

About this consultation

BD4 0SG, ABF Grain Products Limited: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for ABF Grain Products Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/DP3531SW/V006
- Regulated facility type: The ABF Grain Products Limited trading as Speedibake, located in Bradford, is applying to install a new artisan pizza base manufacturing processing line. This process will be conducted in an existing building, located in the southwest corner of the site, within the current permit boundary. Once formally commissioned and optimised, the line is expected to produce up to 48 tonnes of pizza base within a 24-hour day.

This application is seeking to introduce six new air emissions points to the site, all associated with the baking oven. Two of the emissions points are direct flues from the burners.

The Operator is seeking to increase the maximum daily production capacity of the site to 248 tonnes per day.

The Operator is not seeking to increase or change the permit boundary as a result of this application.

- Regulated facility location: Cross Lane Bakery, Bradford, 6 Cross Lane, Bradford, BD4 0SG

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact PSCpublicresponse@environment-agency.gov.uk

How we will use your information

We will look to make comments received publicly available at our Environment Agency public register.

All comments which are made publicly available will exclude email addresses and telephone numbers. Any comments where confidentiality has been claimed will not appear on the public register.

In accordance with the Freedom of Information Act 2000, we may be required to publish your response to this consultation, but will not include any personal information. If you have requested your response to be kept confidential, we may still be required to provide a summary of it.

Consultation Principles

We are running this consultation in accordance with the criteria set out in the government's [Consultation Principles](#).

If you have any queries or complaints about the way this consultation has been carried out, please email: PSCpublicresponse@environment-agency.gov.uk
