

4.6.3. Pre Operational and pre construction charges

There may be a delay between issuing a permit and any work starting to construct or operate a facility. We propose to waive baseline subsistence charges for the period during which neither construction nor operation has commenced, to reflect that we have not yet started our regulatory scrutiny of the site. The exception is for waste incinerators and co-incinerators where we will charge a fixed pre-construction charge as in the Subsistence Charge tables, and full subsistence charges as soon as construction begins.
