

Sellafield Ltd

Declaration Form for the Limited Operation of Medium Combustion Plant

Declaration Requirement

This form satisfies the Environmental Permitting Regulations 2018 requirement to provide a declaration in the form of a signature to confirm that a medium combustion plant (MCP) will not be operated for more than 500 hours per year.

This declaration will exempt a generator from the Environmental Permitting Regulations 2018 requirements under Schedule 25A, Part 2, Para 7 (existing MCP) or Para 8 (new MCP) outlined below:

"7.— (1) An existing medium combustion plant which operates for no more than 500 operating hours per year, as a rolling average over a period of five years, is not required to comply with the emission limit values set out in Tables 1, 2, and 3 of Part 1 of Annex II, provided that the operator has signed a declaration in accordance with paragraph 7 of Annex I*."*

"8.— (1) A new medium combustion plant which operates for no more than 500 operating hours per year, as a rolling average over a period of three years, is not required to comply with the emission limit values set out in Part 2 of Annex II, provided that the operator has signed a declaration in accordance with paragraph 7 of Annex I*."*

(*Refers to Annex I and Annex II of the EU Medium Combustion Plant Directive.)

Declaration

Sellafield Ltd declares that the generator(s) identified here will be operated for no more than 500 operating hours per year, as a rolling average over a period of three years.

MCP Unique Identifier(s): **EDNUP Generators Nos. 1-12**
Model for all generators: **MTU 20V4000G94LF (Rolls Royce)**

Date: **31/05/2022**

Name: **Chris McKenna**

Role: **Utilities senior operations manager**

Signature:
