

Document 7-

3a1 Does your permit (in Table 2.1 Operating Techniques or similar table) have references to any of your own documents or parts of documents submitted as part of a previous application for this site?

Our existing permit V005 is tied into our EMS for the site. This will be revised in view of the removal of Activity A3 and the increase in volume of material under activity A4. A new EMS will be provided with this variation.
