Hi Kate

Bird numbers split evenly across the five houses for both the existing 150,000 pullets and 200,000 broilers.  
Pullets 30,000 per house, broilers 40,000 per house.  
Have requested the fan info from the operator.

Regards

Steve

Morning Steve,

Can you provide the following information please ready for audit of the ammonia modelling:

- Location, number and size of the side fans on each poultry house
- Breakdown of bird numbers per house

Kind regards

Kate

Hi Steve,

Thanks for the risk assessment and drainage plan. Once we have finished our initial checks of the modelling report I will let you know if I have everything for duly making.

Kind regards

Kate

Hi Kate

Risk assessment and drainage plan attached.

Operator has informed me that Area officer has seen the drainage improvements.

Regards

Steve
