

Water Resources LICENCE TO

ABSTRACT

WATER

Environment Act 1995
Water Resources Act 1991 as amended by the
Water Act 2003
Water Resources (Abstraction and Impounding)
Regulations 2006

IMPORTANT NOTES

Need for safekeeping

This licence is an important document. The permission or right to abstract water may be valuable to your landholding. So -

- **Keep the licence safe, preferably with your deeds etc.**
- **Take careful note of the comments below about “transfer and apportionment” and “death and bankruptcy”.**

This is to ensure that the permission and any rights granted by the licence continue if you need to pass it on to someone else.

If you want to:

- [revoke \(cancel\) the licence;](#)
- [notify us of the death or bankruptcy of the licence holder ;](#)
- [vary \(change/amend\) the licence in any way](#)
- [change the owner of the licence or](#)
- [change your contact address \(but you continue to hold the licence\).](#)

You can find our forms on [.GOV.UK](#) or alternatively contact us for advice on how to make any changes by calling our National Customer Centre on 03708 506 506

Transfer and apportionment (split)

If you need to pass this licence or any part of it to someone else, you must contact the Environment Agency and obtain the appropriate application forms. Temporary licences cannot be transferred or apportioned. The licence holder remains responsible for compliance with the terms of the licence and any charges payable until the licence has been transferred or apportioned.

Death or bankruptcy of the licence holder

‘**Vesting**’ is the transfer of responsibility and ownership of a licence when an existing licence holder is no longer able to hold the licence either through death or bankruptcy.

If a licence has been ‘**vested**’ in you, as a result of the death or bankruptcy of the licence holder, please contact the Environment Agency in writing, telling us the licence number(s) and the date that the licence vested in you as a personal representative or trustee of the licence holder. This is necessary in order to enable you to subsequently transfer the licence.

You must notify us in writing within **15 months** of the date of vesting, being either death or bankruptcy of the licence holder giving the full names of all personal representatives or trustees and a contact address.

Time limits

Your licence may be subject to a time limit (where appropriate this will be shown on the front of your licence). All new abstraction licences are legally required to include a time limit. For variations to licences, time limits are added in accordance with our policy.

The duration of a time limit is determined in accordance with our time limiting policy. The time limit is linked to the next or subsequent review of water resources within the relevant [Abstraction Licensing Strategy](#) (ALS)

At the end of the time limit, we should be able to renew the licence if:

- there is no damage to the environment;
- the need for the abstraction can still be justified;
- water is being used efficiently; and
- you still meet the legal requirements for getting a licence.

If your licence is time limited and you wish to renew it when it expires, you will need to apply for a new licence to replace the existing one. You are advised to submit this application at least six months before it expires. To allow you to give early consideration to this, we will send you a reminder approximately 18 months before the expiry date.

If your licence cannot be renewed, we will endeavour to give at least six years notice. We will also endeavour to give at least six years notice where the licence is likely to be renewed on different terms and will significantly impact upon the use of the licence.

In exceptional circumstances, for example where there are other overriding statutory duties such as the Habitats Regulations, it may not be possible to provide six years notice.

Charges

Unless specifically exempted, we will levy an annual charge for water authorised to be abstracted by this licence, in accordance with our abstraction charges scheme in force at the time. To work out your charges, please refer to our [Scheme of Abstraction Charges](#) available on GOV.UK.

Quantity and quality of water

You must not abstract more than the quantity specified in the licence. The Environment Agency does not, by issue of this licence or otherwise, in any way guarantee that the source of supply will produce the quantity of water authorised to be abstracted by this licence, nor that the water is fit for its intended use.

The quantity of water authorised for abstraction is given in cubic metres. One cubic metre is approximately 220 gallons. (The precise conversion is 1 cubic metres = 219.969 gallons).

Source of supply and authorised point of abstraction

You may abstract from the point(s) specified in the licence and from no other points. If you want to add or change the authorised point(s) of abstraction, you must apply to us to vary the licence.

Purpose for which water is authorised to be used

You may only use the water for the purpose(s) specified in the licence. You must apply to us to vary the licence if you wish to add to or change the purpose(s).

Offences

Under the Water Resources Act 1991 it is an offence:-

- to abstract water, or cause or permit any other person to abstract water, unless the abstraction is authorised by and in accordance with an abstraction licence, or is subject to an exemption;
- to do anything to enable abstraction, or to increase abstraction, except in accordance with an abstraction licence or exemption;
- to fail to comply with the conditions of an abstraction licence.

Note in particular that it may be a condition of the licence to maintain the meter or other measuring device etc. and failure to do so will be an offence;

- to interfere with a meter or other device which measures quantities of water abstracted so as to prevent it from measuring correctly;
- to fail to provide information which we have reasonably required for the purpose of carrying out any of the Environment Agency’s water resources functions;
- to knowingly make false statements for the purpose of obtaining a licence or consent or in giving required information.

The requirement for a licence is subject to some exemptions, set out in the Water Resources Act 1991 as amended. If in any doubt as to whether you need a licence, contact us at the address shown at the bottom of the front page of the licence.

Right of appeal

If you are dissatisfied with our decision on your licence application, you have the right to appeal against our decision.

You should write to the Secretary of State for the Environment, Food and Rural Affairs, care of The Planning Inspectorate at:
The Environment Team
3A Eagle Wing,
Temple Quay House,
2 The Square,
Temple Quay,
Bristol,
BS1 6PN

Alternatively you can obtain an on-line appeal form at:
<https://www.gov.uk/government/publications/water-abstraction-and-impoundment-appeal-form>

You must serve notice of appeal within 28 days of the date of receipt of this licence (although the Secretary of State has power to allow a longer period for serving notice of appeal). See [Water Resources Act 1991, section 43](#).

Disclosure of information

Details of this licence are placed on a register, kept by the Environment Agency and open for inspection by the public. The public may also obtain further details about it by virtue of the Environmental Information Regulations 2004 (see also Disclosure of Information) except in special cases (for advice please contact us at the address shown on the front page of the licence).

Members of the public are also entitled to ask us for other “environmental information” it holds, including any activities likely to affect “the state of any water” or any “activities or other measures designed to protect it”. That would include the information additional to the licence document e.g. any related agreement or abstraction returns. In certain restricted circumstances it is possible to claim that information should be kept confidential. If you require more information about keeping this information off the public register because it is confidential, please contact us by writing to the address shown on the front page of the licence within 28 days of receiving this licence.

Licence Serial No:	7/34/09/*G/0045
--------------------	-----------------

Please quote the serial number in all correspondence about this licence

FULL LICENCE TO ABSTRACT WATER

The Environment Agency (“the Agency”) grants this licence to:-

Rumford Limited (“the Licence Holder”)

Manor Farm
 Chapel Road
 Dilham
 North Walsham
 Norfolk
 NR28 9PZ

[Company registration number] 02465934

This licence authorises the Licence Holder to abstract water from the source of supply described in the Schedules of Conditions to this licence and subject to the provisions of that Schedule. The licence commences from the effective date shown below and shall remain in force until the date of expiry shown below.

Signed	Date of issue <day/month/year>
<insert name> Permitting Team Leader	Date effective <day/month/year>
Environment Agency Permitting and Support Centre Water Resources Team Quadrant 2 99 Parkway Avenue Parkway Business Park Sheffield S9 4WF	Date of expiry 31 March 2030
	Date of original issue 2 February 1968

The licence should be kept safe and its existence disclosed on any sale of the property to which it relates. Please read the ‘important notes’ on the cover to this licence.

Note: References to "the map" are to the map which forms part of this licence.
 References to “the Agency” are to the Environment Agency or any successor body.

Schedule A of this licence shall expire on 30 September 2024. Thereafter, Schedule B shall apply as indicated.

SCHEDULE OF CONDITIONS A

1. SOURCE OF SUPPLY

1.1 Underground strata comprising of chalk at Tunstead, Norfolk.

2. POINTS OF ABSTRACTION

2.1 At National Grid Reference TG 30620 21280 marked 'A' on the map.

2.2 At National Grid Reference TG 30730 21050 marked 'B' on the map.

3. MEANS OF ABSTRACTION

3.1 For the purpose of condition 2.1

A borehole not exceeding 61 metres in depth and 300 millimetres in diameter, steel lined to 24 metres.

A pump of a maximum output not exceeding 10.1 litres per second shared with licence 7/34/09/*G/0133.

3.2 For the purpose of condition 2.2

A borehole not exceeding 91 metres in depth and 300 millimetres in diameter, steel lined.

A pump of a maximum output not exceeding 23 litres per second shared with licence 7/34/09/*G/0133.

4. PURPOSES OF ABSTRACTION

4.1 For the purpose of condition 2.1

Spray irrigation.

4.2 For the purpose of condition 2.2

(i) Frost protection.

(ii) Spray irrigation

5. PERIODS OF ABSTRACTION

5.1 For the purpose of condition 4.1:
All year

5.2 For the purpose of condition 4.2 (i)
From 1 March to 7 June inclusive.

5.3 For the purpose of condition 4.2 (ii)
From 1 April to 31 October inclusive.

6. MAXIMUM QUANTITY OF WATER TO BE ABSTRACTED

6.1 For the purpose of condition 4.1:

525 cubic metres per day
22,987 cubic metres per year

6.2 For the purpose of condition 4.2(i)

1,964 cubic metres per day
9,000 cubic metres per year

6.3 For the purpose of condition 4.2(ii)

1,283 cubic metres per day
68,490 cubic metres per year

6.4 Note: A day means any period of 24 consecutive hours and a year means the 12 month period beginning on 1 April and ending on 31 March.

7. MEANS OF MEASUREMENT OF WATER ABSTRACTED

7.1 (i) The Licence Holder shall use one meter for each separately identified purpose and point of abstraction to measure quantities of water abstracted.

(ii) No abstraction shall take place unless the Licence Holder has installed any meters required in (i) above.

(iii) The Licence Holder shall position and install the meters in accordance with any written directions given by the Agency.

(iv) The Licence Holder shall calibrate, maintain, repair or replace any meters to ensure that accurate measurements are taken at all times.

(v) The Licence Holder shall retain all evidence of the repair of the meters or replacement(s) including evidence of current certification and / or results of flow checking for inspection by the Agency for a period of 6 years.

8. RECORDS

8.1 For the purpose of condition 2.1

The Licence Holder shall take and record readings of the meters specified in condition 7.1 at the same time each week during the whole of the period during which abstraction is authorised or as otherwise approved in writing by the Agency

8.2 For the purpose of condition 2.2

The Licence Holder shall take and record readings of the meters specified in condition 7.1 at the same time each week during the whole of the period during which abstraction is authorised or as otherwise approved in writing by the Agency

8.3 (i) The Licence Holder shall send a copy of the records to the Agency within 28 calendar days of 31 March or 31 October in each year or within 28 calendar days of being so directed in writing by the Agency or alternatively the Licence Holder shall send summary data from the record as specified by the Agency.

(ii) Each record shall be kept and be made available during all reasonable hours for inspection by the Agency for at least 6 years.

9. FURTHER CONDITIONS

9.1 For the purpose of condition 2.2

The pumping equipment is to be designed to operate satisfactorily under conditions which will prevail if the rest water level in the borehole is lowered by 5 metres as a result of additional abstractions by persons other than the Licence Holder coming into operation after the issue of this licence, due allowances being made for natural seasonal changes in water level and the interference effects of existing abstractions. If the pump intake is not initially installed at such depth as is necessary to comply with the above requirement the Licence Holder shall lower it at his own expense if so requested by the Agency. The Licence Holder shall inform the Agency of the levels at which the pump and the pump intake are installed.

SCHEDULE OF CONDITIONS B

1. SOURCE OF SUPPLY

1.1 Underground strata comprising of chalk at Tunstead, Norfolk.

2. POINTS OF ABSTRACTION

2.1 Up to and including 30 September 2026

At National Grid Reference TG 30620 21280 marked 'A' on the map.

2.2 At National Grid Reference TG 30730 21050 marked 'B' on the map.

3. MEANS OF ABSTRACTION

3.1 For the purpose of condition 2.1

A borehole not exceeding 61 metres in depth and 300 millimetres in diameter, steel lined to 24 metres.

A pump of a maximum output not exceeding 10.1 litres per second shared with licence 7/34/09/*G/0133.

3.2 For the purpose of condition 2.2

A borehole not exceeding 91 metres in depth and 300 millimetres in diameter, steel lined.

A pump of a maximum output not exceeding 23 litres per second shared with licence 7/34/09/*G/0133.

4. PURPOSES OF ABSTRACTION

4.1 Until 30 September 2026 for the purpose of condition 2.1

Spray irrigation.

4.2 For the purpose of condition 2.2

Frost protection.

5. PERIODS OF ABSTRACTION

5.1 For the purpose of condition 4.1:
All year.

5.2 For the purpose of condition 4.2
From 1 March to 7 June inclusive.

6. MAXIMUM QUANTITY OF WATER TO BE ABSTRACTED

6.1 For the purpose of condition 4.1:

525 cubic metres per day
22,987 cubic metres per year

6.2 For the purpose of condition 4.2:

1,964 cubic metres per day
9,000 cubic metres per year

6.4 Note: A day means any period of 24 consecutive hours and a year means the 12 month period beginning on 1 April and ending on 31 March.

7. MEANS OF MEASUREMENT OF WATER ABSTRACTED

7.1 (i) The Licence Holder shall use one meter for each separately identified purpose to measure quantities of water abstracted.

(ii) No abstraction shall take place unless the Licence Holder has installed any meters required in (i) above.

(iii) The Licence Holder shall position and install the meters in accordance with any written directions given by the Agency.

(iv) The Licence Holder shall calibrate, maintain, repair or replace any meters to ensure that accurate measurements are taken at all times.

(v) The Licence Holder shall retain all evidence of the repair of the meters or replacement(s) including evidence of current certification and / or results of flow checking for inspection by the Agency for a period of 6 years.

8. RECORDS

8.1 For the purpose of condition 2.1
The Licence Holder shall take and record readings of the meters specified in condition 7.1 at the same time each month during the whole of the period during which abstraction is authorised or as otherwise approved in writing by the Agency

8.2 For the purpose of condition 2.2
The Licence Holder shall take and record readings of the meters specified in condition 7.1 at the same time each week during the whole of the period during which abstraction is authorised or as otherwise approved in writing by the Agency

8.3 (i) The Licence Holder shall send a copy of the records to the Agency within 28 calendar days of 31 March in each year or within 28 calendar days of being so directed in writing by the Agency or alternatively the Licence Holder shall send summary data from the record as specified by the Agency.

(ii) Each record shall be kept and be made available during all reasonable hours for inspection by the Agency for at least 6 years.

9. FURTHER CONDITIONS

9.1 For the purpose of condition 2.2

The pumping equipment is to be designed to operate satisfactorily under conditions which will prevail if the rest water level in the borehole is lowered by 5 metres as a result of additional abstractions by persons other than the

Licence Holder coming into operation after the issue of this licence, due allowances being made for natural seasonal changes in water level and the interference effects of existing abstractions. If the pump intake is not initially installed at such depth as is necessary to comply with the above requirement the Licence Holder shall lower it at his own expense if so requested by the Agency. The Licence Holder shall inform the Agency of the levels at which the pump and the pump intake are installed.

ADDITIONAL INFORMATION

Note: the following is provided for information only. It does not form part of the licence.

REASONS FOR CONDITIONS

The abstraction is required to be metered to demonstrate compliance with the terms of the licence and to provide information on actual water usage for water planning purposes.

The licence is time-limited to a date to reflect the timing of a future review of the catchment resources availability.

IMPORTANT NOTES

Abstraction Reform

We have granted this licence in line with current legal requirements and policies on managing water resources. However, Government have consulted on reforms which may affect the duration, quantities and management of licences before your current licence expires (ends), where appropriate. You should take account of this when making business decisions. If you would like to find out more, please search for 'abstraction reform' on gov.uk.

Water efficiency note

The Licence Holder should use water abstracted under the terms of this licence in an efficient manner. The Agency may refer to its guidance on water efficiency (or equivalent guidance) in determining whether water is being used efficiently and may offer advice on any measures considered necessary to meet particular recommendations.

Metering

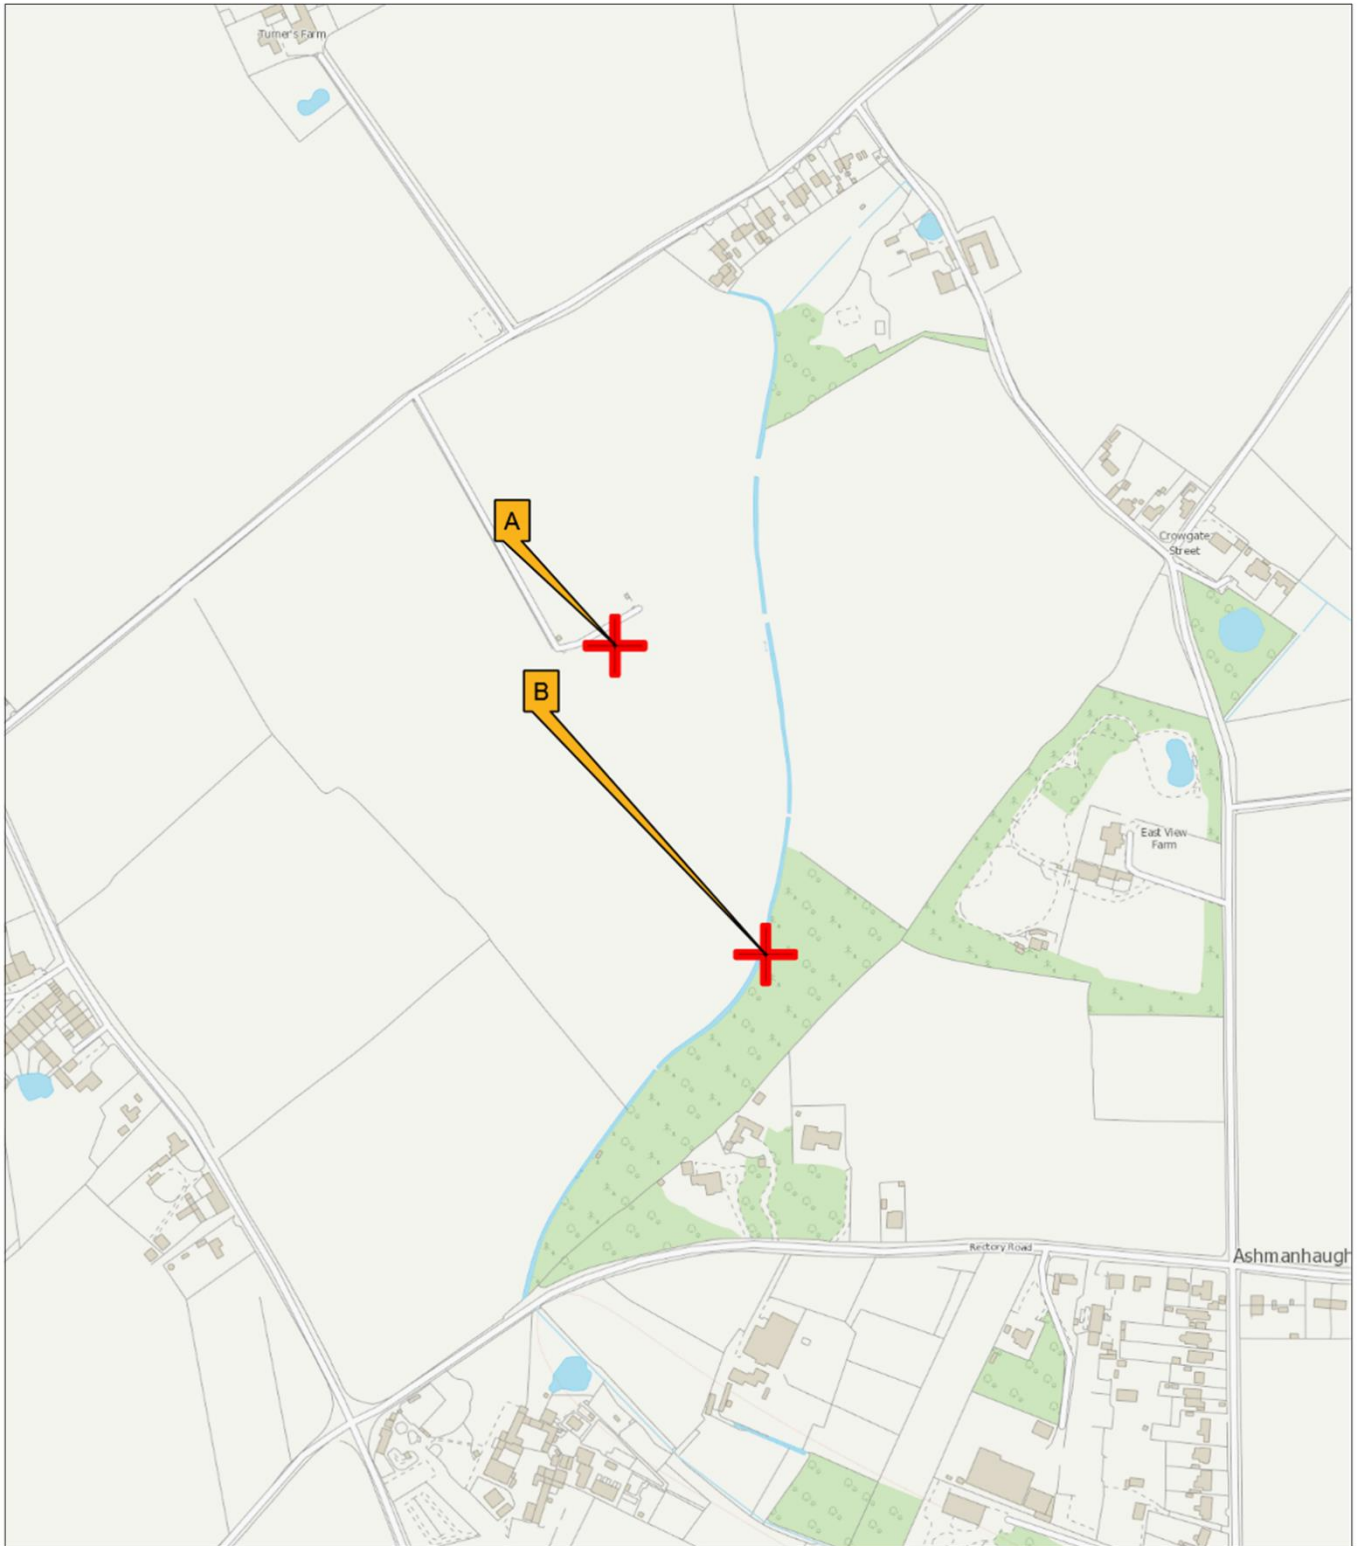

The Agency will have regard to its Abstraction Metering Good Practice Manual (or equivalent guidance) in directing any of the following: where the meter should be located or how it should be installed; whether the meter measures accurately, and/or is properly maintained; whether it is necessary to require repair or replacement of the meter.

Water Resources LICENCE TO

ABSTRACT

WATER

Environment Act 1995
Water Resources Act 1991 as amended by the
Water Act 2003
Water Resources (Abstraction and Impounding)
Regulations 2006

IMPORTANT NOTES

Need for safekeeping

This licence is an important document. The permission or right to abstract water may be valuable to your landholding. So -

- **Keep the licence safe, preferably with your deeds etc.**
- **Take careful note of the comments below about “transfer and apportionment” and “death and bankruptcy”.**

This is to ensure that the permission and any rights granted by the licence continue if you need to pass it on to someone else.

If you want to:

- [revoke \(cancel\) the licence;](#)
- [notify us of the death or bankruptcy of the licence holder ;](#)
- [vary \(change/amend\) the licence in any way](#)
- **change the owner of the licence or**
- [change your contact address \(but you continue to hold the licence\).](#)

You can find our forms on [.GOV.UK](#) or alternatively contact us for advice on how to make any changes by calling our National Customer Centre on 03708 506 506

Transfer and apportionment (split)

If you need to pass this licence or any part of it to someone else, you must contact the Environment Agency and obtain the appropriate application forms. Temporary licences cannot be transferred or apportioned. The licence holder remains responsible for compliance with the terms of the licence and any charges payable until the licence has been transferred or apportioned.

Death or bankruptcy of the licence holder

‘Vesting’ is the transfer of responsibility and ownership of a licence when an existing licence holder is no longer able to hold the licence either through death or bankruptcy.

If a licence has been ‘vested’ in you, as a result of the death or bankruptcy of the licence holder, please contact the Environment Agency in writing, telling us the licence number(s) and the date that the licence vested in you as a personal representative or trustee of the licence holder. This is necessary in order to enable you to subsequently transfer the licence.

You must notify us in writing within **15 months** of the date of vesting, being either death or bankruptcy of the licence holder giving the full names of all personal representatives or trustees and a contact address.

Time limits

Your licence may be subject to a time limit (where appropriate this will be shown on the front of your licence). All new abstraction licences are legally required to include a time limit. For variations to licences, time limits are added in accordance with our policy.

The duration of a time limit is determined in accordance with our time limiting policy. The time limit is linked to the next or subsequent review of water resources within the relevant [Abstraction Licensing Strategy](#) (ALS)

At the end of the time limit, we should be able to renew the licence if:

- there is no damage to the environment;
- the need for the abstraction can still be justified;
- water is being used efficiently; and
- you still meet the legal requirements for getting a licence.

If your licence is time limited and you wish to renew it when it expires, you will need to apply for a new licence to replace the existing one. You are advised to submit this application at least six months before it expires. To allow you to give early consideration to this, we will send you a reminder approximately 18 months before the expiry date.

If your licence cannot be renewed, we will endeavour to give at least six years notice. We will also endeavour to give at least six years notice where the licence is likely to be renewed on different terms and will significantly impact upon the use of the licence.

In exceptional circumstances, for example where there are other overriding statutory duties such as the Habitats Regulations, it may not be possible to provide six years notice.

Charges

Unless specifically exempted, we will levy an annual charge for water authorised to be abstracted by this licence, in accordance with our abstraction charges scheme in force at the time. To work out your charges, please refer to our [Scheme of Abstraction Charges](#) available on GOV.UK.

Quantity and quality of water

You must not abstract more than the quantity specified in the licence. The Environment Agency does not, by issue of this licence or otherwise, in any way guarantee that the source of supply will produce the quantity of water authorised to be abstracted by this licence, nor that the water is fit for its intended use.

The quantity of water authorised for abstraction is given in cubic metres. One cubic metre is approximately 220 gallons. (The precise conversion is 1 cubic metres = 219.969 gallons).

Source of supply and authorised point of abstraction

You may abstract from the point(s) specified in the licence and from no other points. If you want to add or change the authorised point(s) of abstraction, you must apply to us to vary the licence.

Purpose for which water is authorised to be used

You may only use the water for the purpose(s) specified in the licence. You must apply to us to vary the licence if you wish to add to or change the purpose(s).

Offences

Under the Water Resources Act 1991 it is an offence:-

- to abstract water, or cause or permit any other person to abstract water, unless the abstraction is authorised by and in accordance with an abstraction licence, or is subject to an exemption;
- to do anything to enable abstraction, or to increase abstraction, except in accordance with an abstraction licence or exemption;
- to fail to comply with the conditions of an abstraction licence.

Note in particular that it may be a condition of the licence to maintain the meter or other measuring device etc. and failure to do so will be an offence;

- to interfere with a meter or other device which measures quantities of water abstracted so as to prevent it from measuring correctly;
- to fail to provide information which we have reasonably required for the purpose of carrying out any of the Environment Agency’s water resources functions;
- to knowingly make false statements for the purpose of obtaining a licence or consent or in giving required information.

The requirement for a licence is subject to some exemptions, set out in the Water Resources Act 1991 as amended. If in any doubt as to whether you need a licence, contact us at the address shown at the bottom of the front page of the licence.

Right of appeal

If you are dissatisfied with our decision on your licence application, you have the right to appeal against our decision.

You should write to the Secretary of State for the Environment, Food and Rural Affairs, care of The Planning Inspectorate at:
The Environment Team
3A Eagle Wing,
Temple Quay House,
2 The Square,
Temple Quay,
Bristol,
BS1 6PN

Alternatively you can obtain an on-line appeal form at:

<https://www.gov.uk/government/publications/water-abstraction-and-impoundment-appeal-form>

You must serve notice of appeal within 28 days of the date of receipt of this licence (although the Secretary of State has power to allow a longer period for serving notice of appeal). See [Water Resources Act 1991, section 43](#).

Disclosure of information

Details of this licence are placed on a register, kept by the Environment Agency and open for inspection by the public. The public may also obtain further details about it by virtue of the Environmental Information Regulations 2004 (see also Disclosure of Information) except in special cases (for advice please contact us at the address shown on the front page of the licence).

Members of the public are also entitled to ask us for other “environmental information” it holds, including any activities likely to affect “the state of any water” or any “activities or other measures designed to protect it”. That would include the information additional to the licence document e.g. any related agreement or abstraction returns. In certain restricted circumstances it is possible to claim that information should be kept confidential. If you require more information about keeping this information off the public register because it is confidential, please contact us by writing to the address shown on the front page of the licence within 28 days of receiving this licence.

SCHEDULE OF CONDITIONS

1. SOURCE OF SUPPLY

1.1 Underground strata comprising of Chalk at Church Farm, Tunstead, Norfolk.

2. POINT OF ABSTRACTION

2.1 At National Grid Reference TG 3127 2231 marked 'A' on the map.

3. MEANS OF ABSTRACTION

3.1 A borehole not exceeding 76 metres in depth and 300 millimetres in diameter lined with steel with a pump.

4. PURPOSES OF ABSTRACTION

4.1 Up to and including 30 September 2024
Spray irrigation.

4.2 Agriculture other than spray irrigation.

5. PERIOD OF ABSTRACTION

5.1 From 1 March to 31 October inclusive.

6. MAXIMUM QUANTITY OF WATER TO BE ABSTRACTED

6.1 For the purpose of spray irrigation

100 cubic metres per hour
1,092 cubic metres per day
63,600 cubic metres per year

6.2 For the purpose of agriculture other than spray irrigation

6,400 cubic metres per year

The aggregate instantaneous rate shall not exceed 28 litres per second.

Note: an hour means any period of 60 consecutive minutes, a day means any period of 24 consecutive hours and a year means the 12 month period beginning on 1 April and ending on 31 March.

7. MEANS OF MEASUREMENT OF WATER ABSTRACTED

7.1 (i) No abstraction shall take place unless the Licence Holder has installed a meter to measure quantities of water abstracted.

(ii) The Licence Holder shall position and install the meter in accordance with any written directions given by the Agency.

(iii) The Licence Holder shall calibrate, maintain, repair or replace the meter to ensure that accurate measurements are taken at all times.

(iv) The Licence Holder shall keep all records of meter repair or replacement including evidence of current certification and / or results of flow checking for inspection by the Agency for a period of 6 years.

8. RECORDS

- 8.1 The Licence Holder shall take and record readings of the meter specified in condition 7.1 at the same time each day during the whole of the period during which abstraction is authorised or as otherwise approved in writing by the Agency.
- 8.2 The Licence Holder shall send a copy of the record or summary data from it to the Agency within 28 calendar days of 31 March in each year or within 28 calendar days of being so directed in writing by the Agency.
- 8.3 Each record shall be kept and be made available during all reasonable hours for inspection by the Agency for at least 6 years.

ADDITIONAL INFORMATION

Note: the following is provided for information only. It does not form part of the licence.

REASONS FOR CONDITIONS

The abstraction is required to be metered to demonstrate compliance with the terms of the licence and to provide information on actual water usage for water planning purposes.

IMPORTANT NOTES

Important notes

Up to and including 30 September 2024:

There is an expectation that when you change between uses you must read the meter at the point of change.

Abstraction Reform

We have granted this licence in line with current legal requirements and policies on managing water resources. However, Government have consulted on reforms which may affect the duration, quantities and management of licences before your current licence expires (ends). You should take account of this when making business decisions. If you would like to find out more, please search for 'abstraction reform' on gov.uk.

Water efficiency note

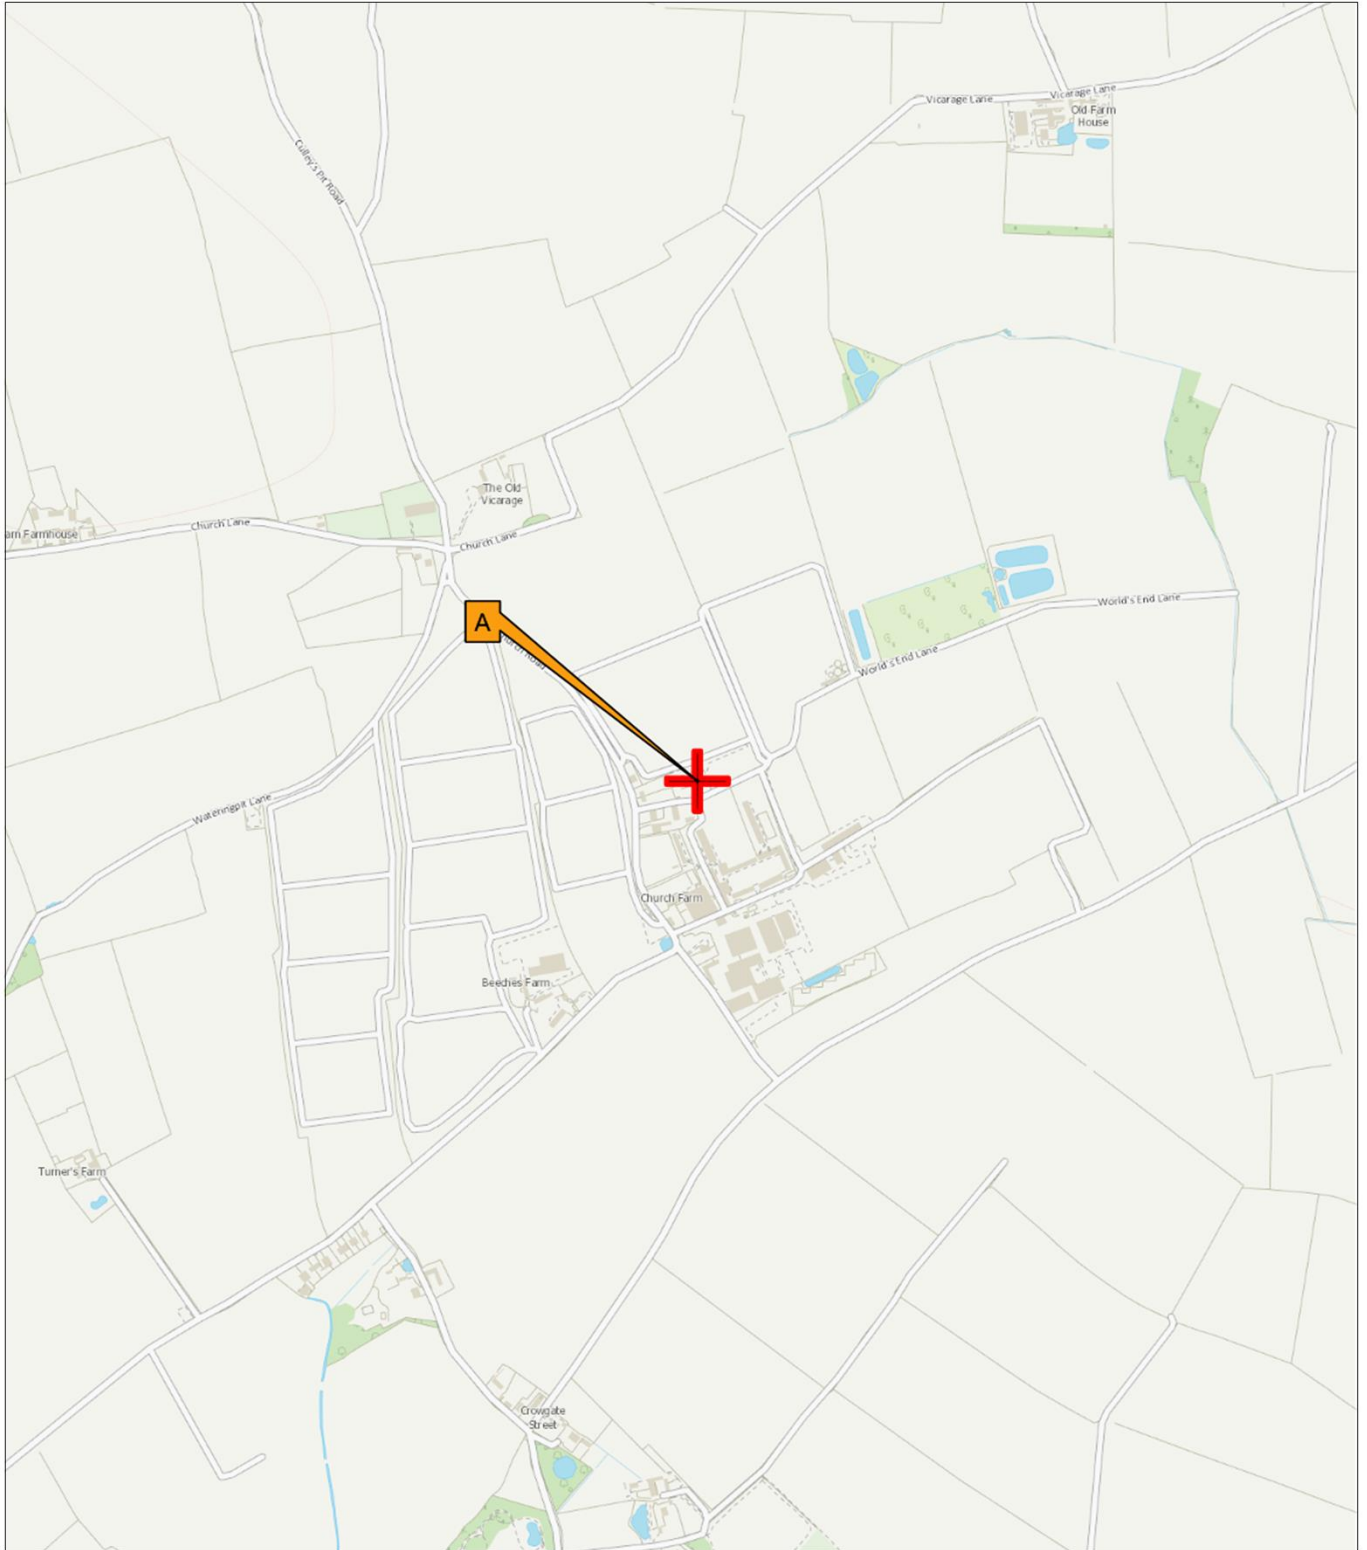

The Licence Holder should use water abstracted under the terms of this licence in an efficient manner. The Agency may refer to its guidance on water efficiency (or equivalent guidance) in determining whether water is being used efficiently and may offer advice on any measures considered necessary to meet particular recommendations.

Metering

The Agency will have regard to its Abstraction Metering Good Practice Manual (or equivalent guidance) in directing any of the following: where the meter should be located or how it should be installed; whether the meter measures accurately, and/or is properly maintained; whether it is necessary to require repair or replacement of the meter.

Licence History

Licence serial number	Issue date	Expiry date	Summary of changes
7/34/09/*G/0094	1 November 1979	N/A	Original licence issued.
7/34/09/*G/0094	16 January 2018	N/A	Transfer of Licence Holder. Application: NPS/WR/027658.
7/34/09/*G/0094	XX		Time limit placed on spray irrigation purpose under Section 52 Water Resources Act 1991
