11.— Power to impose conditions.

(1) An appointment under this Chapter may include—
   (a) such conditions as appear to the Secretary of State or, as the case may be, [the Authority]¹ to be requisite or expedient having regard to the duties imposed on [him or it]¹ by Part I of this Act;
   (b) conditions for the purposes of section 7(4)(c) above; and
   (c) conditions requiring the rendering to the Secretary of State of a payment on the making of an appointment, or payments while such an appointment is in force, or both, of such amount or amounts as may be determined by or under the conditions.

(2) Conditions may be included by virtue of subsection (1)(a) above in an appointment under this Chapter whether or not they are connected with the supply of water, the provision of sewerage services or the exercise or performance of any power or duty conferred or imposed by or under any enactment on water undertakers or sewerage undertakers.

(3) Conditions included in an appointment under this Chapter may contain provision for the conditions to cease to have effect or be modified at such times, in such manner and in such circumstances as may be specified in or determined by or under the conditions.

(4) Any provision included by virtue of subsection (3) above in an appointment under this Chapter shall have effect in addition to the provision made by this Chapter with respect to the modification of the conditions of an appointment.

(5) For the purposes of this Act where the same instrument contains an appointment of the same company to be both a water undertaker and a sewerage undertaker (whether or not for the same area), all the conditions included in that instrument by virtue of this section shall have effect, irrespective of their subject-matter, as conditions of both appointments.

(6) Where an instrument of appointment has been served under subsection (3) of section 6 above on any company, the coming into force of the appointment for the purposes specified in subsection (2) of that section shall not be affected by any contravention of the requirements of this Act with respect to the provision contained by way of conditions of appointment in that instrument.

(7) If the Secretary of State considers it appropriate to do so in consequence of any legal proceedings with respect to any such provision as is mentioned in subsection (6) above, he may by order made by statutory instrument direct that such conditions as may be specified in the order are to be treated as included in the appointment in question until there is an opportunity for the provision to which the proceedings relate to be replaced by virtue of any of the other provisions of this Chapter.

12.— Determinations under conditions of appointment.
(1) Without prejudice to the generality of paragraph (a) of section 11(1) above, conditions included in an appointment by virtue of that paragraph may—
   (a) require the appointed company to comply with any direction given by [ the Authority ] \(^1\) as to such matters as are specified in the appointment or are of a description so specified; and
   (b) require the appointed company, except in so far as [ the Authority ] \(^1\) consents to the company's doing or not doing them, not to do or to do such things as are specified in the appointment or are of a description so specified.

(2) Without prejudice as aforesaid, such conditions may provide for the reference to and determination by—
   (a) the Secretary of State or [ the Authority ] \(^1\); or
   (b) on a reference by [ the Authority ] \(^1\), the [ CMA ] \(^2\),
   of such questions arising under the appointment and of such other matters, including (in the case of references to [ the CMA ] \(^3\)) disputes as to determinations by [ the Authority ] \(^1\), as are specified in the appointment or are of a description so specified.

(3B) [Subsections (4) and (5) of section 14, and sections 14A and 14B] , below apply to references to the [CMA] under this section as they apply to references under section 14.

   (a) standard conditions contained in all water supply licences or sewerage licences, or
   (b) standard conditions contained in those water supply licences or sewerage licences that grant a particular authorisation or combination of authorisations.

(2) Where at any time the Authority modifies the standard conditions of water supply licences or sewerage licences under this section the Authority may make such incidental or consequential modifications as it considers necessary or expedient of any conditions of any licence so affected.

(3) Before making any modifications under this section, the Authority shall give notice—
   (a) stating that it proposes to make the modifications and setting out their effect;
   (b) stating the reasons why it proposes to make the modifications; and
   (c) specifying the time (not being less than twenty-eight days from the date of publication of the notice) within which representations or objections with respect to the proposed modifications may be made,

and shall consider any representations or objections which are duly made and not withdrawn.

(4) A notice under subsection (3) above shall be given—
   (a) by publishing the notice in such manner as the Authority considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications; and
   (b) by serving a copy of the notice on—
      (i) each relevant licence holder;
      (ii) the Council;
      (iii) the Secretary of State;
      (iv) the Assembly; and
      (v) the Chief Inspector of Drinking Water.

(5) If, within the time specified in the notice under subsection (3) above, the Secretary of State directs the Authority not to make any modification, the Authority shall comply with the direction.

(5A) The Secretary of State is to consult the Welsh Ministers before giving a direction under subsection (5) in relation to a water supply licence.
(6) The Authority may not under this section make any modifications of the standard conditions of water supply licences or sewerage licences unless—

(a) no notice of objection to those modifications is given by any relevant licence holder to the Authority within the time specified in the notice under subsection (3) above;

(b) if one or more relevant licence holders give notice of objection to the Authority within that time—

(i) the proportion (expressed as a percentage) of the relevant licence holders who have given notice of objection is less than such percentage as may be specified in an order made by statutory instrument by the Secretary of State; and

(ii) the percentage given by subsection (7) below is less than such percentage as may be so specified; or

(c) subsection (8) below applies to the case.

(7) The percentage given by this subsection is the proportion (expressed as a percentage) of the relevant licence holders who have given notice of objection, weighted according to their market share at such time and in such manner as may be specified in an order under subsection (6) above.

(8) This subsection applies where the Authority is satisfied that—

(a) the effect of the standard conditions is such as to impose a burden affecting relevant licence holders in the carrying on of activities to which the modifications relate;

(b) the modifications would remove or reduce the burden without removing any necessary protection; and

(c) the modifications are such that no holder of a water supply licence or, as the case may be, a sewerage licence would be unduly disadvantaged in competing with other holders of such licences.

(9) An order under subsection (6) above may include such supplemental, consequential and transitional provision as the Secretary of State considers appropriate.

(10) Before making an order under subsection (6) above in relation to the standard conditions of water supply licences, the Secretary of State shall consult the Assembly.

(11) A statutory instrument containing an order under subsection (6) above shall not be made unless a draft of the instrument has been laid before, and approved by a resolution of, each House of Parliament.

(12) Where the Authority modifies the standard conditions of water supply licences or sewerage licences, the Authority shall—

(a) also make (as nearly as may be) the same modifications of those conditions for the purposes of their incorporation in water supply licences or, as the case may be, sewerage licences granted after that time; and

(b) publish the modifications in such manner as it considers appropriate.

(13) In this section “relevant licence holder”, in relation to proposed modifications of standard conditions of water supply licences or sewerage licences or of such of those licences as grant a particular authorisation or combination of authorisations, means the holder of a licence of that description—
(a) which is to be modified under the proposals by the inclusion of any new standard condition; or
(b) which includes any standard conditions to which the proposals relate, other than standard conditions which are not in effect (by virtue of anything done under section 17H(4) above) at the time specified in the notice under subsection (3) above.

(2) The grounds mentioned in [subsections (1) and (1A)]² above are, in relation to any company—
   (a) that there has been, is or is likely to be such a contravention by the company of any principal duty, not being a contravention in respect of which a notice has been served under subsection (3) of section 19 above, as is serious enough to make it inappropriate for the company to continue to hold its appointment [or licence]³;

      (i) is not for the time being the subject-matter of proceedings brought by virtue of section 21(1) above; and

(ii) that action is serious enough to make it inappropriate for the company to continue to hold its licence;

(c) that the company is or is likely to be unable to pay its debts;
(d) that, in a case in which the Secretary of State has certified that it would be appropriate, but for section 25 below, for him to petition for the winding up of the company under section 124A of the Insolvency Act 1986 (petition by the Secretary of State following inspectors' report etc.), it would be just and equitable, as mentioned in that section, for the company to be wound up if it did not hold an appointment under Chapter I of this Part or was not a qualifying licensed water supplier; or
(e) in the case of a company holding an appointment under Chapter I of this Part, that the company is unable or unwilling adequately to participate in arrangements certified by the Secretary of State or the Authority to be necessary by reason of, or in connection with, a proposal for the making by virtue of section 7(4)(c) above of any appointment or variation replacing a company as a relevant undertaker.

(3) Notice of any petition under this section for a special administration order shall be given forthwith to such persons and in such manner as may be prescribed by rules made under section 411 of the Insolvency Act 1986 (“the 1986 Act”); and no such petition shall be withdrawn except with the leave of the High Court.

43.— Calculation of “relevant deficit” for the purposes of section 42.

(1) For the purposes of section 42 above the relevant deficit for any year on a water main is the amount (if any) by which the relevant revenue in respect of that main for that year is exceeded by the annual borrowing costs of a loan of the amount required for the provision of that main.

(2) The annual borrowing costs of a loan of the amount required for the provision of a water main is the aggregate amount which would fall to be paid in any year by way of payments of interest and repayments of capital if an amount equal to so much of the costs reasonably incurred in providing that main as were not incurred in the provision of additional capacity had been borrowed, by the water undertaker providing the main, on terms—

(a) requiring interest to be paid and capital to be repaid in twelve equal annual instalments; and

(b) providing for the amount of the interest to be calculated at such rate, and in accordance with such other provision, as may have been determined for the purposes of this subsection.

(3) A determination for the purposes of subsection (2) above shall be made either—

(a) by the undertaker with the approval of the Authority; or

(b) in default of such a determination, by the Authority.

(4) For the purposes of this section the costs reasonably incurred in providing a water main (“the new main”) shall include—

(a) the costs reasonably incurred in providing such other water mains and such tanks, service reservoirs and pumping stations as it is necessary to provide in consequence of the provision of the new main; and

(b) such proportion (if any) as is reasonable of the costs reasonably incurred in providing any such additional capacity in an earlier main as falls to be used in consequence of the provision of the new main.

(5) In subsection (4) above the reference to an earlier main, in relation to the new main, is a reference to any water main which—

(a) has been provided in pursuance of a water main requisition; or

(b) has been vested (by virtue of a declaration made under this Chapter) in the water undertaker,

in the period of twelve years immediately before the provision of the new main.

(6) Any reference in this section to the provision of additional capacity in a water main provided in pursuance of a requirement under any enactment is a reference to such works carried out or other things done in connection with the provision of that main as are carried out or done for the purpose of enabling that main to be used for purposes in addition to those for which it is necessary to provide the main in order to comply with the requirement.

(7) Any reference in this section to the relevant revenue in respect of a main provided by a water undertaker for any year is—
(a) in relation to premises connected with the main which are supplied with water by the
undertaker, is a reference to so much of the aggregate of any charges payable to the
undertaker in respect of services provided in the course of that year as represents charges
which—
(i) have been imposed by the undertaker in relation to those premises; and
(ii) are reasonably attributable to the provision of a supply of water (whether or not
for domestic purposes) to those premises by means of that main;
(b) in relation to premises connected with the main which are supplied with water by a
licensed water supplier, is a reference to so much of the aggregate of any charges made
during the course of that year which—
(i) are payable by the supplier to the undertaker in respect of the duty under section
66A(2)(b), 66B(3)(b) or 66C(2)(b)(ii) below; and
(ii) are reasonably attributable to the use of that main for the purpose of the supplier
supplying water to those premises.

(8) An approval or determination given or made by [the Authority] for the purposes of subsection
(2) above—
(a) may be given or made in relation to the provision of a particular water main, in relation
to the provision of mains of a particular description or in relation to the provision of water
mains generally; and
(b) may be revoked at any time except in relation to a water main [in respect of which
the conditions referred to in section 42(1) above have already been satisfied.]  

(9) In this section “water main requisition” means —
(a) a requirement under section 41 above (including, by virtue of paragraph 1 of Schedule
2 to the Water Consolidation (Consequential Provisions) Act 1991, a requirement under
section 40 of the Water Act 1989);
(b) a requirement under the provisions of section 36 or 37 of the Water Act 1945 or of
section 29 of Schedule 3 to that Act (water main requisitions); or
(c) a requirement under any local statutory provision corresponding to section 41 above or

Calculation of “discounted aggregate deficit” for the purposes of section 42

(1) For the purposes of section 42 above the discounted aggregate deficit on a water main is the amount equal to the sum of the estimated relevant deficits for each of the twelve years following the provision of the main, in each case discounted in accordance with subsection (6) below.

(2) The estimated relevant deficit for any year is the amount (if any) by which the estimated revenue in respect of the water main for that year would be exceeded by the annual borrowing costs of a loan of the amount required for the provision of that main.

(3) Subsections (2) to (6), (8) and (9) of section 43 above (which relate to the annual borrowing costs of a loan of the amount required for the provision of a water main) shall apply for the purposes of this section as they apply for the purposes of that.

(4) Any reference in this section to the estimated revenue in respect of a water main for any year—
   (a) in relation to premises expected to be connected with the main and supplied with water by a water undertaker, is a reference to so much of the aggregate of any charges expected to be payable to the undertaker for the provision of services in the course of that year as would represent charges—
      (i) imposed by the undertaker in relation to those premises, and
      (ii) reasonably attributable to the provision of a supply of water (whether or not for domestic purposes) to those premises by means of that main; and
   (b) in relation to premises expected to be connected with the main and supplied with water by a licensed water supplier, is a reference to so much of the aggregate of any charges expected to be made during the course of that year as would be—
      (i) payable by the supplier to the undertaker in respect of the duty under section 66A(2)(b), 66B(3)(b) or 66C(2)(b)(ii) below; and
      (ii) reasonably attributable to the use of that main for the purpose of the supplier's supplying water to those premises.

(5) For the purpose of calculating estimated revenue under subsection (4) above, a thing is expected to be the case if, at the time the calculation is made, it is reasonably likely to occur.

(6) The estimated relevant deficit for a year mentioned in subsection (1) above shall be discounted in order to determine its net present value by applying such factor, and in accordance with such other provision, as may be determined by the Authority.

(7) A determination made by the Authority for the purposes of subsection (6) above—
   (a) may be made in relation to the provision of a particular water main or in relation to the provision of water mains generally; and
   (b) may be revoked at any time except in relation to a water main in respect of which the conditions referred to in section 42(1) above have already been satisfied.

44.— Determination of completion date and route for requisitioned main.

(1) A water undertaker shall not be in breach of a duty imposed by section 41 above in relation to any locality unless—
   (a) the period of three months beginning with the relevant day has expired; and
   (b) the water undertaker has not, before the end of that period, so laid the water main to be provided as to enable (as the case may be)—
       (i) service pipes to premises in that locality; or
       (ii) a water main which is the subject of an agreement under section 51A below ("the self-laid main"),
   to connect with the main at the place or places determined under subsection (3) below.

(2) The period mentioned in subsection (1)(a) above may be extended in any case—
   (a) by agreement between the water undertaker and the person or persons who required the provision of the main; or
   (b) where there is a dispute as to whether the period should be extended, by [the Authority] on a reference under subsection (4) below.

(3) The places mentioned in subsection (1)(b) above shall be—
   (a) such places as are determined by agreement between the water undertaker and the person or persons who required the provision of the water main; or
   (b) in default of agreement, such places as are determined by [the Authority] on a reference under subsection (4) below, to be the places at which it is reasonable, in all the circumstances, for service pipes to premises in the locality in question, or (as the case may be) the self-laid main, to connect with the water main.

(4) A reference for the purposes of subsection (2) or (3) above may be made to the Authority for determination under section 30A above by either party to the dispute.

(5) In this section “relevant day”, in relation to a requirement to provide a water main, means the day after whichever is the later of the following, that is to say—
   (a) the day on which the conditions specified in section 42 above are satisfied in relation to the requirement; and
   (b) the day on which the place or places where (as the case may be)—
       (i) service pipes to premises in the locality in question; or
(ii) the self-laid main,
will connect with the main are determined under subsection (3) above.

Domestic connections

Law In Force
Amendment(s) Pending

45.— Duty to make connections with main.

(1) Subject to the following provisions of this section and to sections 46 and 47 below, it shall be
the duty of a water undertaker (in accordance with section 51 below) to make a connection under
this section where the owner or occupier of any premises […]¹ which—
   (a) consist in the whole or any part of a building; or
   (b) are premises on which any person is proposing to erect any building or part of a building,
serves a notice on the undertaker requiring it, for the purpose of providing a supply of water for
domestic purposes to that building or part of a building, to connect a service pipe to those premises
with one of the undertaker's water mains.

[ (1ZA) The duty to make a connection under this section does not apply in relation to premises in
a retail exit area that are not household premises. ]²

[ (1A) In relation to service pipes which do not belong to or fall to be laid by the undertaker—
   (a) subsection (1) above is subject to section 51D(1) below; and
   (b) any such service pipe which is to vest in the undertaker by virtue of an agreement under
section 51A below shall be connected to one of the undertaker's water mains subject to and
in accordance with the terms of that agreement.

¹³
(2) Where a notice has been served for the purposes of this section, the duty imposed by subsection (1) above shall be a duty, at the expense of the person serving the notice, to make the connection required by the notice if—
   (a) the main with which the service pipe is required to be connected is neither a trunk main nor a water main which is or is to be used solely for the purpose of supplying water otherwise than for domestic purposes; and
   (b) such conditions as the undertaker may have imposed under sections 47 to 50 below have been satisfied;
and, subject to section 51 below, that duty shall arise whether or not the service pipe to which the notice relates has been laid when the notice is served.

(3) A notice for the purposes of this section—
   (a) shall be accompanied or supplemented by all such information as the undertaker may reasonably require; and
   (b) if the notice has effect so that a requirement is imposed on the undertaker by virtue of section 46(4) below, shall set out the matters that have given rise to the imposition of that requirement;
but, subject to section 51(5) below and without prejudice to the effect (if any) of any other contravention of this subsection, a failure to provide information in pursuance of the obligation to supplement such a notice shall not invalidate that notice.

(4) The duty imposed on a water undertaker by this section shall be owed to the person who served the notice by virtue of which the duty arises.

(5) Where a duty is owed by virtue of subsection (4) above to any person, any breach of that duty which causes that person to sustain loss or damage shall be actionable at the suit of that person; but, in any proceedings brought against a water undertaker in pursuance of this subsection, it shall be a defence for the undertaker to show that it took all reasonable steps and exercised all due diligence to avoid the breach.

(6) Where a water undertaker carries out any works which it is its duty under this section to carry out at another person's expense, the undertaker shall be entitled to recover from that person an amount equal to the expenses reasonably incurred by the undertaker in carrying out the works.

[(6A) Any dispute between a water undertaker and any other person as to whether the expenses were incurred reasonably may be referred to [the Authority] for determination under section 30A above by either party to the dispute.]4

(7) Nothing in this section or in sections 46 to 51 below shall impose any duty on a water undertaker to connect a service pipe to any premises with a service pipe to any other premises.

(8) In the following provisions of this Chapter a notice served for the purposes of this section is referred to as a connection notice.

46.— Duty to carry out ancillary works for the purpose of making domestic connection.

(1) Where a water undertaker is required to make a connection in pursuance of any connection notice, it shall also be the duty of the undertaker, at the expense of the person serving the notice, to carry out such of the works to which this section applies as need to be carried out before the connection can be made.

(2) This section applies to the laying of so much of the service pipe to be connected with the water main as it is necessary, for the purpose of making that connection, to lay in a street.

(3) In a case where—
   (a) the water main with which the service pipe is to be connected is situated in a street;
   (b) the premises consisting in the building or part of a building in question together with any land occupied with it abut on the part of the street where the main is situated; and
   (c) the service pipe to those premises will—
      (i) enter the premises otherwise than through an outer wall of a building abutting on the street; and
      (ii) have a stopcock fitted to it by the undertaker in the premises,
this section applies to the laying of so much of the service pipe as it is necessary, for the purpose of making the required connection, to lay in land between the boundary of the street and that stopcock.

(4) In a case where the connection notice is served in compliance with a requirement imposed by a notice by a local authority under section 80 below, this section applies to the laying of so much of the service pipe to be connected with a water main in pursuance of the connection notice as it is necessary, for the purpose of making the connection, to lay in land owned or occupied by a person who is certified by that authority—
   (a) to have unreasonably refused his consent to the laying of the service pipe; or
   (b) to have sought to make the giving of his consent subject to unreasonable conditions.
(5) Where a water main is alongside a street and within eighteen metres of the middle of that street, subsections (2) to (4) above shall have effect in relation to the laying, for the purpose of making a connection with that main, of a service pipe to any premises as if the street included so much of the land between the main and the boundary of the street as is not comprised in those premises or in any land occupied with those premises.

(6) It shall be the duty of any water undertaker making a connection in pursuance of a connection notice to ensure that a stopcock belonging to the undertaker is fitted to the service pipe which is connected.

(7) [Subsections (4) to (6A) of section 45]¹ above shall have effect-

(a) in relation to any duties which, by virtue of a connection notice, are imposed on a water undertaker by this section; and

(b) in relation to any works which, by virtue of the service of such a notice, such an undertaker carries out under this section at another person's expense, as they have effect by virtue of that notice in relation to the duty which arises under that section or, as the case may be, to works which the undertaker carries out under that section at another person's expense.

(8) Subject to subsection (9) below, a water undertaker may comply with any duty under this section to lay a service pipe by laying a water main instead; but nothing in section 45 above or this section shall impose any duty on a water undertaker to lay a water main where it has no power to lay a service pipe.

(9) Where a water undertaker exercises its power under subsection (8) above to lay a water main instead of a service pipe—

(a) paragraph (a) of section 51(1) below shall have effect as if any additional time reasonably required by reason of the laying of the main instead of the service pipe were included in the time allowed by that paragraph for the laying of the service pipe; but

(b) the expenses recoverable by virtue of section 45(6) and subsection (7) above shall not exceed such amount as it would have been reasonable for the undertaker to have incurred in laying a service pipe instead of the main.

47.— Conditions of connection with water main.

(1) Subject to subsection (3) and sections 48 to 50 below, where the owner or occupier of any premises ("the relevant premises") serves a connection notice on a water undertaker, the undertaker may make compliance with one or more of the requirements specified in subsection (2) below a condition of its complying with the duties to which it is subject by virtue of that notice.

(b) a requirement, in a case where the connection required by the connection notice is necessary as a consequence of a disconnection made by reason of any person’s failure to pay any charges, that the person serving the connection notice has paid any amount owed by him to the undertaker—

(i) in respect of a supply of water to the relevant premises; or
(ii) in respect of expenses [reasonably]\(^1\) incurred in the making of the disconnection;

(h) a requirement that every such step has been taken as has been specified in any notice served on any person under section 75 below in relation to the relevant premises.

[ (2A) No condition shall be imposed by a water undertaker under subsection (2)(e) above unless it is reasonable to do so in order to ensure that the undertaker will be able to perform its functions, in relation to the supply of water to the relevant premises or any part of those premises, efficiently. ]

(3) A condition shall not be imposed by a water undertaker under this section on a person who has served a connection notice except by a counter-notice served on that person before the end of the period of fourteen days beginning with the day after the service of the connection notice.

(1) This section applies where the effect of a connection notice served in respect of any house is to require a service pipe to that house to be connected with a water main with which it has previously been connected.
(2) Where this section applies, the water undertaker on which the connection notice is served shall not be entitled to make the reconnection subject to any such condition as, apart from this section, may be imposed by virtue of section 47(2)(e) above unless the undertaker would have been entitled under section 64 below to require the provision of a separate service pipe if the reconnection had already been made.

51.— Time for performance of connection etc. duties.

(1) A water undertaker shall not be in breach of a duty imposed by virtue of the service of a connection notice unless—

   (a) in the case of a duty to lay any service pipe or to connect any service pipe to which such a duty relates, it has failed to lay that pipe or to make that connection as soon as reasonably practicable after the relevant day;

   (b) in the case of a duty to connect a service pipe the whole of which has already been laid when the notice is served on the undertaker, it has failed to make the connection before the end of the period of fourteen days beginning with the relevant day.

(2) In any case in which a water undertaker is subject to any such duty as is mentioned in subsection (1)(a) above, it shall be presumed, unless the contrary is shown in relation to that case, that the period of twenty-one days beginning with the relevant day is the period within which it is reasonably practicable for a water undertaker—

   (a) to lay so much of any service pipe; and

   (b) to fit such stopcock,

as it is necessary to lay or fit in that case for connecting a water main in a street with a service pipe at the boundary of any premises which abut on the part of the street where the main is situated.

(3) Where—

   (a) a connection notice is served in respect of any premises; and

   (b) at the time when the notice is served, the customer's part of the service pipe to those premises has not been laid,

the duties of the undertaker under sections 45 and 46 above shall not arise by virtue of that notice until the person serving the notice, having obtained the necessary consents from the owners and occupiers of any affected land, has, at his own expense, laid so much of the service pipe as it is
necessary, for the purpose of making the connection, to lay otherwise than in a street or in land mentioned in subsections (3) to (5) of section 46 above.

(4) In subsection (3) above the reference to the customer's part of the service pipe to any premises is a reference to so much of the service pipe to those premises as falls to be laid otherwise than by the water undertaker in pursuance of section 46 above.

(5) Where—
   (a) a person who has served a connection notice on a water undertaker has failed to comply with his obligation under section 45(3)(a) above to supplement that notice with information required by the undertaker; and
   (b) that requirement was made by the undertaker at such a time before the end of the period within which the undertaker is required to comply with the duties imposed by virtue of the notice as gave that person a reasonable opportunity to provide the required information within that period,

the undertaker may delay its compliance with those duties until a reasonable time after the required information is provided.

(6) In this section “the relevant day”, in relation to a duty imposed on a water undertaker by virtue of a connection notice, means the day after whichever is the latest of the following days, that is to say—

   (a) the day on which the notice was served on the undertaker;
   (b) in a case where it is necessary for the person serving the notice to lay any service pipe after serving the notice, the day on which a notice stating that the pipe has been laid is served on the undertaker;
   (c) the day on which all such conditions are satisfied as the undertaker has, under sections 47 to 50 above, made conditions of its compliance with that duty.
[51A Agreements to adopt water main or service pipe at future date

(1) Subject to subsections (2) and (10) below, a water undertaker may agree with any person constructing or proposing to construct—
   (a) any water main; or
   (b) any service pipe,
that, if the water main or service pipe is constructed in accordance with the terms of the agreement, the undertaker will, upon completion of the work, at some specified date or on the happening of some future event, declare the water main or (as the case may be) so much of the service pipe as the undertaker could otherwise, by virtue of sections 45 to 51 above, be required to lay, to be vested in that undertaker.

(2) Subsection (1) above shall not apply in the case of water mains or service pipes which are to be used (in whole or in part) for the purpose of supplying water other than for domestic purposes, but—
   (a) nothing in this section shall prevent a water undertaker from agreeing apart from this section to declare any such water main or service pipe (or a part of it, as specified in the agreement) to be vested in the undertaker; and
   (b) such a declaration shall take effect as a declaration made under this Chapter.

(3) A person constructing or proposing to construct a water main or a service pipe to which subsection (1) above applies may make an application in writing to a water undertaker requesting the undertaker to make an agreement under this section.

(4) An application under subsection (3) above shall be accompanied and supplemented by all such information as the undertaker may reasonably require; but subject to subsection (5) below and without prejudice to the effect (if any) of any other contravention of the requirements of this section in relation to such an application, a failure to provide information in pursuance of the obligation to supplement such an application shall not invalidate the application.

(5) Where—
   (a) a person who has made an application to a water undertaker under subsection (3) above has failed to comply with his obligation under this section to supplement that application with information required by the undertaker; and
   (b) that requirement was made by the undertaker at such a time before the end of the period within which the undertaker is required, by virtue of section 51B below, to respond to the application as gave that person a reasonable opportunity to provide the required information within that period,
the undertaker may delay its response to the application until a reasonable time after the required information is provided.

(6) In deciding whether or on what terms to grant an application under subsection (3) above, a water undertaker shall have regard in particular to any effect or potential effect on the quality of water supplies and to any increased danger to life or health which it considers may result.

(7) The terms of an agreement under subsection (1) above relating to a water main may, in particular, include terms—
   (a) for the provision (at the expense of the person constructing or proposing to construct the water main) by—
(i) that person; or
(ii) the water undertaker,
of such associated infrastructure at or downstream of the point of connection with the
undertaker's supply system as it is necessary to provide in consequence of incorporating
the new water main into that system;
(b) providing that, if the water main and the associated infrastructure are constructed in
accordance with the terms of the agreement, the undertaker will, in addition to declaring
the water main to be vested in it, declare the associated infrastructure to be so vested;
(c) where the undertaker considers that the proposed main is, or is likely to be, needed for
the provision of water supply services in addition to those for which the person is proposing
to construct the main—
   (i) requiring that person to construct the main in a manner differing, as regards
       material or size of pipes, depth or otherwise, from the manner in which that person
       proposes, or could otherwise be required by the undertaker, to construct it; and
   (ii) providing for the repayment by the undertaker of any extra expense reasonably
       incurred by that person in complying with that requirement;
(d) for the connection of the new water main to the undertaker’s existing supply system at
   the point or points specified in the agreement;

(1) Subject to section 51A(5) above, a person constructing or proposing to construct a water main or service pipe may appeal to the Authority where the water undertaker—

[51C Financial conditions of compliance]

(1) This section applies where an agreement is, or is to be, entered into under section 51A above in relation to a water main (“the adopted main”) by, or on behalf of, a water undertaker and a person constructing or proposing to construct that water main.

(2) Where this section applies, the water undertaker may, as a condition of the undertaker's compliance with the agreement, require that person to pay to it the costs mentioned in subsection (3) below.

(3) The costs are those reasonably incurred by the undertaker in connection with the adopted main equivalent to the costs referred to in section 43(4)(a) and (b) above, as if references there (and in section 43(5)) to the provision of the new main were references to the incorporation of the adopted main into the undertaker's supply system.

(4) For the purposes of any payment required to be made by virtue of subsection (2) above, the water undertaker may require the person to provide such security as it may reasonably request, and the provisions of subsections (4) and (5) of section 42 above shall apply to any security so required as they apply to security required under that section.

(5) Where this section applies, the water undertaker shall pay to the person referred to in subsection (1) above, upon declaring the water main to be vested in the undertaker, a sum equal to the discounted offset amount.

(6) For the purposes of subsection (5) above, the discounted offset amount is the sum of the estimated offsets for each of the twelve years following the vesting in the undertaker of the water main, in each case discounted in accordance with subsection (9) below.

(7) The estimated offset for any year is the lesser of—
   (a) the estimated revenue (if any) in respect of the adopted main for that year; and
   (b) the annual borrowing costs of a loan of the amount required for the provision of that main.

(8) The amounts referred to in paragraphs (a) and (b) of subsection (7) above shall be calculated in accordance with the provisions of subsections (3) to (5) of section 43A above as if the adopted main had been provided in pursuance of a water main requisition (as defined in section 43 above).

(9) The estimated offset for a year shall be discounted in order to determine its net present value by applying such factor, and in accordance with such other provision, as may be determined by the Authority.

(10) A determination made by the Authority for the purposes of subsection (9) above—
   (a) may be made in relation to a particular water main or in relation to water mains generally; and
(b) may be revoked at any time except in relation to an adopted main in respect of which the agreement referred to in subsection (1) above has already been made.

(11) Any dispute between the water undertaker and the other person as to the payments required to be made or the security required to be provided by virtue of this section may be referred to the Authority for determination under section 30A above by either party to the dispute.

52.—The domestic supply duty.

(1) The domestic supply duty of a water undertaker in relation to any premises is a duty, until there is an interruption of that duty—
   (a) to provide to those premises such a supply of water as (so far as those premises are concerned) is sufficient for domestic purposes; and
   (b) to maintain the connection between the undertaker's water main and the service pipe by which that supply is provided to those premises.

(2) Subject to the following provisions of this section and to section 53 below, a water undertaker shall owe a domestic supply duty in relation to any premises to which this section applies if—
   (a) a demand for a supply of water for domestic purposes has been made, in accordance with subsection (5) below, to the undertaker in respect of those premises; or
   (b) those premises are premises to which this section applies by reason of a supply of water provided before 1st September 1989, and there has been no interruption of the domestic supply duty in relation to those premises since that demand was made or, as the case may be, since the beginning of 1st September 1989.

(3) [Subject to subsection (4A) below, this] section applies to any premises if—
   (a) they consist in the whole or any part of a building and are connected by means of a service pipe to [one of the water undertaker's water mains]; and
   (b) the requirements of subsection (4) below are satisfied in relation to those premises.

(4) The requirements of this subsection are satisfied in relation to any premises if—
   (a) the pipe by means of which the premises are connected to the water main in question was first connected with that main in pursuance of a connection notice served in respect of those premises;
   (b) that pipe was the means by which a supply of water from that main was being supplied to those premises for domestic purposes immediately before 1st September 1989;
   (c) the condition specified in paragraph (b) above would be satisfied in relation to the premises if any service pipe to those premises had not been temporarily disconnected for the purposes of any necessary works which were being carried out immediately before 1st September 1989; or
   (d) the condition specified in any of the preceding paragraphs—
      (i) has been satisfied in relation to the premises at any time on or after 1st September 1989; and
(ii) would continue to be satisfied in relation to the premises had not the whole or any part of a service pipe to those premises, or the main with which such a pipe had been connected, been renewed (on one or more previous occasions).

[(4A) This section does not apply to any premises if—
(a) they are not in the area of the water undertaker \[ or they are in a retail exit area \]^5; and
(b) they are not household premises (as defined in section 17C above); and
(c) the total quantity of water estimated to be supplied to them annually for the purposes of subsection (2) of section 17D above is not less than the quantity specified in that subsection.

]^4

(5) For the purposes of this section a demand in respect of any premises is made in accordance with this subsection if it is made—
(a) by the person who is the occupier of the premises at the time when the demand is made; or
(b) by a person who is the owner of the premises at that time and agrees with the undertaker to pay all the undertaker's charges in respect of the supply demanded.

(6) For the purposes of this section—
(a) there is an interruption of the domestic supply duty owed by a water undertaker in relation to any premises if that supply is cut off by anything done by the undertaker in exercise of any of its disconnection powers, other than a disconnection or cutting off for the purposes of the carrying out of any necessary works; and
(b) a domestic supply duty owed in relation to any premises shall not be treated as interrupted by reason only of a change of the occupier or owner of the premises.

[(6A) For the purposes of this section, there is also an interruption of the domestic supply duty owed by a water undertaker in relation to any premises where—
(a) a notice is served in respect of those premises under section 63AA below; and
(b) the time specified in that notice has passed.

]^6

(7) Nothing in this section shall impose any duty on a water undertaker—
(a) to provide a supply of water directly from, or maintain any connection with, a water main which is a trunk main or is or is to be used solely for the purpose of supplying water otherwise than for domestic purposes; or
(b) to provide a supply of water to any premises, or maintain the connection between a water main and a service pipe to any premises, during any period during which it is reasonable—
(i) for the supply of water to those premises to be cut off or reduced; or
(ii) for the pipe to be disconnected,
for the purposes of the carrying out of any necessary works.

(8) In this section references to the disconnection powers of a water undertaker are references to the powers conferred on the undertaker by any of sections 60 to 62 and 75 below.

(b) having taken any such steps, to provide that supply.
(3) A water undertaker shall not be required by virtue of this section to provide a new supply to any premises, or to take any steps to enable it to provide such a supply, if the provision of that supply or the taking of those steps would—

(b) in default of agreement, by [the Authority] according to what appears to [it] to be reasonable.

(2) Subject to subsection (3) below, [the Authority] shall also determine any dispute arising between any person and a water undertaker by virtue of subsection (3) or (4) of section 55 above.

(3) [The Authority] may, instead of [itself] making a determination under subsection (1) or (2) above, refer any matter submitted to [it] for determination under that subsection to the arbitration of such person as [it] may appoint.

(4) For the purposes of any determination under this section by [the Authority] or any person appointed by [it] it shall be for a water undertaker to show that it should not be required to comply with a request made for the purposes of section 55 above.

(5) The charges in respect of a supply provided in compliance with any request made for the purposes of section 55 above—

(a) shall not be determined by [the Authority] or a person appointed by [it], except in so far as, at the time of the request, no provision is in force by virtue of a charges scheme under section 143 below in respect of supplies of the applicable description; and
(b) in so far they do fall to be determined, shall be so determined having regard to the desirability of the undertaker’s—

(i) recovering the expenses of complying with its obligations under section 55 above; and
(ii) securing a reasonable return on its capital.

(6) To the extent that subsection (5)(a) above excludes any charges from a determination under this section, those charges shall be fixed from time to time by a charges scheme under section 143 below, but not otherwise.

(7) The determination of any matter under this section shall be without prejudice to the provisions of sections 233 and 372 of the Insolvency Act 1986 (conditions of supply after insolvency).

       premises, is connected with any water main of that undertaker; or
   (b) otherwise cut off a supply of water to any premises,

   (b) the Welsh Ministers, in the case of a water undertaker whose area is wholly or mainly in Wales.

(4) The supply of water to any premises by a water undertaker under section 63AC does not prevent a proposed supply to those premises by that undertaker under section 55 from being regarded as a new supply for the purposes of that section.

(5) Where a duty is imposed by section 63AC(2), or by virtue of a direction given under section 63AC(3), in respect of any premises, any breach of the duty which causes the owner or occupier of the premises to sustain loss or damage is actionable at the suit of that owner or occupier.

(6) But in any proceedings brought against a water undertaker or water supply licensee in pursuance of subsection (5), it is a defence for the undertaker or licensee to show that the undertaker or, as the case may be, the licensee took all reasonable steps and exercised all due diligence to avoid the breach.

(7) For the purposes of section 63AC, premises which are outside a water undertaker's area are to be treated as being within that area if they are supplied with water using the undertaker's supply system.

(8) In subsection (7), the reference to the undertaker's supply system is to be construed in accordance with section 17B.

(2) For the purposes of this section “a limiting device”, in relation to any premises, means any device or apparatus which—

(a) is fitted to any pipe by which water is supplied to the premises or a part of the premises, whether that pipe belongs to the undertaker or to any other person, and

(b) is designed to restrict the use which may be made of water supplied to the premises by the undertaker.

(3) An undertaker does not commit an offence under this section by disconnecting a service pipe to any premises or otherwise cutting off a supply of water to the premises.

Means of supply

[64.— Supply by means of separate service pipes.

(1) Subject to the following provisions of this section, a water undertaker may require the provision of a separate service pipe to any premises [...] 1 which—

(a) consist in a house or any other building or part of a building, being, in the case of a part of a building, a part which is separately occupied; and

(b) are already supplied with water by the undertaker but do not have a separate service pipe.

(2) Where the supply of water to two or more houses [ is provided wholly or partly by the same service pipe ] 2 , the water undertaker shall not require the provision of separate service pipes to those houses until—

(a) the service pipe, in so far as it belongs to a person other than the undertaker, becomes so defective as to require renewal or is no longer sufficient to meet the requirements of those houses;
(b) a payment in respect of the supply of water to any of those houses remains unpaid after
the end of the period for which it is due;
(c) the houses are, by structural alterations to one or more of them, converted into a larger
number of houses;
(d) the owner or occupier of any of those houses has interfered with, or allowed another
person to interfere with, the existing service pipe and thereby caused the supply of water
to any house to be interfered with; or
(e) the undertaker has reasonable grounds for believing that such interference as is mentioned
in paragraph (d) above is likely to take place.

[ (2A) Any dispute between a water undertaker and any other person as to whether any condition
of a kind mentioned in subsection (2) above has been complied with may be referred to [ the
Authority ] 4 for determination under section 30A above by either party to the dispute. ] 3

(3) If, in the case of any such premises as are described in subsection (1) above, the water undertaker
which provides a supply of water to those premises serves notice on the consumer requiring the
provision of a separate service pipe and setting out the power of the undertaker under subsection
(4) below—

(a) that consumer shall, within three months after the service of the notice, lay so much of
the required pipe as the undertaker is not under a duty to lay by virtue of paragraph (b)
below;
(b) sections 45 to 51 above shall apply as if that consumer had by a connection notice
required the undertaker to connect the separate service pipe to those premises with the
undertaker's water main;
(c) that consumer shall be presumed, without prejudice to his power to make further demands
and requests—

(i) in so far as those premises were provided before the service of the notice with
a supply of water for domestic purposes, to have made a demand for the purposes
of section 52 above that such a supply is provided by means of the separate service
pipe; and
(ii) in so far as those premises were provided before the service of the notice with
a supply of water for other purposes, to have requested the undertaker to provide
the same supply by means of that pipe as was provided before the service of the
notice;

and
(d) on providing a supply of water to those premises by means of the separate service pipe,
the undertaker may cut off any supply replaced by that supply and may make such
disconnections of pipes by which the replaced supply was provided as it thinks fit.

(4) If a person upon whom a notice has been served for the purposes of subsection (3) above fails
to comply with the notice, the water undertaker may—

(a) itself carry out the works which that person was required to carry out; and
(b) recover the expenses reasonably incurred by the undertaker in doing so from that person.

(5) Without prejudice—

(a) to the power of a water undertaker by virtue of paragraph (b) of subsection (3) above
to impose conditions under section 47 above; or
(b) to the power conferred by virtue of paragraph (d) of that subsection,
any works carried out by a water undertaker by virtue of the provisions of the said paragraph (b) or of subsection (4) above shall be necessary works for the purposes of this Chapter.

[ 66A Wholesale water supply by primary water undertaker ]

(1) This section applies where—

(a) a licensed water supplier requests its primary water undertaker to provide it with a supply of water for the purpose of supplying water to the premises of its customers in accordance with the retail authorisation; and

(b) the premises are in the area of the undertaker.

(2) Where this section applies, it shall be the duty of the primary water undertaker, in accordance with an agreement or determination for such period and containing such terms and conditions as may be provided for under section 66D(2) below—

(a) to take any such steps—

(i) for the purpose of connecting the premises in question with the undertaker's supply system; or

(ii) in respect of that system, as may be so provided for in order to enable the undertaker to provide the requested supply; and

(b) having taken any such steps, to provide that supply.

(3) A primary water undertaker shall not be required by virtue of this section to provide a supply of water to a licensed water supplier, or to take any steps to enable it to provide such a supply, if—

(a) both of the first and second conditions are satisfied; or

(b) the third condition is satisfied.

(4) The first condition is that—

(a) the premises to be supplied by the supplier do not consist in the whole or any part of a building; or
(b) the supply to be made by it to those premises is for purposes other than domestic purposes.

(5) The second condition is that the provision of the supply by the undertaker would—
(a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works; or
(b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a) above.

(6) The third condition is that there is a contravention in relation to the water fittings used or to be used in connection with—
(a) the supply of water to the premises to be supplied by the supplier; or
(b) the use of water in those premises,
of such of the requirements of regulations under section 74 below as are prescribed for the purposes of this subsection.

(7) Where—
(a) a request has been made by a licensed water supplier to its primary water undertaker for the purposes of subsection (1) above; and
(b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
the failure of the undertaker to acquire the necessary authority or agreement shall not affect any liability of the licensed water supplier, under any term or condition in accordance with which those steps are taken, to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps.

(8) A water undertaker is the primary water undertaker of a licensed water supplier for the purposes of this section and section 66C below if the undertaker's supply system is to be used for the purpose of making the supply to premises mentioned in those sections.

(9) In this section and sections 66B and 66C below—
(a) any reference to the supply system of a water undertaker shall be construed in accordance with section 17B(5) above; and
(b) any reference to the retail authorisation shall be construed in accordance with section 17A(2) above.

[66AA  Water supply from water undertaker]

(1) This section applies where a water supply licensee with a retail authorisation (“L”) requests a water undertaker to provide L with a supply of water for the purpose of supplying water to premises that—
   (a) L is to supply in accordance with L’s retail authorisation, and
   (b) are in the area of the undertaker.

(2) This section also applies where a water supply licensee with a restricted retail authorisation (“R”) requests a water undertaker to provide R with a supply of water for the purpose of supplying water to premises that—
   (a) R is to supply in accordance with R’s restricted retail authorisation, and
   (b) are in the area of the undertaker.

(3) Where this section applies, the undertaker must in accordance with a section 66D agreement—
   (a) take such steps in respect of the undertaker’s supply system as may be provided for in that agreement in order to enable the use of the undertaker’s supply system for the purpose in subsection (1) or, as the case may be, subsection (2), and
   (b) having taken such steps, provide the requested supply of water.

(4) A water undertaker is not required by this section to provide a supply of water if both of the first and second grounds apply.

(5) The first ground is that—
   (a) the premises to be supplied by L or, as the case may be, R do not consist in the whole or any part of a building, or
   (b) the supply to be made by L or, as the case may be, R to those premises is for purposes other than domestic purposes.

(6) The second ground is that provision of a supply of water by the water undertaker would—
   (a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works, or
(b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a).

(7) Where—
(a) a request has been made by a water supply licensee for the purposes of subsection (1) or (2), and
(b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,

the failure of the undertaker to acquire the necessary authority or agreement does not affect the liability of the licensee to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps, if the section 66D agreement provides for such liability as regards those steps.

supply of water to any premises in accordance with the retail authorisation is to take place, in connection with that supply; and
(c) the premises are in the area of the undertaker.

(3) Where this section applies, it shall be the duty of the water undertaker, in accordance with an agreement or determination for such period and containing such terms and conditions as may be provided for under section 66D(2) below—
(a) to take any such steps—
(i) for the purpose of connecting the premises in question with the undertaker’s supply system;
(ii) for the purpose of connecting the treatment works of the qualifying licensed water supplier with that system (in a case falling within subsection (1) above);
(iii) for the purpose of connecting with that system any source used by the qualifying licensed water supplier for the purpose of supplying water other than for domestic or food production purposes (in a case falling within subsection (1) above); or
(iv) in respect of that system,
as may be so provided for in order to enable the supplier to make the requested introduction of the water into that system; and
(b) having taken any such steps, to permit the requested introduction of the water into that system.

(4) A water undertaker shall not be required by virtue of this section to permit the introduction of water into its supply system, or to take any steps to enable a qualifying water supplier to make such an introduction, if the first or second condition is satisfied.

(5) The first condition is that permitting the introduction of the water into the water undertaker’s supply system would—
(a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works; or
(b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a) above.

(a) the supply of water to the premises to be supplied by the supplier; or
(b) the use of water in those premises,
of such of the requirements of regulations under section 74 below as are prescribed for the purposes of section 66A(6) above.

(7) Where—
(a) a request has been made by a qualifying licensed water supplier to a water undertaker for the purposes of subsection (1) or (2) above; and
(b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
the failure of the undertaker to acquire the necessary authority or agreement shall not affect any liability of the supplier, under any term or condition in accordance with which those steps are taken,
to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps.

(8) In this section “treatment works”—
   (a) in relation to a water undertaker, means the works designated as treatment works by the Secretary of State for the purposes of section 17B(6) above;
   (b) in relation to a qualifying licensed water supplier, means the works designated from time to time by the Secretary of State as treatment works for the purposes of this paragraph.

66C Wholesale water supply by secondary water undertaker

(1) This section applies where—
   (a) a qualifying licensed water supplier—
      (i) requests a water undertaker other than its primary water undertaker (the “secondary water undertaker”) to provide a supply of water for the purpose of the supplier supplying water, using the primary water undertaker's supply system, to the premises of the supplier’s customers in accordance with the retail authorisation; and
      (ii) requests its primary water undertaker to permit it to introduce that water into its supply system; and
   (b) the premises are in the area of the primary water undertaker.

(2) Where this section applies—
   (a) it shall be the duty of the secondary water undertaker, in accordance with an agreement or determination for such period and containing such terms and conditions as may be provided for under section 66D(2) below—
      (i) to take any such steps in respect of its supply system as may be so provided for in order to enable it to provide the requested supply; and
      (ii) having taken any such steps, to provide that supply; and
   (b) it shall be the duty of the primary water undertaker, in accordance with an agreement or determination for such period and containing such terms and conditions as may be provided for under section 66D(2) below—
      (i) to take any such steps specified in subsection (3) below as may be so provided for in order to enable the licensed water supplier to make the introduction of the requested supply of water into the primary water undertaker's supply system; and
      (ii) having taken any such steps, to permit the introduction of that supply of water into that supply system.

(3) The steps mentioned in subsection (2)(b)(i) above are steps—
   (a) for the purpose of connecting the premises in question with the primary water undertaker's supply system;
   (b) for the purpose of connecting that system with the secondary water undertaker's supply system; or
   (c) in respect of the primary water undertaker's supply system.

(4) If the first or second condition is satisfied—
   (a) a secondary water undertaker shall not be required by virtue of this section to provide a supply of water to a licensed water supplier; and
   (b) a primary water undertaker shall not be required by virtue of this section to permit the introduction of water into its supply system, or to take any steps to enable the licensed water supplier to make such an introduction.

(5) The first condition is that the provision of the supply or permitting the introduction would—
   (a) require the undertaker in question, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works; or
(b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a) above.

(6) This second condition is that there is a contravention in relation to the water fittings used or to be used in connection with—
   (a) the supply of water to the premises to be supplied by the supplier; or
   (b) the use of water in those premises,
of such of the requirements of regulations under section 74 below as are prescribed for the purposes of section 66A(6) above.

(7) Where—
   (a) requests have been made by a licensed water supplier to its primary water undertaker and secondary water undertaker for the purposes of subsection (1) above; and
   (b) the steps which either of those undertakers is required to take by virtue of the request made to it include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
the undertaker's failure to acquire the necessary authority or agreement shall not affect any liability of the licensed water supplier, under any term or condition in accordance with which those steps are taken, to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps.

(8) Any pipe laid in pursuance of subsection (2)(b)(i) above by virtue of subsection (3)(b) above shall be regarded as a water main for the purposes of this Act, subject to any provision to the contrary.

(1) Where [ an area of the [ Strategic Health Authority or ]² Health Authority ]¹ have applied in writing to a water undertaker for the water supplied within an area specified in the application to be fluoridated, that undertaker may, while the application remains in force, increase the fluoride content of the water supplied by the undertaker within that area.

(2) For the purposes of subsection (1) above an application under this section shall remain in force until the [ Strategic Health Authority or ]² Health Authority, after giving reasonable notice to the water undertaker, withdraw it.

(3) The area specified in an application under this section may be the whole, or any part of, the [ area of the [ Strategic Health Authority or ]² Health Authority ]³ making the application.

(4) Where in exercise of the power conferred by this section, the fluoride content of any water is increased, the increase may be effected only by the addition of one or more of the following compounds of fluorine, that is to say—

- hexafluorosilicic acid (H₆SiF₆);
- disodium hexafluorosilicate (Na₂SiF₆).
(5) Any [Strategic Health Authority or Health Authority] making arrangements with a water undertaker in pursuance of an application under this section shall ensure that those arrangements include provisions designed to secure that the concentration of fluoride in the water supplied to consumers in the area in question is, so far as reasonably practicable, maintained at one milligram per litre.

(6) Water to which fluoride has been added by a water undertaker in exercise of the power conferred by this section (with a view to its supply in any area) may be supplied by that or any other undertaker to consumers in any other area if the undertaker or undertakers concerned consider that it is necessary to do so—

(a) for the purpose of dealing with any serious deficiency in supply; or

(b) in connection with the carrying out of any works (including cleaning and maintenance) by the undertaker concerned or, as the case may be, by any of the undertakers concerned.

(7) In subsection (6) above—

(a) the reference to water to which fluoride has been added by a water undertaker in exercise of the power conferred by this section includes a reference to water to which fluoride has been added by a water authority (within the meaning of the Water (Scotland) Act 1980) in exercise of the power conferred by section 1 of the Water (Fluoridation) Act 1985; and

(b) in relation to a supply of such water by a water undertaker, the reference to the water undertakers concerned shall have effect as references to the water undertaker and the water authority concerned.

(8) In this section “serious deficiency in supply” means any existing or threatened serious deficiency in the supply of water (whether in quantity or quality) caused by an exceptional lack of rain or by any accident or unforeseen circumstances.

(9) In this section and the following provisions of this Chapter references to a [Strategic Health Authority or Health Authority] are references to any [Strategic Health Authority or Health Authority] established under section 8 of the National Health Service Act 1977.

Fluoridation of water supplies at request of relevant authorities

(1) If requested in writing to do so by a relevant authority, a water undertaker shall enter into arrangements with the relevant authority to increase the fluoride content of the water supplied by that undertaker to premises within the area specified in the arrangements.

(2) But a water undertaker shall not be required by subsection (1) above to enter into any such arrangements until an indemnity with respect to the arrangements has been given by virtue of section 90 below—

(a) to the water undertaker; and
(b) to any [water supply licensee]² which is entitled to one.

(3) In this section and the following provisions of this Chapter—

(a) references to a relevant authority—

[ (i) in relation to areas in England, are to the Secretary of State; ]³
(ii) in relation to areas in Wales, are to the Assembly; and

(b) references to water supplied by a water undertaker are to water supplied (whether by a water undertaker or a [water supply licensee]³ ) to premises using the supply system of that undertaker.

(3A) The Secretary of State may make a request under subsection (1) only if the Secretary of State is required to do so by section 88G(2) (following the making of a fluoridation proposal in accordance with section 88B).³

(4) The area specified in arrangements under this section may be—

[a] in relation to England, such area as the Secretary of State considers appropriate for the purpose of complying with section 88G(2);³
(b) in relation to Wales, such area comprising the whole or any part of Wales as the Assembly may determine.

(5) The arrangements shall be on such terms as may be agreed between the relevant authority and the water undertaker or, in the absence of agreement, determined in accordance with section 87B below.

(6) Those terms shall include provision—

(a) requiring the relevant authority to meet the reasonable capital and operating costs incurred by the water undertaker in giving effect to the arrangements;
(b) specifying circumstances in which the requirement to increase the fluoride content may be temporarily suspended; and
(c) for the variation of the arrangements at the request of the relevant authority.

(7) The relevant authority shall consult the Authority in relation to the terms to be included in any arrangements under this section (in particular, terms which affect the operation of the water undertaker’s supply system).

(7A) The Secretary of State must, in relation to the terms to be included in any arrangements under this section, consult any local authority whose area includes, coincides with or is wholly or partly within the specified area.

(7B) In this section and the following provisions of this Chapter “local authority” means—

(a) a county council in England;
(b) a district council in England, other than a council for a district in a county for which there is a county council;
(c) a London borough council;
(d) the Common Council of the City of London.

(7C) If the Secretary of State and the Welsh Ministers request a particular water undertaker to enter into arrangements in respect of adjoining areas—
(a) they must co-operate with each other so as to secure that the arrangements (taken together) are operable and efficient; and
(b) if suitable terms are not agreed for all the arrangements, a combined reference may be made by them under section 87B below to enable the terms of each set of arrangements to be determined so that they are consistent.

(7D) If the Secretary of State requests a water undertaker to vary arrangements for an area which adjoins an area in respect of which the Welsh Ministers have made arrangements with the same water undertaker, the Secretary of State must co-operate with the Welsh Ministers so as to secure that following the variation the arrangements (taken together) will be operable and efficient.

(7E) If the Welsh Ministers request a water undertaker to vary arrangements for an area which adjoins an area in respect of which the Secretary of State has made arrangements with the same water undertaker, the Welsh Ministers must co-operate with the Secretary of State so as to secure that following the variation the arrangements (taken together) will be operable and efficient.

(7F) If suitable terms are not agreed for a variation to which subsection (7D) or (7E) applies, a combined reference may be made by the Secretary of State and the Welsh Ministers under section 87B below so that (following the variation) both sets of arrangements are consistent.]

(11) Before carrying out the consultation required by subsection (1) of section 89 below in relation to a step mentioned in paragraph (a), (b) or (c) of subsection (2) of that section, [the Welsh Ministers] shall consult the water undertaker in question as to whether the arrangements which would result from taking that step would be operable and efficient (or, where it is proposed to terminate the arrangements, as to whether it would be reasonably practicable to do so).]

87A Target concentration of fluoride

(1) Arrangements under section 87(1) above shall include provision for securing that, so far as reasonably practicable, the concentration of fluoride in the water supplied to premises in the specified area is maintained at the general target concentration of one milligram per litre.

(2) But the arrangements may provide for the concentration in the specified area (or any part of it) to be lower than that if the relevant authority considers that it is not reasonably practicable to achieve the general target concentration in the specified area (or that part of it).

(3) Any such lower concentration must still be as high as is reasonably practicable in the circumstances.

(3A) If the Secretary of State proposes to—
   (a) make arrangements which provide for the concentration in the specified area (or any part of it) to be lower than the general target concentration, or
   (b) vary existing arrangements so that they so provide,
the Secretary of State shall consult any local authority whose area includes, coincides with or is wholly or partly within the specified area.

(4) If, in relation to any area (“area A”), an order under section 88A(1) below specifies a general target concentration lower than that for which any arrangements effective there provide (or, by the previous operation of this subsection, are taken to provide), the arrangements shall have effect from the coming into force of the order as if they provided for the general target concentration specified in the order (subject to the operation again of subsections (2) and (3) above).

(5) If the result of the operation of subsection (4) above in relation to arrangements in area A is that in an area adjoining area A (“area B”) it is not reasonably practicable to maintain the concentration of fluoride in the water supplied by virtue of arrangements made in area B with the same water undertaker, the order shall be taken to extend also to area B so far as those arrangements are concerned, and subsection (4) above shall apply accordingly.

(6) An order under section 88A(1) below which in relation to any area specifies a general target concentration higher than that for which any arrangements effective there provide (or are taken to provide by virtue of subsection (4) or (5) above) does not have effect to increase the concentration for which the arrangements provide (or are taken to provide).

(7) In this section, “specified area” means the area specified in arrangements under section 87(1) above.

[87B] **Fluoridation arrangements: determination of terms**

(1) This section applies if a relevant authority and a water undertaker fail to agree—
   (a) the terms of arrangements requested by the relevant authority pursuant to subsection (1) of section 87 above; or
   (b) a variation in the terms of those arrangements following a request by the relevant authority pursuant to subsection (6)(c) of that section.

(2) In relation to areas in England (except where subsection (4) below applies)—
   (a) the Secretary of State may—
       (i) determine the terms of the arrangements as the Secretary of State sees fit; or
       (ii) refer the matter for determination by such other person as the Secretary of State considers appropriate; and
   (c) the determination of the Secretary of State or, as the case may be, the other person shall be final.

(3) In relation to areas in Wales (except where subsection (4) below applies)—
   (a) the Assembly may—
       (i) determine the terms of the arrangements itself as it sees fit; or
       (ii) refer the matter for determination by such other person as it considers appropriate; and
   (b) the determination of the Assembly or, as the case may be, the other person shall be final.

(4) Where a combined reference is made under section 87(7C)(b) or 87(7F) above—
   (a) the terms of the arrangements shall be determined by a person appointed by the Secretary of State and the Assembly acting jointly; and
(b) the determination of that person shall be final.

(5) Following determination under this section of the terms to be included in any arrangements—
   (a) the relevant authority shall give notice of the determination to the water undertaker in question; and
   (b) the undertaker shall be deemed to have entered into the arrangements under section 87(1) above on the terms determined under this section with effect from the day after the date of the notice.

(6) References in this Chapter to arrangements entered into under section 87(1) above shall include arrangements deemed to have been entered into under that section by virtue of subsection (5)(b) above.

hexafluorosilicic acid (H$_2$SiF$_6$)

disodium hexafluorosilicate (Na$_2$SiF$_6$).

(3) Subject to subsection (4) below, water to which fluoride has been added pursuant to any such arrangements entered into by a water undertaker (with a view to its supply in an area) may be supplied by that or any other undertaker to premises in any other area (whether or not that other area is the subject of arrangements under section 87(1) above).

(4) Subsection (3) above applies if (and only if) the undertaker or undertakers concerned consider that it is necessary for the water to be supplied in the other area—

(a) for the purpose of dealing with any serious deficiency in supply; or

(b) in connection with the carrying out of any works (including cleaning and maintenance) by the undertaker concerned or, as the case may be, by the undertakers concerned, or by a [ water supply licensee ]$^2$ supplying water using its or their supply system.

(a) the reference, in subsection (3) above, to water to which fluoride has been added pursuant to arrangements includes a reference to water to which fluoride has been added by Scottish Water in exercise of the power conferred by section 1 of the Water (Fluoridation) Act 1985; and

(b) in relation to a supply of such water by a water undertaker, the reference, in subsection (4) above, to the water undertakers concerned shall have effect as references to the water undertaker and Scottish Water.

(6) In subsection (4) above, “serious deficiency in supply” means any existing or threatened serious deficiency in the supply of water (whether in quantity or quality) caused by an exceptional lack of rain or by any accident or unforeseen circumstances.

(7) Arrangements entered into under section 87(1) above shall remain in force until the relevant authority, after giving reasonable notice to the water undertaker, terminates them.

(a) such undertakings as the undertaker may have reasonably required in accordance with subsection (2) [or, as the case may be, subsection (2A)]\(^3\) below have been given by the person or persons who have required the provision of the sewer [or (as the case may be) lateral drain]\(^2\); and

[(a) bind the person or persons mentioned in that subsection to pay to the undertaker either (at the election of such person or persons)—

(i) in respect of each of the twelve years following the provision of the sewer, an amount not exceeding the relevant deficit (if any) for that year on that sewer; or

(ii) following provision of the sewer, a single amount not exceeding the discounted aggregate deficit on that sewer; and

]\(^4\)

(b) in the case of undertakings binding two or more persons, bind them either jointly and severally or with liability to pay apportioned in such manner as they may agree.

[(2A) The undertakings which a sewerage undertaker may require for the purposes of subsection (1) above in respect of any lateral drain are undertakings which—

(a) bind the person or persons mentioned in that subsection to pay to the undertaker, following provision of the lateral drain, on such terms as may be specified in the undertaking, an amount not exceeding the costs reasonably incurred in or in connection with the provision of the lateral drain; and

(b) in the case of undertakings binding two or more persons, bind them either jointly and severally or with liability apportioned in such manner as they may agree.

]\(^5\)

[(3) For the purposes of subsection (1)(b) above a person may be required to secure his undertakings in relation to the provision of a public sewer or, as the case may be, a lateral drain if—

(a) it was by virtue of section 98(2)(a) or (b) or (as the case may be) section 98(2A)(a) or (b) above that he required, or joined in requiring, the provision of the sewer or drain; and
(b) he is not a public authority.

(4) Where for the purposes of subsection (1)(b) above any sums have been deposited with a sewerage undertaker by way of security for the discharge of any obligation, the undertaker shall pay interest at such rate as may be determined either—
   (a) by the undertaker with the approval of [the Authority]; or
   (b) in default of a determination under paragraph (a) above, by [the Authority],
   on every sum of 50p so deposited for every three months during which it remains in the hands of the undertaker.

(5) An approval or determination given or made by [the Authority] for the purposes of subsection (4) above—
   (a) may be given or made in relation to the provision of a particular public sewer or (as the case may be) lateral drain, in relation to the provision of sewers or lateral drains of a particular description or in relation to the provision of public sewers or lateral drains generally; and
   (b) may be revoked at any time.

(6) Any dispute between a sewerage undertaker and any other person as to—
   (a) the undertakings or security required by the undertaker for the purposes of this section; or
   (b) the amount required to be paid in pursuance of any such undertaking,
   may be referred to the Authority for determination under section 30A above by either party to the dispute.

(7) In this section “relevant deficit” and “discounted aggregate deficit” have the meanings given by sections 100 and 100A below, respectively.
100.— Calculation of “relevant deficit” for the purposes of section 99.

(1) For the purposes of section 99 above the relevant deficit for any year on a public sewer is the amount (if any) by which the drainage charges payable for the use during that year of that sewer are exceeded by the annual borrowing costs of a loan of the amount required for the provision of that sewer.

(2) The annual borrowing costs of a loan of the amount required for the provision of a public sewer is the aggregate amount which would fall to be paid in any year by way of payments of interest and repayments of capital if an amount equal to so much of the costs reasonably incurred in providing that sewer as were not incurred in the provision of additional capacity had been borrowed, by the sewerage undertaker providing the sewer, on terms—
   (a) requiring interest to be paid and capital to be repaid in twelve equal annual instalments; and
   (b) providing for the amount of the interest to be calculated at such rate, and in accordance with such other provision, as may have been determined for the purposes of this subsection.

(3) A determination for the purposes of subsection (2) above shall be made either—
   (a) by the undertaker with the approval of [the Authority]; or
   (b) in default of such a determination, by [the Authority].

(4) For the purposes of this section the costs reasonably incurred in providing a public sewer (“the new sewer”) shall include—
   (a) the costs reasonably incurred in providing such other public sewers and such pumping stations as it is necessary to provide in consequence of the provision of the new sewer; and
   (b) such proportion (if any) as is reasonable of the costs reasonably incurred in providing any such additional capacity in an earlier public sewer as falls to be used in consequence of the provision of the new sewer.

(5) In subsection (4) above the reference to an earlier public sewer, in relation to the new sewer, is a reference to any public sewer which—
   (a) has been provided in the period of twelve years immediately before the provision of the new sewer; and
   (b) was so provided in pursuance of a public sewer requisition.

(6) Any reference in this section to the provision of additional capacity in a public sewer provided in pursuance of a requirement under any enactment is a reference to such works carried out or other things done in connection with the provision of that sewer as are carried out or done for the purpose of enabling that sewer to be used for purposes in addition to those for which it is necessary to provide the sewer in order to comply with the requirement.
(7) Any reference in this section to the drainage charges payable for the use during any year of any sewer provided by a sewerage undertaker is a reference to so much of the aggregate of any charges payable to the sewerage undertaker in respect of services provided in the course of that year as represents charges which—
   (a) have been imposed by the undertaker in relation to such of the premises connected with that sewer as are premises where there are buildings; and
   (b) are reasonably attributable to the use of that sewer for the drainage for domestic sewerage purposes of those premises or to the disposal of effluent drained for any such purpose from those premises.

(8) An approval or determination given or made by [ the Authority ]
   
   1
   2

   for the purposes of subsection (2) above—
   (a) may be given or made in relation to the provision of a particular public sewer, in relation to the provision of sewers of a particular description or in relation to the provision of public sewers generally; and
   (b) may be revoked at any time except in relation to a public sewer [ in respect of which the conditions referred to in section 99(1) above have already been satisfied. ]

(9) In this section “public sewer requisition” means—
   (a) a requirement under section 98 above (including, by virtue of paragraph 1 of Schedule 2 to the Water Consolidation (Consequential Provisions) Act 1991, a requirement under section 71 of the Water Act 1989);
   (b) a requirement under the provisions of section 16 of the Water Act 1973 (sewer requisitions); or
   (c) a requirement under any local statutory provision corresponding to section 98 above or to any of the provisions of that section 16.

[100A Calculation of “discounted aggregate deficit” for the purposes of section 99](#)

(1) For the purposes of section 99 above the discounted aggregate deficit on a public sewer is the amount equal to the sum of the estimated relevant deficits for each of the twelve years following the provision of the sewer, in each case discounted in accordance with subsection (6) below.

(2) The estimated relevant deficit for any year is the amount (if any) by which the estimated drainage charges payable for the use during that year of that sewer would be exceeded by the annual borrowing costs of a loan of the amount required for the provision of that sewer.

(3) Subsections (2) to (6), (8) and (9) of section 100 above (which relate to the annual borrowing costs of a loan of the amount required for the provision of a public sewer) shall apply for the purposes of this section as they apply for the purposes of that section.

(4) Any reference in this section to the estimated drainage charges payable for the use during any year of any sewer is a reference to so much of the aggregate of any charges expected to be payable to the sewerage undertaker for the provision of services in the course of that year as would represent charges—

(a) imposed by the undertaker in relation to such of the premises with which the sewer is expected to be connected as are premises where there are buildings; and

(b) reasonably attributable to the use of that sewer for the drainage for domestic sewerage purposes of those premises or to the disposal of effluent drained for any such purposes from those premises.

(5) For the purposes of subsection (4) above, a thing is expected to be the case if, at the time the relevant calculation is made, it is reasonably likely to occur.

(6) The estimated relevant deficit for a year mentioned in subsection (1) above shall be discounted in order to determine its net present value by applying such factor, and in accordance with such other provision, as may be determined by the Authority.

(7) A determination made by the Authority for the purposes of subsection (6) above—

(a) may be made in relation to the provision of a particular public sewer or in relation to the provision of public sewers generally; and

(b) may be revoked at any time except in relation to a public sewer in respect of which the conditions referred to in section 99(1) above have already been satisfied.

Notes

1 Added by Environment Act 1995 c. 25 Sch.22 para.103 (February 1, 1996 for the purpose of conferring power to issue guidance or making provision in relation to the exercise of that power; April 1, 1996 otherwise)

[Law In Force]

[ 101A.— Further duty to provide sewers. ]

(1) Without prejudice to section 98 above, it shall be the duty of a sewerage undertaker to provide a public sewer to be used for the drainage for domestic sewerage purposes of premises in a particular locality in its area if the conditions specified in subsection (2) below are satisfied.

(2) The conditions mentioned in subsection (1) above are—

(a) that the premises in question, or any of those premises, are premises on which there are buildings [...] ;
(b) that the drains or sewers used for the drainage for domestic sewerage purposes of the premises in question do not, either directly or through an intermediate drain or sewer, connect with a public sewer; and
(c) that the drainage of any of the premises in question [...] is giving, or is likely to give, rise to such adverse effects to the environment or amenity that it is appropriate, having regard to any guidance issued under this section by the Secretary of State and all other relevant considerations, to provide a public sewer for the drainage for domestic sewerage purposes of the premises in question.

(3) Without prejudice to the generality of subsection (2)(c) above, regard shall be had to the following considerations, so far as relevant, in determining whether it is appropriate for any sewer to be provided by virtue of this section—

(a) the geology of the locality in question or of any other locality;
(b) the number of premises, being premises on which there are buildings, which might reasonably be expected to be drained by means of that sewer;
(c) the costs of providing that sewer;
(d) the nature and extent of any adverse effects to the environment or amenity arising, or likely to arise, as a result of the premises or, as the case may be, the locality in question not being drained by means of a public sewer; and
(e) the extent to which it is practicable for those effects to be overcome otherwise than by the provision (whether by virtue of this section or otherwise) of public sewers, and the costs of so overcoming those effects.

(4) Guidance issued by the Secretary of State under this section may—
(a) relate to how regard is to be had to the considerations mentioned in paragraphs (a) to (e) of subsection (3) above;
(b) relate to any other matter which the Secretary of State considers may be a relevant consideration in any case and to how regard is to be had to any such matter;
(c) set out considerations, other than those mentioned in paragraphs (a) to (e) of subsection (3) above, to which (so far as relevant) regard shall be had in determining whether it is appropriate for any sewer to be provided by virtue of this section;
(d) relate to how regard is to be had to any such consideration as is mentioned in paragraph (c) above;
(e) without prejudice to paragraphs (a) to (d) above, relate to how a sewerage undertaker is to discharge its functions under this section.

(5)
(a)-(c) [...]³
[The ³ Secretary of State shall arrange for any guidance issued by him under this section to be published in such manner as he considers appropriate.

(6) Subject to the following provisions of this section, the duty of a sewerage undertaker by virtue of subsection (1) above shall be enforceable under section 18 above—
(a) by the Secretary of State; or
(b) with the consent of or in accordance with a general authorisation given by the Secretary of State, by [ the Authority ]⁴.

(7) [ Subsections (7A) and (7B) apply where there is a dispute ]⁵ between a sewerage undertaker and an owner or occupier of any premises in its area as to—
(a) whether the undertaker is under a duty by virtue of subsection (1) above to provide a public sewer to be used for any such drainage of those premises as is mentioned in that subsection;
(b) the domestic sewerage purposes for which any such sewer should be provided; or
(c) the time by which any such duty of the undertaker should be performed [. ]⁶

[ […]⁶

[ (7A) The dispute is to be determined by the appropriate person and may be referred to the appropriate person for determination by either of the parties to the dispute.

(7B) If the dispute is between a sewerage undertaker and an owner or occupier of premises in Wales, the NRBW must provide advice in relation to any of the matters mentioned in subsection (7)(a) to (c) if so requested by—
(a) either of the parties to the dispute, or
(b) the appropriate person.

(7C) Any advice provided by the NRBW under subsection (7B) must be provided to both parties to the dispute and to the appropriate person. ]⁷
(8) The [appropriate person]⁸—
   (a) shall notify the parties of the reasons for its decision on any dispute referred to it under [subsection (7A)]⁹ above; and
   (b) may make any such recommendations, or give any such guidance, relating to or in connection with the drainage of the premises or locality in question as it considers appropriate.

(9) The decision of the [appropriate person]⁸ on any dispute referred to it under [subsection (7A)]⁹ above shall be final.

(10) A sewerage undertaker shall only be taken to be in breach of its duty under subsection (1) above where, and to the extent that, it has accepted, or the [appropriate person]⁸ has determined under this section, that it is under such a duty and where any time accepted by it, or determined by the [appropriate person]⁸ under this section, as the time by which the duty is to that extent to be performed has passed.

(11) In this section [“the appropriate person”]⁸ means—
   (a) the Environment Agency, in relation to disputes between sewerage undertakers and owners or occupiers of premises in England;
   (b) [the Welsh Ministers]¹¹, in relation to disputes between sewerage undertakers and owners or occupiers of premises in Wales [], or such person as the Welsh Ministers may from time to time appoint as the appropriate person in relation to such disputes]¹².

(12) A person may be appointed as the appropriate person under subsection (11)(b) only if the person is independent of the NRBW.

(13) A person is independent of the NRBW for the purposes of subsection (12) if the person is—
   (a) an individual who is not a member of the NRBW or the NRBW's staff, or
   (b) a body none of whose members is a member of the NRBW or the NRBW's staff.

102.--- Adoption of sewers and disposal works.

(1) Subject to the following provisions of this section and to sections 103, 105 and 146(3) below, a sewerage undertaker may at any time declare that—

shall, as from such date as may be specified in the declaration, become vested in the undertaker.

(2) The owner, or any of the owners, of any sewer [...], lateral drain [...], or sewage disposal works with respect to which a sewerage undertaker might make a declaration under this section may make an application to that undertaker requesting it to make a declaration under this section with respect to the sewer [...], lateral drain [...], or works.

(3) A declaration or application under this section may be made with respect to a part only of a sewer.

(b) shall take no further action in the matter until two months have elapsed without an appeal against the proposal being lodged under section 105 below or, as the case may be, until any appeal so lodged has been determined.

(5) A sewerage undertaker, in deciding whether a declaration should be made under this section, shall have regard to all the circumstances of the case and, in particular, to the following considerations, that is to say—

(a) whether the sewer or works in question is or are adapted to, or required for, any general system of sewerage or sewage disposal which the undertaker has provided, or proposes to provide, for the whole or any part of its area;
(b) whether the sewer[ or lateral drain] is constructed under a highway or under land reserved by a planning scheme for a street;

(d) the method of construction and state of repair of the sewer[ or lateral drain] or works; and
(e) in a case where an owner objects, whether the making of the proposed declaration would be seriously detrimental to him.

(6) Any person who immediately before the making of a declaration under this section was entitled to use the sewer[ or lateral drain] in question shall be entitled to use it, or any sewer[ or lateral drain] substituted for it, to the same extent as if the declaration had not been made.

(7) No declaration may be made under this section in respect of any sewer or works the construction of which was completed before 1st October 1937.

110.— Determination of disputes with respect to cross boundary sewers.

(1) Where any part of a sewer is vested in a sewerage undertaker by virtue of section 70 of the
    Water Act 1989 (cross boundary sewers), the terms on which that part of that sewer—
       (a) communicates with such parts of that sewer or of any other sewer; or
       (b) discharges into any such sewage disposal works,
       as immediately before 1st September 1989 were vested in the same water authority as that

[110A Main connections]

This section applies where—
(a) a qualifying person requests a sewerage undertaker to permit a main connection into the established undertaker's sewerage system for the benefit of the qualifying person, or
(b) a sewerage undertaker proposes such an arrangement; and references in this section to the established undertaker are references to the sewerage undertaker who is to permit the main connection.

In this section “qualifying person” means—
(a) a sewerage undertaker, or
(b) a person who has made an application for an appointment or variation under section 8 which has not been determined.

On the application of the qualifying person or the established undertaker, the Authority may—
(a) if it appears to the Authority that it is necessary or expedient for the purposes of this Part that the established undertaker should permit a main connection into its sewerage system, and
(b) if the Authority is satisfied that the established undertaker and qualifying person cannot reach agreement, by order require the established undertaker to permit the connection for such period and on such terms and conditions as may be specified in the order.

Before making an order under subsection (3), the Authority must consult the appropriate agency.

Subject to subsection (6), an order under subsection (3) has effect as an agreement between the established undertaker and the qualifying person.
(6) If the Authority makes an order under subsection (3) on the application of a person who is a qualifying person by virtue of subsection (2)(b), the Authority must frame the order so that it does not have effect until—
   (a) the person becomes a sewerage undertaker for the area specified in the order, or
   (b) the person becomes a sewerage undertaker for an area that includes the area specified in the order (in the case of a sewerage undertaker applying for a variation).

(7) Neither the CMA nor the Authority may exercise, in respect of an agreement with a sewerage undertaker for it to permit a main connection into its sewerage system for the benefit of a qualifying person, the powers conferred by—
   (a) section 32 of the Competition Act 1998 (directions in relation to agreements);
   (b) section 35(2) of that Act (interim directions).

(8) Subsection (7)(b) does not apply to the exercise of powers in respect of conduct—
   (a) which is connected with such agreement as is mentioned in subsection (7), and
   (b) in respect of which section 35(1) of the Competition Act 1998 applies because of an investigation under section 25 of that Act relating to a suspected infringement of the Chapter 2 prohibition imposed by section 18(1) of that Act.

(9) In exercising its functions under this section, the Authority must have regard to the desirability of—
   (a) facilitating effective competition within the sewerage services industry;
   (b) the established undertaker's recovering the expenses of complying with its obligations by virtue of this section and securing a reasonable return on its capital;
   (c) the established undertaker's being able to meet its existing obligations, and likely future obligations, to provide sewerage services without having to incur unreasonable expenditure in carrying out works;
   (d) not putting at risk the ability of the established undertaker to meet its existing obligations, or likely future obligations, to provide such services.

(10) In this section and section 110B “the appropriate agency”, in relation to a determination whether to make an order under subsection (3) or section 110B(1) which would result in, or which would vary or terminate, a main connection agreement, means—
   (a) the Environment Agency, in a case where all parties to the main connection agreement are or would be—
      (i) a sewerage undertaker whose area is wholly in England, or
      (ii) a person who would, if the person's application for an appointment or variation is determined in accordance with the application, be such a sewerage undertaker;
   (b) the NRBW, in a case where all parties to the main connection agreement are or would be—
      (i) a sewerage undertaker whose area is wholly in Wales, or
      (ii) a person who would, if the person's application for an appointment or variation is determined in accordance with the application, be such a sewerage undertaker;
   (c) both the Environment Agency and the NRBW, in any other case.

(11) In this section and sections 110B to 110J—
   “main connection” means—
   (a) a connection between a sewer or disposal main and a sewer or disposal main, or
(b) a connection which allows a sewer or disposal main to discharge directly into a sewage disposal works;

“main connection agreement” means an agreement with one or more sewerage undertakers for that undertaker or each of them to permit a main connection into its sewerage system and includes—
(a) an order under subsection (3) which is deemed to be an agreement by virtue of subsection (5), and
(b) any agreement which has been varied by order under section 110B(1).

110B Variation and termination of main connection agreements

(1) On the application of any party to a main connection agreement, the Authority may—
(a) if it appears to the Authority that it is necessary or expedient for the purpose of this Part that the main connection agreement should be varied or terminated, and
(b) if the Authority is satisfied that variation or termination cannot be achieved by agreement, by order vary or terminate the main connection agreement.

(2) Before making an order under subsection (1), the Authority must consult the appropriate agency.

(3) If an order under subsection (1) is made in relation to a main connection agreement, the agreement—
(a) has effect subject to the provision made by the order, or
(b) ceases to have effect (as the case may be).

(4) An order under subsection (1) may require any party to the agreement to pay compensation to any other party.

(5) Neither the CMA nor the Authority may exercise, in respect of an agreement to vary or terminate a main connection agreement, the powers conferred by—
(a) section 32 of the Competition Act 1998 (directions in relation to agreements);
(b) section 35(2) of that Act (interim directions).

(6) Subsection (5)(b) does not apply to the exercise of powers in respect of conduct—
(a) which is connected with an agreement to vary or terminate a main connection agreement, and
(b) in respect of which section 35(1) of the Competition Act 1998 applies because of an investigation under section 25 of that Act relating to a suspected infringement of the Chapter 2 prohibition imposed by section 18(1) of that Act.
(7) In exercising its functions under this section, the Authority must have regard to the expenses incurred by the established undertaker in complying with its obligations under the main connection agreement in question and to the desirability of—
   (a) facilitating effective competition within the sewerage services industry;
   (b) the established undertaker’s recovering the expenses of complying with its obligations by virtue of this section and securing a reasonable return on its capital;
   (c) the established undertaker's being able to meet its existing obligations, and likely future obligations, to provide sewerage services without having to incur unreasonable expenditure in carrying out works;
   (d) not putting at risk the ability of the established undertaker to meet its existing obligations, or likely future obligations, to provide such services.

(8) In this section and sections 110C to 110J “established undertaker”, in relation to a sewerage agreement, means the sewerage undertaker which is required by the agreement to permit a main connection into its sewerage system.

(4) In subsection (3) “section 142(2)(b) agreement” means an agreement to which section 142(2)(b) applies.

(5) If the Authority considers that a sewerage undertaker is not acting as required by rules under this section, the Authority may—

(6) It is the duty of a sewerage undertaker or a sewerage licensee to comply with a direction under subsection (5), and this duty is enforceable by the Authority under section 18.

(7) The rules may—
   (a) make different provision for different persons or descriptions of person;
   (b) make different provision for different purposes;
   (c) make provision subject to exceptions.

(8) The Authority may from time to time revise rules issued under this section and issue revised rules.

(a) the sewer or sewers into which the trade effluent may be discharged;
(b) the nature or composition of the trade effluent which may be discharged;
(c) the maximum quantity of trade effluent which may be discharged on any one day, either generally or into a particular sewer; and
(d) the highest rate at which trade effluent may be discharged, either generally or into a particular sewer.

(2) Conditions with respect to all or any of the following matters may also be attached under this section to a consent to the discharge of trade effluent from any trade premises—

(j) the making of returns and giving of other information to the sewerage undertaker concerning the volume, rate of discharge, nature and composition of any trade effluent discharged from the trade premises into the sewer.

(3) A case falls within this subsection where the sewerage undertaker is satisfied that the constituent in question, either alone or in combination with any matter with which it is likely to come into contact while passing through any sewers—

(b) in the case of trade effluent which is to be or is discharged—

(i) into a sewer having an outfall in any harbour or tidal water; or
(ii) into a sewer which connects directly or indirectly with a sewer or sewage disposal works having such an outfall,
would cause or tend to cause injury or obstruction to the navigation on, or the use of, the harbour or tidal water.

(4) In the exercise of the power conferred by virtue of subsection (2)(e) above, regard shall be had—
   (a) to the nature and composition and to the volume and rate of discharge of the trade effluent discharged;

143.— Charges schemes.

(1) A relevant undertaker may make a scheme (“a charges scheme”) which [has effect in relation to a specified period of twelve months and ] has any one or more of the following, that is to say—

(a) fixes the charges to be paid for any services provided by the undertaker in the course of carrying out its functions;

(b) in the case of a sewerage undertaker, requires such charges as may be fixed by the scheme to be paid to the undertaker where, in the circumstances set out in the scheme—

(i) a notice containing an application for a consent is served on the undertaker under section 119 above;

(ii) such a consent as is necessary for the purposes of Chapter III of Part IV of this Act is given by the undertaker; or

(iii) a discharge is made in pursuance of such a consent;

and

(c) makes provision with respect to the times and methods of payment of the charges fixed by the scheme.

(2) The persons who may be required by a charges scheme to pay any charge fixed by virtue of subsection (1)(b) above shall be the person who serves the notice, the person to whom the consent is given or, as the case may be, any person who makes a discharge in pursuance of the consent at any time during the period to which, in accordance with the scheme, the charge relates.

(3) A charges scheme which requires the payment of charges where a discharge has been made in pursuance of such a consent as is mentioned in subsection (1)(b) above may impose—

(a) a single charge in respect of the whole period for which the consent is in force;

(b) separate charges in respect of different parts of that period; or

(c) both such a single charge and such separate charges.

[(3A) A sewerage undertaker is under a duty to ensure that any charges scheme made by the undertaker, so far as having effect to recover the undertaker's costs of providing a sewer by virtue of its duty under section 101A(1) above, causes those costs to be borne by the undertaker's customers generally; and a sewerage undertaker's duty under this subsection shall be enforceable under section 18 above—

(a) by the Secretary of State; or

(b) with the consent of or in accordance with a general authorisation given by the Secretary of State, by [the Authority] ³.

different circumstances or localities; and
(b) contain supplemental, consequential and transitional provision for the purposes of the
scheme;

and such a scheme may revoke or amend a previous charges scheme.

(5) Nothing in any charges scheme shall affect—

(a) any power of a relevant undertaker [in a case not falling within section 142(2A) above]4 to enter into such an agreement with any person in any particular case as determines the
charges to be made for the services provided to that person by the undertaker; or
(b) the power of a sewerage undertaker to enter into any agreement under section 129 above

on terms that provide for the making of payments to the undertaker.

[ 6] If the Authority considers that a relevant undertaker's charges scheme does not comply with—

(a) subsection (2), (3) or (5),
(b) regulations under section 143A,
(c) rules under section 143B, or
(d) section 144A(9), (10) or (11)(a),

the Authority may give the undertaker a direction to do, or not to do, a thing specified in the
direction.

(6A) The Authority must issue rules (and, if it revises rules it has issued, must issue revised rules)
about consulting the Council about proposed charges schemes.

(6B) The rules must require a relevant undertaker that proposes to make a charges scheme to consult
the Council about its proposed scheme.

(6C) If the Authority considers that a relevant undertaker has not complied with those rules, it may
give the undertaker a direction to do, or not to do, a thing specified in the direction.

(6D) It is the duty of a relevant undertaker to comply with a direction under subsection (6) or (6C),

(4) The Minister may from time to time revise the guidance and issue revised guidance.

(5) Subsections (2) and (3) apply to revised guidance as they apply to the original guidance.

(6) The Minister must arrange for the publication of guidance issued under this section.

(7) In this section “the Minister” means—

144.— Liability of occupiers etc. for charges.

(1) Subject to the following provisions of this section and except in so far as provision to the contrary is made by any agreement to which the undertaker is a party—
   (a) supplies of water provided by a water undertaker shall be treated for the purposes of this Chapter as services provided to the occupiers for the time being of any premises supplied; and
   (b) sewerage services provided by a sewerage undertaker shall be treated for the purposes of this Chapter as provided to the occupiers for the time being of any premises which—
      (i) are drained by a sewer or drain connecting, either directly or through an intermediate sewer or drain, with such a public sewer of the undertaker as is provided for foul water or surface water or both; or
      (ii) are premises the occupiers of which have, in respect of the premises, the benefit of facilities which drain to a sewer or drain so connecting.

(2) Subject to subsection (3) below, charges which, under the preceding provisions of this Chapter, are fixed in relation to any premises by reference to volume may be imposed so that a person is made liable in relation to those premises to pay charges for services provided by a relevant undertaker after that person has ceased to be the occupier of the premises.
(3) A person shall not be made liable by virtue of subsection (2) above for any charges fixed in relation to any premises by any relevant undertaker, except where—
   (a) he fails to inform the undertaker of the ending of his occupation of the premises at least two working days before he ceases to occupy them; and
   (b) the charges are in respect of a period ending no later than with the first relevant day.

(4) For the purposes of subsection (3) above, “the first relevant day”, in relation to a case in which a person has ceased to be the occupier of any premises in relation to which charges are fixed by a relevant undertaker, means whichever of the following first occurs after he ceases to occupy the premises, that is to say—
   (a) where that person informs the undertaker of the ending of his occupation of the premises less than two working days before, or at any time after, he ceases to occupy them, the twenty-eighth day after he so informs the undertaker;
   (b) any day on which any meter would normally have been read in order for the amount of the charges to be determined;
   (c) any day on which any other person informs the undertaker that he has become the new occupier of the premises.

(5) Where—
   (a) any person who is the occupier of any premises to which a supply of water is provided by a water undertaker has served notice on the undertaker for the purposes of section 62 above; and
   (b) that notice is given otherwise than in connection with that person's ceasing to be the occupier of the premises in a case in which provision is made by virtue of subsection (2) above for a person who has ceased to be the occupier of the premises to be made liable for any charges,
then, notwithstanding that that person continues to be the occupier of those premises, he shall not be liable to the undertaker (otherwise than in pursuance of a demand for a supply made since the service of the notice) for any charges in respect of any supply of water to those premises after the appropriate time.

(6) In subsection (5) above “the appropriate time”, in relation to a case in which a notice has been served for the purposes of section 62 above, means whichever is the later of—
   (a) the expiry of the notice; and
   (b) the end of the period of two working days beginning with the service of the notice.

(7) In this section any reference to two working days is a reference to a period of forty-eight hours calculated after disregarding any time falling on—
   (a) a Saturday or Sunday; or
   (b) Christmas Day, Good Friday or any day which is a bank holiday in England and Wales under the Banking and Financial Dealings Act 1971.

(8) Where, in the case of any premises—
   (a) the person who was liable, immediately before 1st September 1989, to pay charges in respect of a supply of water to those premises was the owner of those premises, rather than the occupier;
   (b) that person was so liable (under section 54 of Schedule 3 to the Water Act 1945 or any other local statutory provision) otherwise than by virtue of an agreement; and
   (c) the person who was in fact the occupier of the premises on that date has not ceased to be the occupier before the coming into force of this Act,
then the person who is the owner from time to time of those premises shall continue, until the person mentioned in paragraph (c) above does cease to be the occupier of the premises, to be the person liable and, accordingly, shall be treated for the purposes of this section as if he were the occupier of the premises.

[144A.— Right of consumer to elect for charging by reference to volume.]

(1) Where—
   (a) water is supplied by a water undertaker to premises in which, or in any part of which, a person has his home, and
   (b) charges in respect of those premises are fixed by virtue of any charges scheme under section 143 above without reference to the volume of water supplied,
the consumer may at any time give the undertaker a notice (in this section referred to as a “measured charges notice”) requiring the undertaker to fix charges in respect of the supply by reference to the volume of water supplied.

(2) Subject to subsection (3) below, a water undertaker must give effect to a measured charges notice before the end of a period determined in accordance with the undertaker's charges scheme.

(3) A water undertaker is not obliged to give effect to a measured charges notice if—
   (a) it is not reasonably practicable to fix charges in respect of the premises by reference to the volume of water supplied, or
   (b) to do so would involve the incurring by the undertaker of unreasonable expense.

(4) Any dispute between a water undertaker and a consumer as to the application of paragraph (a) or (b) of subsection (3) above may be referred to [the Authority]² for determination under section 30A above by either party to the dispute.

(5) Where—
   (a) either the conditions in subsection (6) below or the conditions in subsection (7) below are satisfied in relation to premises in respect of which a measured charges notices has been given, and
   (b) such other conditions as may be prescribed are also satisfied in relation to the premises,
the consumer may, at any time before the end of the period of twelve months beginning with the day on which the supply began to be measured by volume for charging purposes, revoke the measured charges notice by notice to the water undertaker.

(6) The conditions in this subsection are—
   (a) that the person who gave the measured charges notice had not given any previous measured charges notice in relation to the premises, and
   (b) that he remains the consumer in respect of the premises.

(7) The conditions in this subsection are—
   (a) that the person who gave the measured charges notice has, since the notice was given, ceased to be the consumer in respect of the premises,
   (b) that neither he nor the person who has become the consumer had given any previous measured charges notice in respect of the premises, and
(c) that any person who was in occupation of the premises when the measured charges notice was given remains in occupation.

(8) Where a measured charges notice has been revoked under subsection (5) above, the water undertaker must—
   (a) if reasonably practicable, before the end of the period of twelve months referred to in that subsection, or
   (b) in any other case, as soon as reasonably practicable after the end of that period,
   revert to fixing the charges for the supply in respect of the premises without reference to the volume of water supplied.

(9) If and so long as a water undertaker is obliged under subsection (2) above to fix charges for the supply of water in respect of any premises by reference to the volume of water supplied, a sewerage undertaker is under a corresponding obligation to fix charges in respect of foul water drainage provided by the sewerage undertaker in respect of those premises by reference to that volume.

(10) If a water undertaker is obliged under subsection (8) above to fix charges without reference to volume, a sewerage undertaker is under a corresponding obligation in respect of charges for services provided by it.

(11) Any charges scheme under section 143 above—
   (a) must contain provision for determining the period mentioned in subsection (2) above, and
   (b) shall have effect subject to the preceding provisions of this section.

166.— Consents for certain discharges under section 165.

(1) Except in an emergency, no discharge through any pipe the diameter of which exceeds two hundred and twenty-nine millimetres shall be made under section 165 above except with the consent of [the appropriate agency]¹ and of any navigation authority which carries out functions in relation to—
   (a) the part of the watercourse where the discharge is made; or
   (b) any part of that watercourse which is less than three miles downstream from the place of the discharge.

(2) Where a water undertaker makes an application to any authority for a consent for the purposes of this section—
   (a) that application shall be accompanied or supplemented by all such information as that authority may reasonably require; and
   (b) the undertaker shall serve a copy of the application, and of any consent given on that application, on every person who—

(2) Subject to the following provisions of this section, the Secretary of State may, on an application under subsection (1) above, by order made by statutory instrument—

(a) confer such compulsory powers; and

(b) grant such authority,

as he considers necessary or expedient for the purpose of enabling any engineering or building operations or discharges of water to be carried out or made for the purposes of, or in connection with, the carrying out of the functions with respect to which the application was made.

[ (2A) The Secretary of State may not exercise the power under subsection (2) in respect of anything to be done in England. ]2

   (b) it appears to him that the works to be carried out may permanently affect the area in which they are situated and are not primarily intended to benefit the inhabitants of that area, he may include in the order provision with respect to facilities for recreation or other leisure-time occupation for the benefit of those inhabitants.

(6) Nothing in any compulsory works order shall exempt any water undertaker from any restriction imposed by Chapter II of Part II of the Water Resources Act 1991 (abstraction and impounding of water).

(7) It is hereby declared that a compulsory works order may grant authority for discharges of water by a water undertaker where the undertaker has no power to take water, or to require discharges to be made, from the inland waters or other source from which the discharges authorised by the order are intended to be made; but nothing in so much of any such order as grants authority for any discharges of water shall have the effect of conferring any such power.

(3) Where a scheme under this Schedule is submitted to the Secretary of State or [the Authority]² for [his or its]³ approval, [he or it]¹³ may, with the consent of the new appointee [and the existing appointee]¹ modify the scheme before approving it.

(4) If at any time after a scheme under this Schedule has come into force in relation to the property, rights and liabilities of any company the Secretary of State considers it appropriate to do so and the existing appointee [and the new appointee]¹³ consent to the making of the order, the Secretary of State may by order provide that that scheme shall for all purposes be deemed to have come into force with such modifications as may be specified in the order.
(5) An order under sub-paragraph (4) above may make, with effect from the coming into force of the scheme to which it relates, any such provision as could have been made by the scheme and, in connection with giving effect to that provision from that time, may contain such supplemental, consequential and transitional provision as the Secretary of State considers appropriate.

(7) It shall be the duty of the new appointee, of the existing appointee and of any other appointees to provide the Secretary of State or [the Authority]\(^2\) with all such information and other assistance as [he or it]\(^3\) may reasonably require for the purposes of, or in connection with, the exercise of any power conferred on [him or it]\(^3\) by this paragraph.

(ii) any reference to the new appointee were a reference to the transferee; and

(iii) any reference to other appointees were a reference to other relevant companies; and

(b) sub-paragraph (6) above shall have effect as if the reference to functions were, in relation to a company which is a [water supply licensee or sewerage licensee]\(^7\), a reference to activities authorised by its licence and any statutory functions imposed on it in consequence of its licence.

]\(^6\)

(8) A company which without reasonable excuse fails to do anything required of it by virtue of sub-paragraph (7) above shall be guilty of an offence and liable, on summary conviction, to a fine not exceeding level 5 on the standard scale.

**Transfers by scheme**

1. A scheme under this Schedule for the transfer of the existing appointee's property, rights and liabilities shall come into force on the relevant date and, on coming into force, shall have effect, in accordance with its provisions and without further assurance, so as to transfer the property, rights and liabilities to which the scheme relates to the new appointee.

2. For the purpose of making any division of property, rights or liabilities which it is considered appropriate to make in connection with the transfer of property, rights and liabilities in accordance with a scheme under this Schedule, the provisions of that scheme may—
   (a) create for the existing appointee, the new appointee or any other appointees an interest in or right over any property to which the scheme relates;
   (b) create new rights and liabilities as between any two or more of those companies (but may not impose new liabilities on any other appointee)
   (c) in connection with any provision made by virtue of paragraph (a) or (b) above, make incidental provision as to the interests, rights and liabilities of other persons with respect to the subject-matter of the scheme.

3. A scheme under this Schedule may contain provision for the consideration to be provided by the new appointee and by any other appointees in respect of the transfer or creation of property, rights and liabilities by means of the scheme; and any such provision shall be enforceable in the same way as if the property, rights and liabilities had been created or transferred, and (if the case so requires) had been capable of being created or transferred, by agreement between the parties.

4. The property, rights and liabilities of the existing appointee that shall be capable of being transferred in accordance with a scheme under this Schedule shall include—
   (a) property, rights and liabilities that would not otherwise be capable of being transferred or assigned by the existing appointee;
   (b) such property, rights and liabilities to which the existing appointee may become entitled or subject after the making of the scheme and before the relevant date as may be described in the scheme;
   (c) property situated anywhere in the United Kingdom or elsewhere;
   (d) rights and liabilities under enactments;
   (e) rights and liabilities under the law of any part of the United Kingdom or of any country or territory outside the United Kingdom.

5. The provision that may be made by virtue of sub-paragraph (2)(b) above includes—
(a) provision for treating any person who is entitled by virtue of a scheme under this Schedule to possession of a document as having given another person an acknowledgement in writing of the right of that other person to the production of the document and to delivery of copies thereof; and

(b) provision applying section 64 of the Law of Property Act 1925 (production and safe custody of documents) in relation to any case in relation to which provision falling within paragraph (a) above has effect.

(6) For the avoidance of doubt, it is hereby declared that the transfers authorised by paragraph (a) of sub-paragraph (4) above include transfers which, by virtue of that paragraph, are to take effect as if there were no such contravention, liability or interference with any interest or right as there would be, in the case of a transfer or assignment otherwise than in accordance with a scheme under this Schedule, by reason of any provision having effect (whether under any enactment or agreement or otherwise) in relation to the terms on which the existing appointee is entitled or subject to the property, right or liability in question.

[(7) In a case specified in paragraph 1(3A) above the preceding provisions of this paragraph shall have effect as if–

(a) any reference to the existing appointee were a reference to the transferor;

(b) any reference to the new appointee were a reference to the transferee; and

(c) any reference to other appointees were a reference to other relevant companies.

(c) refer the counter-notice to the Upper Tribunal.

6
The authority must serve notice of their decision on the owner within the period of 3 months beginning with the day on which the counter-notice is served (“the decision period”).

7
If the authority decide to refer the counter-notice to the Upper Tribunal they must do so within the decision period.

8
If the authority do not serve notice of a decision within the decision period they are to be treated as if they had served notice of a decision to withdraw the notice to treat at the end of that period.

9
If the authority serve notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

Determination by Upper Tribunal

10
On a referral under paragraph 7 the Upper Tribunal must determine whether the acquisition of the right would—
(a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
(b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

11
In making its determination, the Upper Tribunal must take into account—
(a) the effect of the acquisition of the right,
(b) the proposed use of the right, and
(c) if the right is proposed to be acquired for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.
12
If the Upper Tribunal determines that the acquisition of the right would have either of the consequences described in paragraph 10 it must determine how much of the house, building or factory the authority ought to be required to take.

13
If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory the compulsory purchase order and the notice to treat are to have effect as if they included the owner's interest in that land.

14
(1) If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph they must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal.”

   (b) as if references in that section to a tramway included references to a trolley vehicle system.

(7) In this paragraph “the street works provisions” means so much of sections 158, 161 and 162 of this Act as relates to powers exercisable in relation to streets.

PART II

FURTHER PROTECTIVE PROVISIONS IN RESPECT OF SEWERAGE POWERS

Protection for dock undertakers
Law In Force

5.—

(1) Subject to the provisions of this paragraph, nothing in the relevant sewerage provisions shall authorise a sewerage undertaker, without the consent of the dock undertakers concerned—
   (a) to interfere with any river, canal, dock, harbour, basin, lock or reservoir so as injuriously to affect navigation thereon or the use thereof or the access thereto, or to interfere with any towing path, so as to interrupt the traffic thereon;
   (b) to interfere with any bridges crossing any river, canal, dock, harbour or basin;
   (c) to carry out any works in, across or under any dock, harbour, basin, wharf, quay or lock, or any land which belongs to dock undertakers and is held or used by them for the purposes of their undertaking;
   (d) to carry out any works which will interfere with the improvement of, or the access to, any river, canal, dock, harbour, basin, lock, reservoir, or towing path, or with any works appurtenant thereto or any land necessary for the enjoyment or improvement thereof.

(2) For the purposes of this paragraph dock undertakers shall be deemed to be concerned with any river, canal, dock, harbour, basin, lock, reservoir, towing path, wharf, quay or land if—
   (a) it belongs to them and forms part of their undertaking; or
   (b) they have statutory rights of navigating on or using it or of demanding tolls or dues in respect of navigation thereon or the use thereof.

(3) A consent under this paragraph shall not be unreasonably withheld.

(4) Any dispute as to whether or not consent under this paragraph is unreasonably withheld shall be referred, if either party so require, to the arbitration of a single arbitrator appointed by agreement between the parties or, in default of agreement, by the President of the Institution of Civil Engineers.

(5) Upon an arbitration under this paragraph, the arbitrator shall determine—
   (a) whether any works which the sewerage undertaker proposes to carry out are such works as under this paragraph the undertaker is not entitled to carry out without the consent of any dock undertakers;
   (b) if they are such works, whether the injury, if any, to the undertakers will be of such a nature as to admit of being fully compensated by money; and
   (c) if the works are of such a nature, the conditions subject to which the sewerage undertaker may carry out the works, including the amount of the compensation (if any) to be paid by the sewerage undertaker to the dock undertakers.

(6) The sewerage undertaker in question shall not proceed to carry out any proposed works if, on an arbitration under this paragraph, the arbitrator determines—
   (a) that the proposed works are such works as the sewerage undertaker is not entitled to carry out without the consent of the dock undertakers; and
   (b) that the works would cause injury to the dock undertakers of such a nature as not to admit of being fully compensated by money,
   but, in any other case, the sewerage undertaker may carry out the works subject to compliance with such conditions, including the payment of such compensation, as the arbitrator may have determined.

(7) Nothing in this paragraph shall be construed as limiting the powers of a sewerage undertaker under this Act in respect of the opening and the breaking up of streets and bridges for the purpose of constructing, laying and maintaining sewers, drains and pipes.

   (a) any property of the Civil Aviation Authority;

(2) Any dispute as to whether any sum should be paid under this paragraph or as to the amount payable shall be referred to the arbitration of a single arbitrator appointed by agreement between the relevant undertaker and the owner of the mines or minerals or, in default of agreement, by the Secretary of State.

6. Nothing in any provision of this Act or of any order made under this Act shall be construed as exempting a relevant undertaker from any liability to which it would, apart from that provision, have been subject in respect of any damage to any mines or minerals underlying any part of its undertaking or in respect of any loss sustained in relation to any such mines or minerals by a person having an interest therein.

Interpretation

7.—
(1) In this Schedule—
“conveyance” has the same meaning as in the Law of Property Act 1925;
“designated distance”, in relation to any part of a relevant undertaker’s undertaking, means, subject to sub-paragraph (6) below, thirty-seven metres;
“mines” means mines of coal, ironstone, slate or other minerals;
“owner”, in relation to mines and minerals, includes a lessee or occupier; and
“underlying”, in relation to any part of the undertaking of a relevant undertaker, means lying under, or within the designated distance from, that part of that undertaking.

(2) For the purposes of this Schedule the undertaking of a relevant undertaker shall be taken to consist of so much of any of the following as is for the time being vested in or held by that undertaker for the purposes of, or in connection with, the carrying out of any of its functions, that is to say—
(a) any buildings, reservoirs, wells, boreholes or other structures; and
(b) any pipes or other underground works particulars of which fall or would fall to be incorporated in any records kept under section 198 or 199 of this Act.

(3) References in this Schedule to the working of any mines or minerals include references to the draining of mines and to the winning or getting of minerals.

(4) For the purposes of this Schedule land shall be treated as acquired by a relevant undertaker in pursuance of powers of compulsory acquisition if it—
(a) was so acquired by a water authority established under section 2 of the Water Act 1973 or any predecessor of such a water authority or by a predecessor of a statutory water company; and
(b) is now vested in that undertaker in accordance with a scheme under Schedule 2 to the Water Act 1989 or Schedule 2 to this Act or otherwise.

(5) In relation—
(a) to any land treated by virtue of sub-paragraph (4) above as acquired in pursuance of powers of compulsory acquisition; or
(b) to any land acquired by a statutory water company before 1st September 1989 in pursuance of any such powers,
references in this Schedule to the order authorising the acquisition include references to any local statutory provision which immediately before 1st September 1989 had effect in relation to that land for the purposes of any provisions corresponding to the provisions of this Schedule.

(6) For the purposes of this Schedule where—
(a) any part of a relevant undertaker’s undertaking was constructed, made, erected or laid in pursuance of an order made under any enactment or is situated on land acquired by the relevant undertaker in pursuance of any powers of compulsory acquisition; and
(b) the order authorising the works or acquisition designates any distance for the purposes of any enactment relating to mines or minerals underlying that part of the undertaking,
then for the purposes of this Schedule that distance shall be the designated distance in relation to that part of the undertaking, instead of the distance specified in sub-paragraph (1) above.
