Management Systems

All SUEZ operations are controlled by an Integrated Management System (IMS) comprising quality, environmental and health and safety requirements which are certified to ISO 14001, ISO 9001 and ISO 45001 standards.

It should be noted that SUEZ IMS system is a live system and is continually updated. The full SUEZ IMS covers all SUEZ activities, therefore not all sections of the IMS are applicable to a particular site type.

A summary of SUEZ Integrated Management System is included below:
