## Canvey Island - Southern Shoreline Revetment Project Newsletter

Issue 9: 15 September 2023

### Welcome!

Welcome to the ninth edition of the newsletter for the Canvey Island Southern Shoreline Project.

In this edition we focus on our pallet recycling scheme, how we have been engaging with the community over the summer and our recent donation to the Dutch Cottage Museum. On page three of this edition, you will find planned working hours for the shoreline revetment replacement works, their location and the compounds used.

If you would like copies of future newsletter editions, please email:

TEAM2100canveyrevetment@jacobs.com

### Public drop-in: 9 November

On 9 November 2023 we are holding an information event where you can find out the latest news about the project and what is planned. You will also have the opportunity to ask the project team questions.

The event will take place at Starr Sports, 31-33 Eastern Esplanade, Canvey Island.

Please feel free to drop in anytime between 3.30pm-7.15pm.

### Progress from site

Over past month we have:

- Carried out the demolition of the Fisherman's Corner ramp.
- Continued with placing Open Stone Asphalt (OSA) and Lean Sand Asphalt (LSA) at Leigh Beck.
- Replaced maintenance access slabs to the riverward side track.
- Completed the first of the passing places at the base of the pedestrian steps at Thorney Bay.
- Completed the OSA lay along the far eastern frontage and met our time constraint outlined by the Marine Management Organisation (MMO).

Placing Open Stone Asphalt (OSA) at Leigh Beck

Replacement of riverward side track

In the next month we will:

- Commence the permanent piling to the new Fisherman's Corner ramp.
- Continue to place OSA/LSA at Leigh Beck.
- Start work on compound 2 which will be situated in the car park opposite the Moviestarr Cinema on Eastern Esplanade.
- Work on the construction of the new foreshore steps.

### Sustainability spotlight: pallet recycling

The project team is using a range of sustainable solutions and we will be bringing you details of these over the coming months. This month we focus on how the team has come up with a number of creative ways to reuse the many pallets delivered to site, including making furniture for those working on site. The project team are also speaking with local schools and artists to explore other ways the pallets might be used, including making bug boxes and bird boxes. The pallets delivered to site are also recycled using the '[Pallet Loop](#)' system, which repurposes pallets, to reduce waste.

## Keeping you up-to-date: drop-ins, pop-ups and community days

During the summer the project team has had the chance to meet with the community at various events.

The team attended the Canvey Island Town Council community day on 1<sup>st</sup> September where we were able to speak to many people and show them how the revetment will look when it is finished.

One of the Community Engagement Officers for the project, June Saunders said: "It was a really good day, the people of Canvey were so friendly and interesting to talk to.

"We were able to share information with them on the project, which will benefit generations of islanders and visitors alike. Luckily we managed to avoid the downpour which is always helpful!"

The pop-up event on 21<sup>st</sup> August held near the Friends of Concord Beach hut building by the seafront was also well attended by islanders and visitors alike who were making the most of the sunshine.

If you have a question to ask the team, you will find us at Sue's Café from 11am-12noon every Wednesday. Please feel free to drop in at any time.

You can also email us at: [TEAM2100canveyrevetment@jacobs.com](mailto:TEAM2100canveyrevetment@jacobs.com)

## Dutch Cottage Museum donation

TEAM2100 has donated two revetment blocks and four wooden stakes taken from the works on the shoreline to the Dutch Cottage Museum on Canvey Road.

The blocks and stakes are now available for visitors to view in the outside area of the museum.

Alison Harris from the Dutch Cottage Museum said: "Thank you for this donation. It is a very welcome addition to the museum as it captures the historical importance of the works you are doing."

## Can you help?

On Saturday 9th September during the early hours of the morning our compound on Beveland Road was broken into. A number of items were damaged and stolen and this has resulted in a delay to our construction progress whilst we replace these items.

If you have any footage or information about this please contact: [TEAM2100canveyrevetment@jacobs.com](mailto:TEAM2100canveyrevetment@jacobs.com) or the local police referencing the crime reference number: EP – 20230911-0273.

## Find out more about the project

If you would like to find out more about the project, there is a dedicated webpage.

The webpage has the latest developments from the project, including a monthly summary of activities and the details of latest project events.

It also includes a timeline for the programme of works and a flyover of the works. You can view the webpage here: <https://consult.environment-agency.gov.uk/east-anglia-c-e/canvey-southern-shoreline-project/>

## Planned working hours

Please find below the planned working hours, locations and the compounds used. This will also involve operations on the landward side of the defence to support movement of materials.

**Key: NCH** - Normal Construction Hours (08:00 to 18:00), **NWD** - Non Working Day (Weekends and Bank Holidays), **SC1 - Satellite Compound 1**, Fisherman's Corner, Western Esplanade, SS8 0AY, **Main Compound** - Adjacent 287 Eastern Esplanade, SS8 7PQ, **SC4 - Satellite Compound 4**, B17 Memorial Ground, Beveland Road, SS8 7QT.
