

About this consultation

B61 0QT, NRS Bromsgrove Aggregates Limited: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for NRS Bromsgrove Aggregates Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/NP3325LQ/A001
- Regulated facility type: This is an application for a new bespoke environmental permit for the deposit of waste for recovery. Up to 975,000m³ of waste will be used to restore a disused sand and gravel quarry to pre-extraction ground levels. Additionally, waste operations at the site will include the treatment of up to 75,000 tonnes per year of non-hazardous waste to produce soil, soil substitutes and aggregates, some of which will be used in the associated deposit for recovery activity.
- Regulated facility location: Sandy Lane Quarry, Sandy Lane, Bromsgrove, B61 0QT

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact PSCpublicresponse@environment-agency.gov.uk
