

4.9.15 Installations: Cement and Lime Sector

The proposed permit categories and baseline charges for the cement and lime sector can be found in the tables of charges in the schedule to the charging scheme. Charges relating to permitting applications are in Part 1.13 of the application charges table; annual compliance charges are found in Part 2.13 of the subsistence charges table.

The subsistence charge increase is due to a more accurate reflection of regulatory costs, particularly recent additional regulatory effort brought about by the use of waste fuels at some sites; we do not propose any shift in the way we regulate this mature sector.
