

Standard Rules Consultation No.21: Summary report

This report was created on Tuesday 23 June 2020 at 09:12.

The consultation ran from 21/10/2019 to 31/01/2020.

Contents

Question 1: Are you responding as an individual or on behalf of an organisation or group?	4
Q1. Are you responding as an individual or on behalf of an organisation or group?	4
If you're responding on behalf of an organisation or group, please tell us who you are responding on behalf of.	4
If you selected other please specify.	4
Question 2: Keeping up-to-date	4
Email	4
Question 3: Can we publish parts of your response that are not personally identifiable?	5
Permission to publish response	5
If you do not want us to publish your response, you need to tell us why.	5
Question 4: How did you find out about this consultation?	5
How did you find out about this consultation?	5
If you selected other, please specify.	5
Question 1: Do you agree with our approach to use standard rules to cover mattress recycling?	6
Do you agree with our approach to use standard rules to cover mattress recycling?	6
Please explain your answer	6
Question 2: Do you understand the requirements of the proposed standard rules for mattress recycling?	6
Do you understand the requirements of the proposed standard rules for mattress recycling?	6
Please explain your answer	6
Question 3: Do you agree with the requirements of the proposed standard rules for mattress recycling?	6
Do you agree with the requirements of the proposed standard rules for mattress recycling?	6
Please explain your answer	7
Question 4: Please let us know what you think would prevent people from using the proposed mattress recycling rule sets:	7
Please let us know what you think would prevent people from using the proposed mattress recycling rule sets:	7
Question 5: Do you agree that the waste quantity limits are viable for mattress recycling?	7
Do you agree that the waste quantity limits are viable for mattress recycling, that is the annual tonnage limits and the limits on the amount stored at any one time?	7
Please explain your answer	7
Question 6: Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?	7
Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?	7
Please explain your answer	8
Question 7: Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks?	8
Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks, give the cost implications?	8
Please explain your answer	8
Question 8: Please list any other types of treatment or processing activities that you believe should be included in the mattress recycling rule set:	8
Please list any other types of treatment or processing activities that you believe should be included in the mattress recycling rule set.	8
Question 9: Do you agree that the right waste codes have been listed for mattress recycling?	8
Do you agree that the right waste codes have been listed for mattress recycling?	8
Please explain your answer. If you have selected no, please let us know which ones to include and why	9
Question 10: Would the exclusion distances from receptors prevent you from finding a site from which to operate?	9
Would the exclusion distances prevent you from finding a site from which to operate a mattress recycling?	9
Please explain your answer	9
Question 11: Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated:	9
Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated.	9
Question 12: An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	9

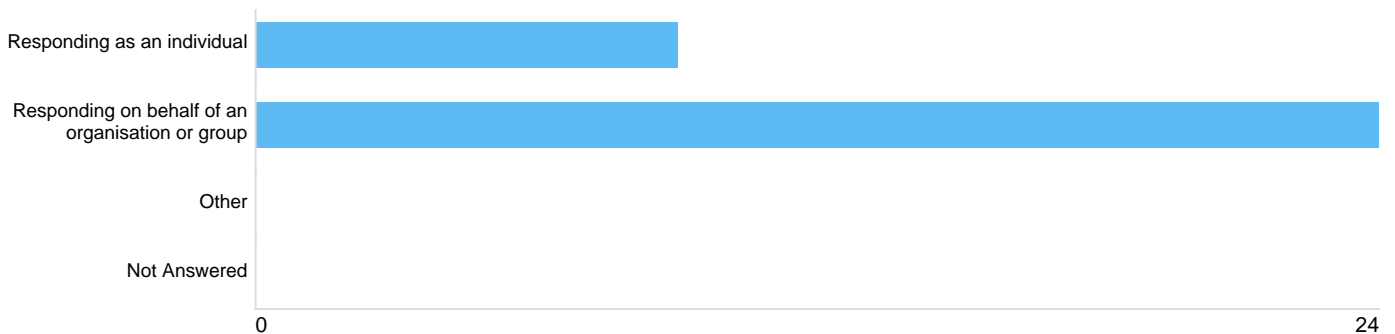

An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	9
Please explain your answer	10
Question 13: Do you intend to apply for a mattress recycling standard rule sets when published?	10
Do you intend to apply for a mattress recycling standard rule sets when published?	10
Please explain your answer:	10
Question 14: Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	10
Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	10
Please explain your answer:	10
Question 1: Do you agree with our approach to use standard rules to cover the treatment of waste paper, cardboard and plastic?	11
Do you agree with our approach to use standard rules to cover mattress recycling?	11
Please explain your answer	11
Question 2: Do you understand the requirements of the proposed standard rules for the treatment of waste paper, cardboard and plastic?	11
Do you understand the requirements of the proposed standard rules for mattress recycling?	11
Please explain your answer	11
Question 3: Do you agree with the requirements of the proposed standard rules for the treatment of waste paper, cardboard and plastic?	12
Do you agree with the requirements of the proposed standard rules for mattress recycling?	12
Please explain your answer	12
Question 4: Please let us know what you think would prevent people from using the proposed rule set for treatment for waste paper, cardboard and plastic:	12
Please let us know what you think would prevent people from using the proposed rule set for treatment for waste paper, cardboard and plastic:	12
Question 5: Do you agree that the waste quantity limits are viable for the treatment of waste paper, cardboard and plastic?	12
Do you agree that the waste quantity limits are viable for mattress recycling, that is the annual tonnage limits and the limits on the amount stored at any one time?	12
Please explain your answer	12
Question 6: Do you agree that the waste storage duration limits provide a viable throughput for the treatment of waste paper, cardboard and plastic?	13
Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?	13
Please explain your answer	13
Question 7: Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks?	13
Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks, give the cost implications?	13
Please explain your answer	13
Question 8: Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste paper, cardboard and plastic rule set:	13
Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste paper, cardboard and plastic rule set:	13
Question 9: Do you agree that the right waste codes have been listed for the treatment of waste paper, cardboard and plastic?	14
Do you agree that the right waste codes have been listed for mattress recycling?	14
Please explain your answer. If you selected no, please let us know which ones to include and why	14
Question 10: Would the exclusion distances prevent you from finding a site from which to operate?	14
Would the exclusion distances prevent you from finding a site from which to operate a mattress recycling?	14
Please explain your answer	14
Question 11: Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated:	14
Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated.	14
Question 12: An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	15
An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	15
Please explain your answer	15
Question 13: Do you intend to apply for a treatment of waste paper, cardboard and plastic standard rule set when published?	15
Do you intend to apply for a treatment of waste paper, cardboard and plastic standard rule set when published?	15

Please explain your answer	15
Question 14: Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	16
Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	16
Please explain your answer:	16
Question 1: Do you agree with our approach to use standard rules to cover the treatment of waste tyres?	16
Do you agree with our approach to use standard rules to cover mattress recycling?	16
Please explain your answer	16
Question 2: Do you understand the requirements of the proposed standard rules for the treatment of waste tyres?	16
Do you understand the requirements of the proposed standard rules for mattress recycling?	16
Please explain your answer	17
Question 3: Do you agree with the requirements of the proposed standard rules for the treatment of waste tyres?	17
Do you agree with the requirements of the proposed standard rules for mattress recycling?	17
Please explain your answer	17
Question 4: Please let us know what you think would prevent people from using the proposed rule set for treatment of waste tyres.	17
Please let us know what you think would prevent people from using the proposed rule set for treatment of waste tyres.	17
Question 5: Do you agree that the waste quantity limits are viable for the treatment of waste tyres?	17
Do you agree that the waste quantity limits are viable for mattress recycling, that is the annual tonnage limits and the limits on the amount stored at any one time?	17
Please explain your answer	18
Question 6: Do you agree that the waste storage duration limits provide a viable throughput for the treatment of waste tyres?	18
Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?	18
Please explain your answer	18
Question 7: Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks?	18
Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks, give the cost implications?	18
Please explain your answer	18
Question 8: Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste tyre rule set:	19
Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste tyre rule set:	19
Question 9: Do you agree that the right waste codes have been listed for the treatment of waste tyres?	19
Do you agree that the right waste codes have been listed for mattress recycling?	19
Please explain your answer. If you selected no, please let us know which ones to include and why	19
Question 10: Would the exclusion distances prevent you from finding a site from which to operate?	19
Would the exclusion distances prevent you from finding a site from which to operate a mattress recycling?	19
Please explain your answer	19
Question 11: Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated:	19
Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated.	19
Question 12: An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	20
An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?	20
Please explain your answer	20
Question 13: Do you intend to apply for a treatment of waste tyre rule set when published?	20
Do you intend to apply for a treatment of waste tyre rule set when published?	20
Please explain your answer	20
Question 14: Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	21
Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?	21
Please explain your answer	21
Question 1: Do you agree with the addition of the new waste codes for SR2008 No12?	21
Do you agree with the addition of the new waste codes for SR2008 No12?	21
Please explain your answer	21
Question 1: Do you agree with the addition of the new waste codes for SR2008 No13?	21

Do you agree with the addition of the new waste codes for SR2008 No13?	21
Please explain your answer	22
Question 1: Do you agree with our proposals to add catalytic converters and associated conditions to the permit?	22
Do you agree with our proposals to add catalytic converters and associated conditions to the permit?	22
Please explain your answer	22
Question 2: Do you agree with our proposal to remove 16 01 07* oil filters?	22
Do you agree with our proposal to remove 16 01 07* oil filters?	22
Please explain your answer	22
Question 3: Do you agree with our proposal to remove 16 01 11* brake pads containing asbestos?	23
Do you agree with our proposal to remove 16 01 11* brake pads containing asbestos?	23
Please explain your answer	23
Question 4: Do you agree with our proposal to remove 16 01 12 brake pads other than 16 01 11*?	23
Do you agree with our proposal to remove 16 01 12 brake pads other than 16 01 11*?	23
Please explain your answer	23
Question 5: Please tell us if you have any comments or views on our proposals to add in some extra conditions around battery storage	23
Please tell us if you have any comments or views on our proposals to add in some extra conditions around battery storage	23
Question 6: Do you agree with our proposal to change the interpretation of waste motor vehicle?	24
Do you agree with our proposal to change the interpretation of waste motor vehicle?	24
Please explain your answer	24
Question 1: Do you agree with our proposal to change the interpretation of waste motor vehicle?	24
Do you agree with our proposal to change the interpretation of waste motor vehicle?	24
Please explain your answer	24
Question 1: Please tell us if you have any other comments on these proposed rules that have not been covered by previous questions. Please provide as much information as possible to support your answer.	24
Please write answer in text box below	24
Question 1: How satisfied were you with this consultation tool?	25
Satisfaction level of using the tool	25
Please tell us if you have any suggestions on how we could improve the tool.	25

Question 1: Are you responding as an individual or on behalf of an organisation or group?

Q1. Are you responding as an individual or on behalf of an organisation or group?

Option	Total	Percent
Responding as an individual	9	27.27%
Responding on behalf of an organisation or group	24	72.73%
Other	0	0%
Not Answered	0	0%

If you're responding on behalf of an organisation or group, please tell us who you are responding on behalf of.

There were **27** responses to this part of the question.

If you selected other please specify.

There was **1** response to this part of the question.

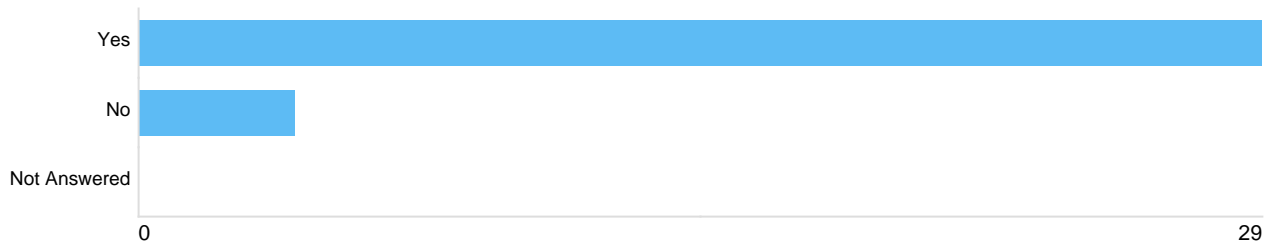

Question 2: Keeping up-to-date

Email

There were **30** responses to this part of the question.

Question 3: Can we publish parts of your response that are not personally identifiable?

Permission to publish response

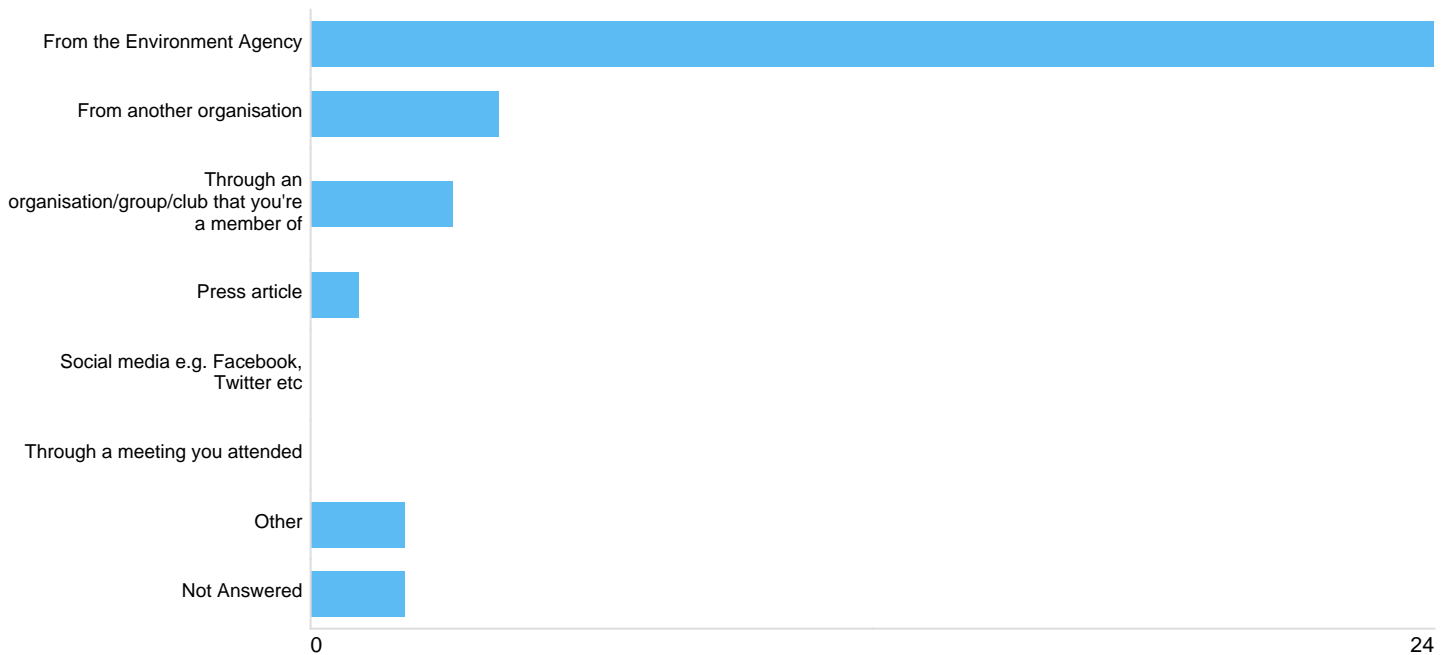

Option	Total	Percent
Yes	29	87.88%
No	4	12.12%
Not Answered	0	0%

If you do not want us to publish your response, you need to tell us why.

There was 1 response to this part of the question.

Question 4: How did you find out about this consultation?

How did you find out about this consultation?

Option	Total	Percent
From the Environment Agency	24	72.73%
From another organisation	4	12.12%
Through an organisation/group/club that you're a member of	3	9.09%
Press article	1	3.03%
Social media e.g. Facebook, Twitter etc	0	0%
Through a meeting you attended	0	0%
Other	2	6.06%
Not Answered	2	6.06%

If you selected other, please specify.

There were 4 responses to this part of the question.

Question 1: Do you agree with our approach to use standard rules to cover mattress recycling?

Do you agree with our approach to use standard rules to cover mattress recycling?

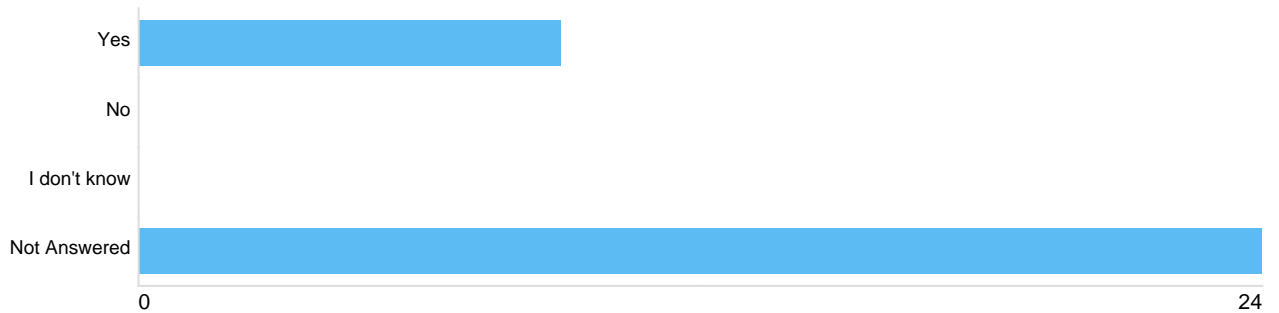

Option	Total	Percent
Yes	7	21.21%
No	3	9.09%
I don't know	0	0%
Not Answered	23	69.70%

Please explain your answer

There were 7 responses to this part of the question.

Question 2: Do you understand the requirements of the proposed standard rules for mattress recycling?

Do you understand the requirements of the proposed standard rules for mattress recycling?

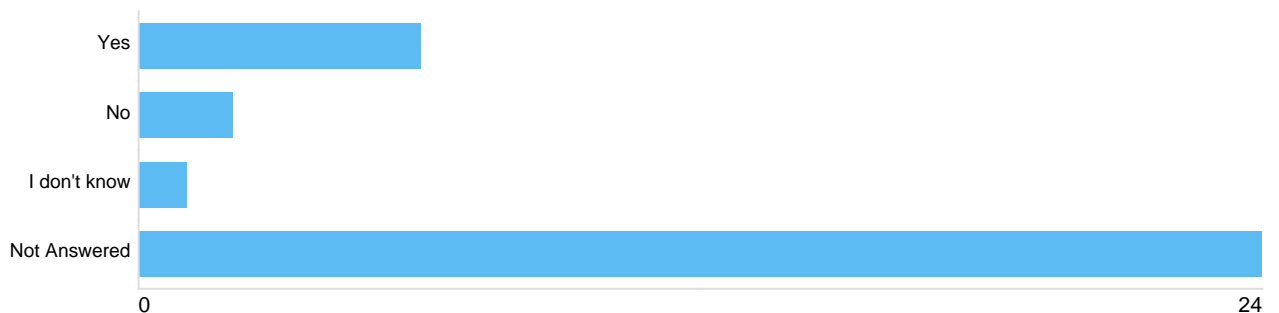

Option	Total	Percent
Yes	9	27.27%
No	0	0%
I don't know	0	0%
Not Answered	24	72.73%

Please explain your answer

There were 4 responses to this part of the question.

Question 3: Do you agree with the requirements of the proposed standard rules for mattress recycling?

Do you agree with the requirements of the proposed standard rules for mattress recycling?

Option	Total	Percent
Yes	6	18.18%
No	2	6.06%
I don't know	1	3.03%
Not Answered	24	72.73%

Please explain your answer

There were **5** responses to this part of the question.

Question 4: Please let us know what you think would prevent people from using the proposed mattress recycling rule sets:

Please let us know what you think would prevent people from using the proposed mattress recycling rule sets:

There were **8** responses to this part of the question.

Question 5: Do you agree that the waste quantity limits are viable for mattress recycling?

Do you agree that the waste quantity limits are viable for mattress recycling, that is the annual tonnage limits and the limits on the amount stored at any one time?

Option	Total	Percent
Yes	3	9.09%
No	2	6.06%
I don't know	4	12.12%
Not Answered	24	72.73%

Please explain your answer

There were **5** responses to this part of the question.

Question 6: Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?

Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?

Option	Total	Percent
Yes	3	9.09%
No	3	9.09%
I don't know	3	9.09%
Not Answered	24	72.73%

Please explain your answer

There were 6 responses to this part of the question.

Question 7: Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks?

Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks, give the cost implications?

Option	Total	Percent
Yes	7	21.21%
No	2	6.06%
I don't know	0	0%
Not Answered	24	72.73%

Please explain your answer

There were 6 responses to this part of the question.

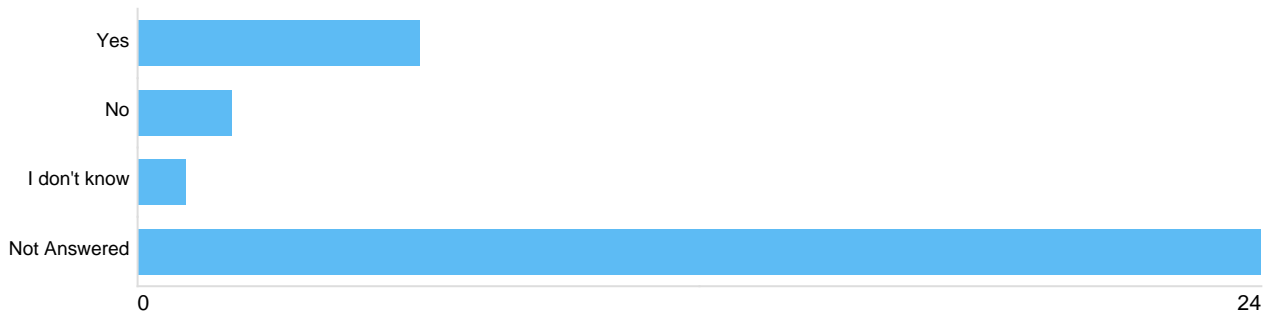

Question 8: Please list any other types of treatment or processing activities that you believe should be included in the mattress recycling rule set:

Please list any other types of treatment or processing activities that you believe should be included in the mattress recycling rule set.

There were 6 responses to this part of the question.

Question 9: Do you agree that the right waste codes have been listed for mattress recycling?

Do you agree that the right waste codes have been listed for mattress recycling?

Option	Total	Percent
Yes	6	18.18%
No	2	6.06%
I don't know	1	3.03%
Not Answered	24	72.73%

Please explain your answer. If you have selected no, please let us know which ones to include and why

There were 3 responses to this part of the question.

Question 10: Would the exclusion distances from receptors prevent you from finding a site from which to operate?

Would the exclusion distances prevent you from finding a site from which to operate a mattress recycling?

Option	Total	Percent
Yes	3	9.09%
No	2	6.06%
I don't know	4	12.12%
Not Answered	24	72.73%

Please explain your answer

There were 5 responses to this part of the question.

Question 11: Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated:

Please let us know your views on our proposals for operating techniques in Table 2.4, relating to the site's surfacing and drainage requirements, and where different types of waste can be stored or treated.

There were 6 responses to this part of the question.

Question 12: An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?

An alternative option for the operating techniques would be to require all wastes to be stored and treated on an impermeable surface with a sealed drainage system at all times. Would you support this option? If so, why?

Option	Total	Percent
Yes	4	12.12%
No	3	9.09%
I don't know	1	3.03%
Not Answered	25	75.76%

Please explain your answer

There were 7 responses to this part of the question.

Question 13: Do you intend to apply for a mattress recycling standard rule sets when published?

Do you intend to apply for a mattress recycling standard rule sets when published?

Option	Total	Percent
Yes	1	3.03%
No	7	21.21%
I don't know	1	3.03%
Not Answered	24	72.73%

Please explain your answer:

There were 4 responses to this part of the question.

Question 14: Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?

Do you think the introduction of the new standard rules or the revisions to the existing standard rule sets will have a significant financial impact overall on your business?

Option	Total	Percent
Yes	4	12.12%
No	3	9.09%
I don't know	2	6.06%
Not Answered	24	72.73%

Please explain your answer:

There were 7 responses to this part of the question.

Question 1: Do you agree with our approach to use standard rules to cover the treatment of waste paper, cardboard and plastic?

Do you agree with our approach to use standard rules to cover mattress recycling?

Option	Total	Percent
Yes	13	39.39%
No	3	9.09%
I don't know	2	6.06%
Not Answered	15	45.45%

Please explain your answer

There were **15** responses to this part of the question.

Question 2: Do you understand the requirements of the proposed standard rules for the treatment of waste paper, cardboard and plastic?

Do you understand the requirements of the proposed standard rules for mattress recycling?

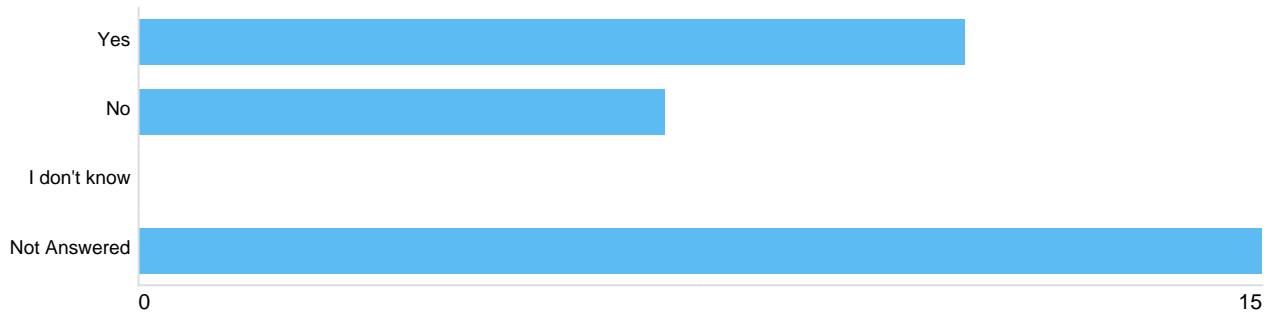

Option	Total	Percent
Yes	17	51.52%
No	1	3.03%
I don't know	0	0%
Not Answered	15	45.45%

Please explain your answer

There were **6** responses to this part of the question.

Question 3: Do you agree with the requirements of the proposed standard rules for the treatment of waste paper, cardboard and plastic?

Do you agree with the requirements of the proposed standard rules for mattress recycling?

Option	Total	Percent
Yes	11	33.33%
No	7	21.21%
I don't know	0	0%
Not Answered	15	45.45%

Please explain your answer

There were **10** responses to this part of the question.

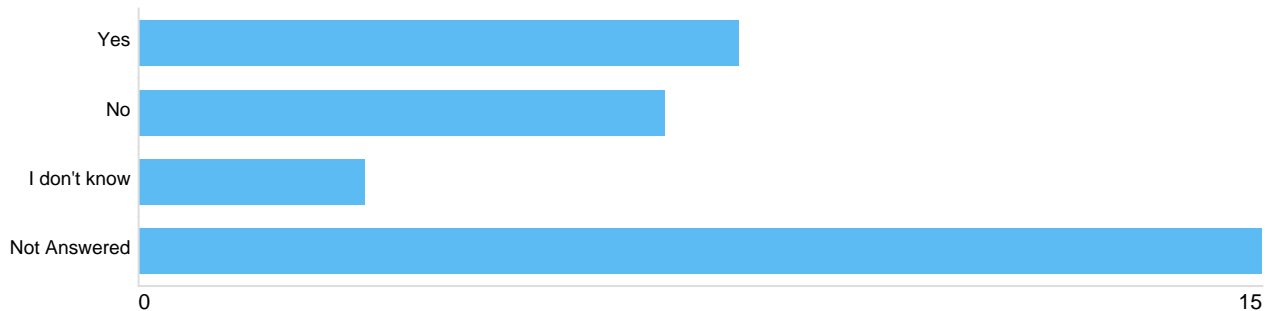

Question 4: Please let us know what you think would prevent people from using the proposed rule set for treatment for waste paper, cardboard and plastic:

Please let us know what you think would prevent people from using the proposed rule set for treatment for waste paper, cardboard and plastic:

There were **18** responses to this part of the question.

Question 5: Do you agree that the waste quantity limits are viable for the treatment of waste paper, cardboard and plastic?

Do you agree that the waste quantity limits are viable for mattress recycling, that is the annual tonnage limits and the limits on the amount stored at any one time?

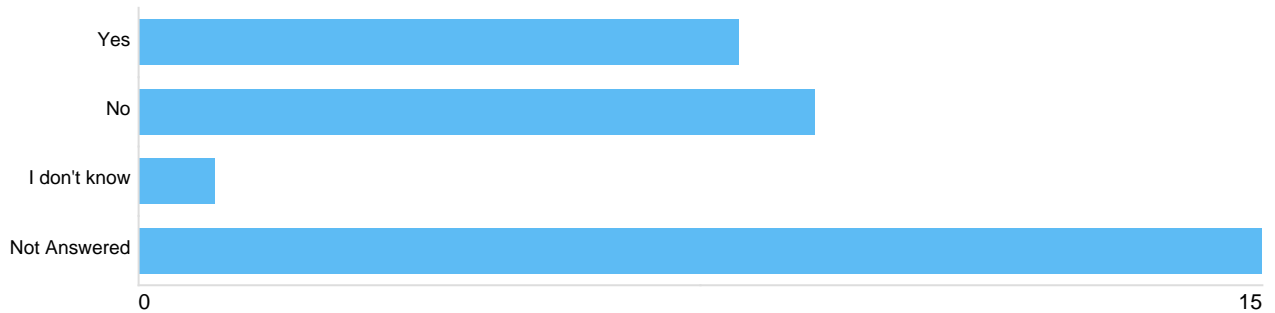

Option	Total	Percent
Yes	8	24.24%
No	7	21.21%
I don't know	3	9.09%
Not Answered	15	45.45%

Please explain your answer

There were **12** responses to this part of the question.

Question 6: Do you agree that the waste storage duration limits provide a viable throughput for the treatment of waste paper, cardboard and plastic?

Do you agree that the waste storage duration limits provide a viable throughput for mattress recycling?

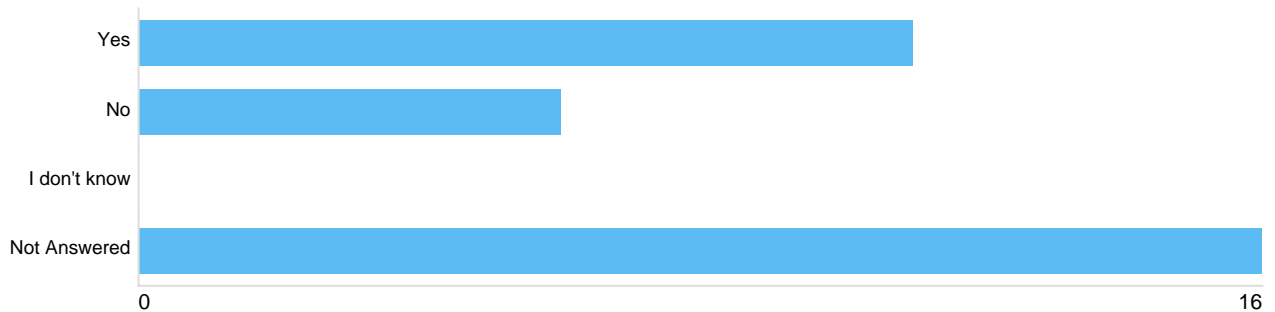

Option	Total	Percent
Yes	8	24.24%
No	9	27.27%
I don't know	1	3.03%
Not Answered	15	45.45%

Please explain your answer

There were 12 responses to this part of the question.

Question 7: Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks?

Do you believe the requirements for having certain activities carried out within a building proportionate to the pollution risks, give the cost implications?

Option	Total	Percent
Yes	11	33.33%
No	6	18.18%
I don't know	0	0%
Not Answered	16	48.48%

Please explain your answer

There were 12 responses to this part of the question.

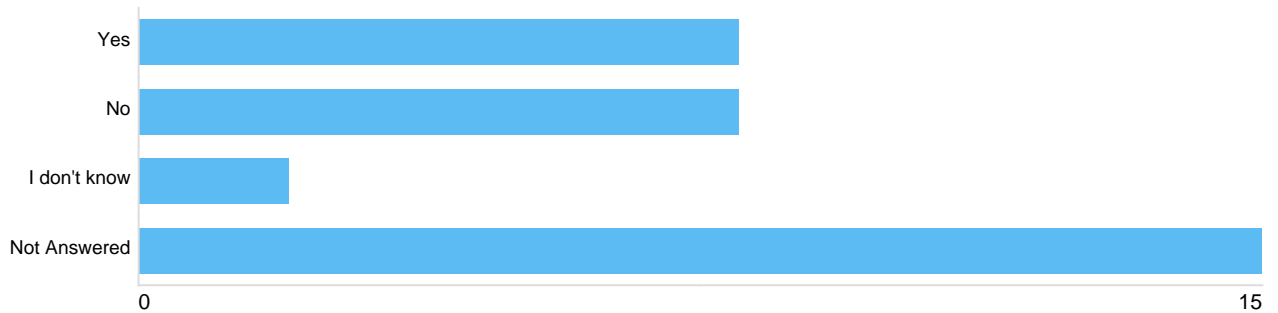

Question 8: Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste paper, cardboard and plastic rule set:

Please list any other types of treatment or processing activities that you believe should be included in the treatment of waste paper, cardboard and plastic rule set:

There were 15 responses to this part of the question.

Question 9: Do you agree that the right waste codes have been listed for the treatment of waste paper, cardboard and plastic?

Do you agree that the right waste codes have been listed for mattress recycling?

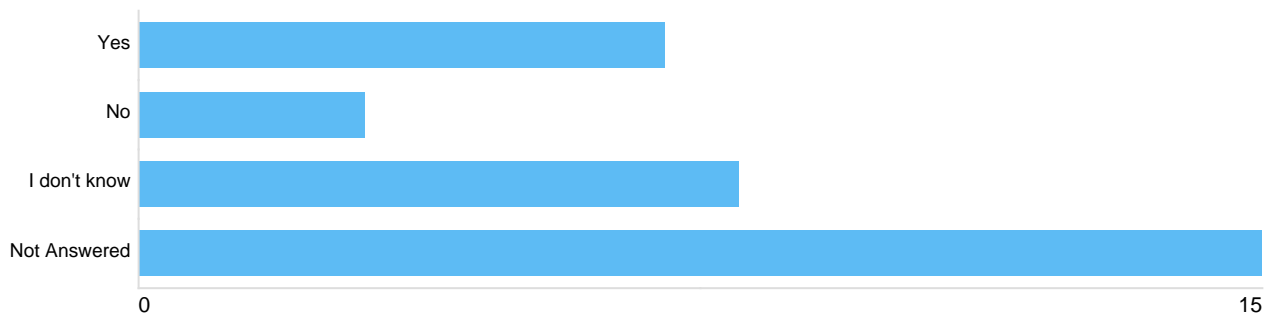

Option	Total	Percent
Yes	8	24.24%
No	8	24.24%
I don't know	2	6.06%
Not Answered	15	45.45%

Please explain your answer. If you selected no, please let us know which ones to include and why

There were **10** responses to this part of the question.

Question 10: Would the exclusion distances prevent you from finding a site from which to operate?

Would the exclusion distances prevent you from finding a site from which to operate a mattress recycling?

Option	Total	Percent
Yes	7	21.21%
No	3	9.09%
