NOTES:

LAND OWNERSHIP
All land for development is owned by the Canal &
River Trust and leased by the applicant.

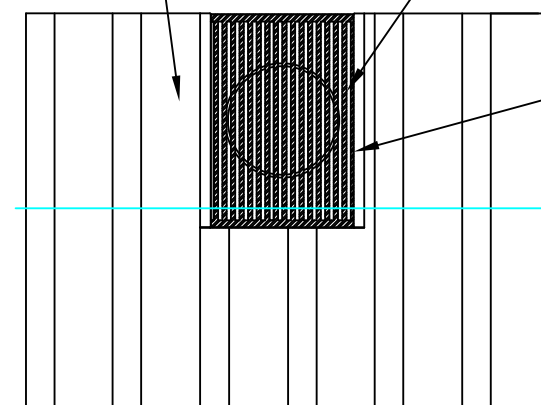

Two steel channels will be
secured in place

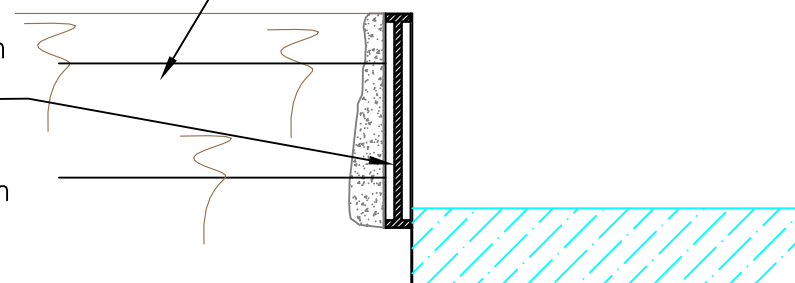

River bank already has a
sheet pile retaining wall.

The outfall structure will be placed
into a cut section of the Sheet
piles.

A stainless steel screen
will slide down between
the two channel steel
sections, allowing for
quick and simple screen
cleaning .

800mm twin wall outfall
pipe.
