APPENDIX 2

PICTURES OF FLOODING IN BOSTON

This appendix presents still images of flooding in Boston to give visual reference for the accounts and anecdotes of flooding in Appendix 1. Locations mentioned in the descriptions of flood effects in Appendix 1 can be seen in the images.

1 Pictures of flooding in Boston

1.1 BBC News documented the following images\(^1\) from the December 2013 flood event.

---

---
In pictures: Tidal surge floods Boston

People in Boston are clearing up after flood-water from a tidal surge engulfs the town.

The River Haven in Boston, Lincolnshire, burst its banks following a tidal surge on Thursday evening.
Hundreds of homes were evacuated following the flooding on the Lincolnshire coast.

A rescue team used a boat to get evacuees to safety in the High Street, Boston.
A resident from a block of flats in Boston sits on the stairs above the flood-water.

The offices of the Boston Standard were also damaged by flood-water.
Students found the grounds of Boston College were underwater on Friday morning.
The images above support evidence of flood affects from the reports, accounts and anecdotes listed in Appendix 1.
