Alex,
The outdated version of Director's details was provided – the correct version was one supplied to Caroline Brasher in June 2020 and attached here.
Scott's COTC was part of the submission, but please find attached again for clarity

Subject: Request for missing information

Good afternoon,

Environmental permitting application

Application reference: EAWML 407451
Operator: H.H. & D.E. Drew Limited
Facility: Hurn Quarry

Thank you for your application received **21/12/2020**.

Unfortunately we need more information from you before we can continue working on it.

Please provide the date of birth of Rodolphe Lafargue.

Apologies if I have missed it, but I was unable to locate the COTC certificate for Scott Hooper within the application. Please could you guide me to it, or provide a copy separately if it wasn't in the application pack?

If you email or write to us please quote the application reference **EAWML 407451** on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough information for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter. If we need further information before we can say it's duly made we'll let you know what is required.

If we don't receive the missing items by 21/01/2021 we'll return your application form and refund your fee.

Kind regards,

Alex Johnston
