

The Environment Agency

National Navigation Boat Charging Scheme

2022

PART 1

1. Title and Commencement

1.1 This National Navigation Boat Charging Scheme ("the Scheme") is made by the Environment Agency ("the Agency") by virtue of the powers vested in it -

for the River Thames, under section 6 Thames Conservancy Act 1966.

for the Medway navigation, under sections 35, 42 and 46 Southern Water Authority Act 1982

for the Anglian waterways, under section 17 Anglian Water Authority Act 1977

and under Article 23 Environment Agency (Inland Waterways) Order 2010.

1.2 The Scheme relates to charging for the registration of boats, the payment of tolls and other charges for charging periods commencing on or after 1 January 2022.

1.3 The Scheme shall be referred to as the Environment Agency National Navigation Boat Charging Scheme and comes into force as set out in Parts 1, 2, 3 and 4 for the waterways covered by those Parts and shall remain in force until revoked.

1.4 All charges under the Scheme shall increase by 4% from 1 January 2023 for the River Thames and from 1 April 2023 for the Medway navigation and the Anglian waterways.

1.5 All charges under the Scheme shall increase by a further 2% from 1 January 2024 for the River Thames and from 1 April 2024 for the Medway navigation and the Anglian waterways.

"weekly registration charge" means a charge for a registration that is valid from the date and time of registration for 7 consecutive days, or where issued in advance, from the date and time the registration stipulates.

Provisions relating to all waterways

3. The annual charges for a boat shall be due at the start of the annual charge period for that waterway. When registering the boat the owner is responsible for paying the full annual charge.

4. The minimum charge to be paid for powered boats and unpowered enclosed boats shall be the larger of the charge due or £11.88.

5. When a new part year registration for a powered boat or an unpowered enclosed boat occurs after the start of the annual charge period the charge payable shall be calculated as follows:

Charge = annual charge x (1+ remaining full months in annual registration period)/12

6. Refunds of annual registration charges

6.1 A refund of part of the annual registration charge shall be paid for

- a) permanent removal of a boat from the waterway;
- b) completion of the sale of a boat; or
- c) moving a boat onto trade brokerage premises for sale or repair.

6.2 The refund will be calculated as follows:

refund = annual charge paid x (remaining full months)/(months registered for) - £16.35 administration charge.

6.3 Where a refund has been paid and a boat returns to the waterway with the same owner during the same annual registration period then the full annual charge is payable taking into account any charge already paid.

6.4 Where a refund has been paid and a boat returns to the waterway with the same owner in the following annual registration period after the refund was paid, then the full annual charge is payable for the previous annual registration period when the refund was paid, and the current annual registration period that the boat returns to the waterway, taking into account any charge already paid.

7. Where a replacement registration plate is requested a charge of £11.99 shall be payable.

8. Where a change of boat name is requested after first registration or during the annual registration period, a charge of £11.99 shall be payable.

9. The charges for boats specified in tables below shall be payable on all the waterways.

9.1 Unpowered open boats shall pay the charge as set out in table 1.1 for use on all waterways.
