

KEY	OPERATING PROCEDURE NAME	NEIL BARNETT	WILLIAM HARRISON	Mike Sammons	Brett Sullivan	Alberto Jimenez	PHILIP DANTON	GARY KINALY	ALEXIS BROADWAY	TOM BEDDALL	MORGAN TAYLOR	CARL TETSOLA	Andrew Trinder	TIRATH MALL	TBA	Richard West	PAUL DOWNHAM	Steve Clarke	KEITH SULLIVAN	ANDREA BEDDALL	SUE ROBERTSON	ANDREW BALE	DAVE SMITH	MAQSOOD AHMED	DAVID EVERINGTON	Mark Albery	DARRELL ROWKINS
	CHEMIST PROCEDURES																										
OPWIMF100	Opening and Closing Containers																										
WIMWF101	Lab Smalls Procedure																										
OPWIMF103	Bulking by pump																										
OPWIMF104	Sampling and analysis of waste																										
OPWIMF105	Unloading Tankers into IBC's																										
OPWIMF108	Bulking wastes on to Tankers (Tanker loading)																										
OPWIMF106	Re-Use of IBCs on site																										
OPWIMF107	Compatibility Testing of Wastes																										
OPLAB003	Operation of flash test equipment																										
OPLAB002	Calibration of pH meter and balance																										
	YARD PROCEDURES																										
WIYARD101	Forklift Truck & attachment Operation procedure																										
WIYARD207	Loading and offloading procedure for flatbed vehicles																										
WIYARD103	Emptying of bunds using site water pump																										
WIYARD201	Operation of bin lifting & pressing equipment																										
WIYARD210	Decanting of Metal IBCs																										
WIYARD109	Repackaging of skip waste																										
WIYARD209	Cutting open of old intermediate bulk containers (IBCs)																										
WIYARD206	Operation & use of heavy plant in the yard at Stewartby																										
WISHIP001	Unloading of shipping containers																										
WIYARD205	Manual sorting of paint																										
WIYARD211	Tipping of waste into RORO skip using FLT																										
OPYARD117	Sorting and Repacking of empty paint and tinter bottles																										
WIYARD200	Operation of water storage facilities																										
OPYARD004	The Use of a pallet truck																										
OPYARD107	Spill control procedure																										
OPYARD211	Sorting & repacking of fluorescent tubes,lamps,bulbs Stewartby																										
OPYARD121	Rumi compacting/crushing machine																										
WIYARDGP1	Stewartby gritting plan																										
	PAINT REMANUFACTURING PLANT																										
OPTARD114	Operation of paint remanufacturing plant																										
	MAINTENANCE																										
WIMAIN1003	Maintenance																										
RAMAIN100	Maintenance Hotworks																										
WIMAIN001	Work Commencing on Pumps,Valves and Other Equipment																										
RAMAIN101	Pumps,Valves and Tanks																										
OPMAINT009	Mobile Elevating Work Platform																										
RAMAIN102	Mobile Elevating Work Platform																										
RAMAIN103	Forklift Truck Work Platform																										
RAMAIN104	Strimmer Operation																										
WIMAIN007	Diesel Pressure washer																										
RAMAIN105	Pressure Washer																										
RAMAIN106	Cleaning & Removal of Sludge From Tanks																										
WIMAIN015	External & Internal Tank Inspections at Stewartby																										
HAZ/3/355	Above ground storage tank testing and inspection																										
RAMAIN107	Scrub & Tree Removal From SWMF Fence Line																										
RAMAIN108	Cutting Of IBC Containers																										
RAMAIN109	Use Of Hand Held Grinders																										
RAMAIN110	Operation Of Rain Water Storage Facilities																										
RAMAIN111	Cleaning Of Bays With Low Pressure Washer																										
WIMAIN004	The Protection Of Plant And Equipment																										
WIMAIN002	Engineering work request																										
WIMAIN005	Calibration of Test Equipment																										
HS/2/010	Permit to Work																										
W1301	Control of Site Modifications																										
OPMAINT102	Compressor Operating Procedure																										
RAMAIN112	Compressor Operation																										
WIMAIN011	Diesel Generating/ Welding Plant																										
WIMAIN010	Lock off and Isolation																										
WIMAIN014	Control Of Hot Work At Stewartby																										
WIMAIN101	Bin Tipper Maintenance /Bolt on Hopper Ram																										
RAMAIN101	Bin Tipper Maintenance /Bolt on Hopper Ram																										
RAGEN015	Working at Height																										
HAZ/3/508	Hose Management																										
RAFAB001	Veolia Fabrication Modification Works																										
RAMAIN113	Cutting Of Stainless Steel Exhaust Scrubber Tubes																										
HS/2/012/008	Hand Arm Vibration Toolbox Talk																										
HS/2/021	Hand Arm Vibration																										
HS/2/051	Abrasive Wheels and Grinding Machines																										
FBTRP01 & FBTRP01A	Fallen Bin On Bin Tipper Retrieval Process																										
FBTRP01	Fallen Bin On Bin Tipper Retrieval Process																										
RAMAINRUN1124	Unblocking Rumi Machine																										
OPMAINT015	Brake Test																										
RAMAIN114	Brake Test																										
OPMAINT103	Securicharge Charge Point																										
	GENERAL 1																										
PUWER RA	Power-2																										
RALOLERO1	Loler																										
RAGEN016	Physical Security																										
RAGEN103	Legionella																										
RAGEN106	Workplace Transport Risk Assessment																										
STREP002	Emergency Plan																										
OPGEN101	Pre Acceptance Procedure																										
OPGEN102	Waste Acceptance Procedure																										
OPGEN103	Storage Protocol																										
OPGEN104	Stock Control System																										
WI001	COMAH Stock Control																										
RAGEN115	Packaged Waste Storage Areas																										
W1302	Contractor and Visitor Control																										
RAGEN002	Visitors To Site
