

About this consultation

CB9 7TD, ESSEX WASTE LIMITED: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for ESSEX WASTE LIMITED. Please use the reference number below when making comments on this application.

- Permit Number: EPR/UP3525LH/A001
- Regulated facility type: New bespoke waste application for a non-hazardous waste physical treatment facility for the treatment or waste to produce soil, soil substitutes and aggregates with a Noise Management Plan and a Dust and Emissions Management Plan. Annual tonnage of 250,000 tonnes.
- Regulated facility location: Essex Waste Limited, Stour Business Park, Little Wratting, HAVERHILL, CB9 7TD

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.
