Roxby Landfill Site Community Liaison Meeting

Adam Pawson – Regulatory Officer

Helen Renshaw – Team Leader

Environment Agency - Installations North - LNA

14 September 2022

Drone Photography – May 22

Wider site overview looking South West.

Drone Photography – July 22

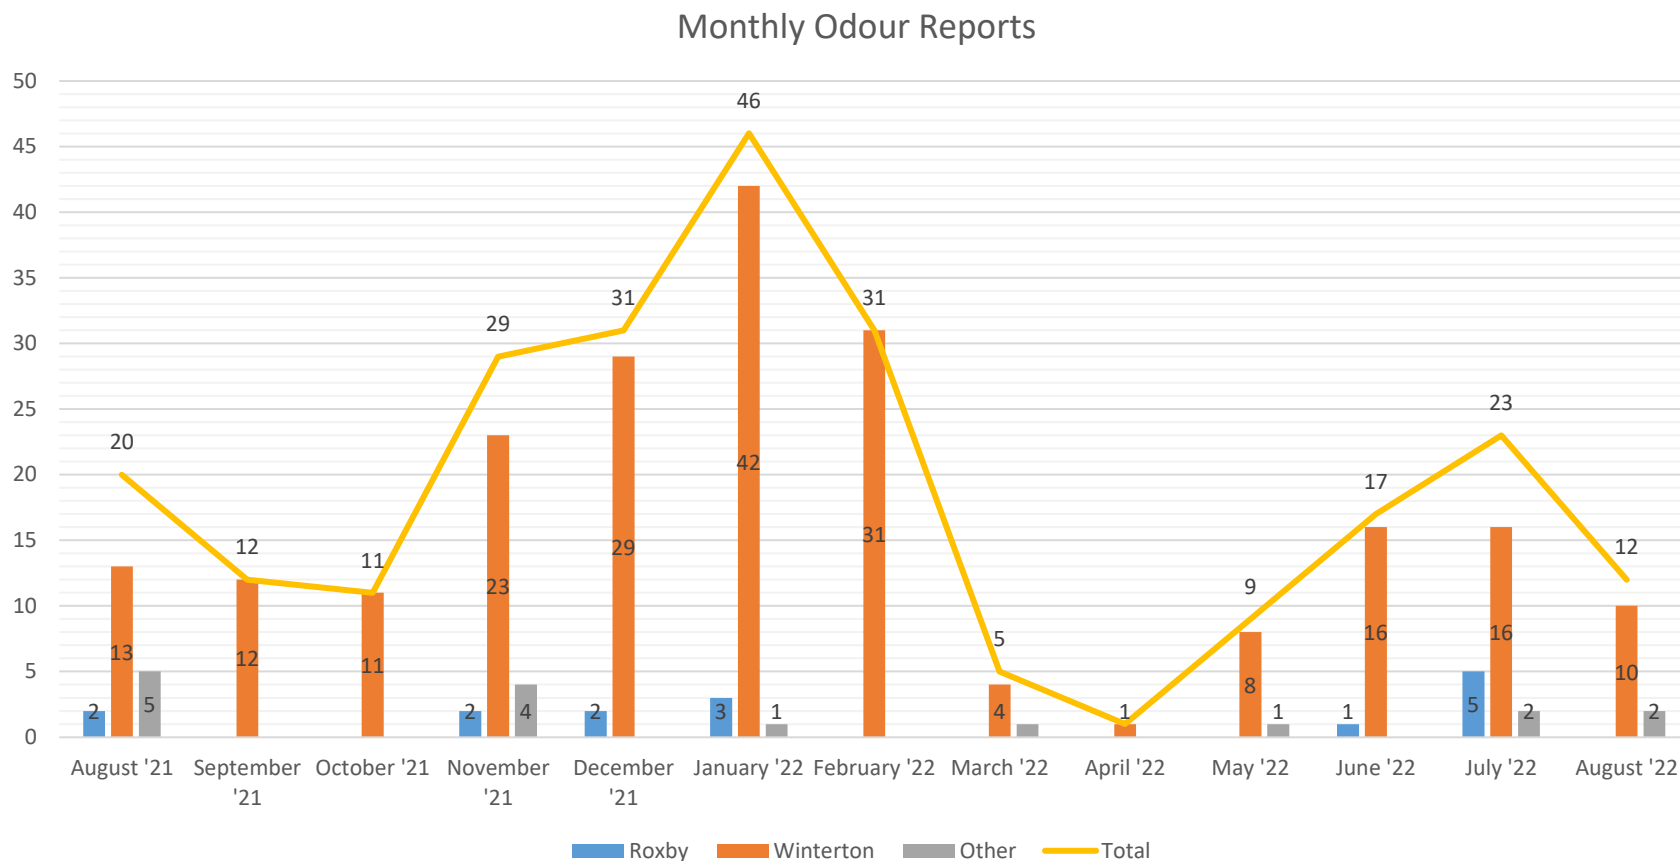

Drone Photography – August 22

Current permit compliance

- We have inspected the site 8 times, and conducted 1 audit to date in 2022.
- We have scored two breaches of the environmental permit in February 2022 relating to offsite odour.
- We have scored one breach of permit in the Q2 2022 Environmental monitoring report.
- This year the site is currently in performance band C.

Odour Reports August 21 – August 22

Note – 6 odour reports in September 22 to date, 3 were believed to relate to land spreading.

This table only records reports made directly to the Environment Agency.

You asked, We listened.

Site Drainage and Thealby Gullet impact.

- Attended the area in June to inspect. Winterton beck is noted at different height (much higher) to adjacent water body.
- Will survey with EA Drone in Autumn when vegetation clears.

The next 3 months regulatory work

- Inspect the site on a monthly basis.
- Assess the compliance of waste being received on site, and that Biffa's management procedures are being followed.
- Review Biffa's infill pattern following the completion of cell 13B and their plans to over-tip where void remains.
- Ensure gas collection and odour control continues to meet the requirements of appropriate measures into Winter.
- Update the Environment Agency Citizen space page on a quarterly basis (If agreed with the group).
- Revisit Thealby Gullet with the EA drone to confirm drainage routes.

Our commitment

- All odour reports from the communities are valued and assessed by our team to support our compliance work at Roxby Landfill.
- Installations North remains resourced and resilient to respond to the concerns of the community.
- The regulation of Roxby Landfill has always been, and continues to be, a top priority.
- Our latest news is shared on our Citizen Space page.
