:

- 1st October 2023 to 31st March 2024 only.

The location of the car park can be seen on the map to the right.

Brownies learn about the Canvey Southern Shoreline Revetment project

June with the 1st Canvey West Brownies

In September, June Saunders from the Community Engagement Team, visited 1st Canvey West Brownies.

The Brownies were aware of the floods of 1953 and were interested to learn how the current work will protect the island for the future. They were surprised to learn that the sites had offices with staff toilets and learnt about the many roles needed to build the flood protection. They enjoyed looking at photographs of the work completed to date and were interested to hear that we have a female engineer working on our sites. June, who is Girlguiding leader in her spare time, also taught them about the dangers of entering worksites, due to the number of lorries visiting the sites on the island.

Claire, the Brownies' leader said: "The brownies are happy that their island will be safer."

Information drop-in: 9 November

On 9 November 2023 we are holding an information event where you can find out the latest news about the project and what is planned. You will also be able to ask the project team questions.

The event will take place at Starr Sports, 31-33 Eastern Esplanade, Canvey Island.

Please feel free to drop in between 3.30pm-7.15pm.

Project webpage

If you would like to find out more about the project, there is a dedicated webpage. The webpage has the latest developments from the project, including progress images of the work taking place and details of upcoming events.

You can view the webpage here:
