**Categories:** Danny

Good afternoon,

Please find below responses to both of your emails dated 04/02/2026. Let me know if you have any questions.

Please find attached the latest application forms which have been attached to the application report. The application report has also been added to the Dropbox folder.

As stated in the application report and application form, the Operator has decided to implement a Competent Management System (CMS) and will have a certified CMS within 12 months. The Operator has confirmed they will use SharePoint as the working CMS. A licence has been purchased and Dani Curtis from YourISO Certification and Business Development Consultant has been appointed to develop the CMS. Certificates will be provided when available.

The 'Confidential document. Reproduction prohibited.' is included on all our documents, it's part of our report template. We have submitted documents in this template previously and not had issues. Please can you confirm you can log these. There is no information contained in the application which is confidential. We have not selected the box in the Part F1 form. If necessary, we can remove "confidential document", but we have to retain "Reproduction Prohibited" as part of our disclaimer.

Kind regards,

**Emma Greenhalgh**

Good Afternoon

Hope all is well. I have started the Logging Process of this Application and have sent out an RFI (Request for Further Information) email. Please see attached for more information. However, when I am going to upload the documentation provided to our systems, it states in the Application Final Report

‘Confidential document. Reproduction prohibited’ (Please see below for more information). Was this stated in error? I ask this as the confidentiality option was not ticked on Form Part F1. If you do wish to apply for Confidentiality, please can you confirm this and provide justification?

water is recycled back into the process, reducing fres

**Subject:** RI Logging - WASTE - NEW BESPOKE - Enviroo Project Co Limited

Good afternoon,

Please find below a Dropbox link to a permit application for Enviroo Project Co Limited. This is a resubmitted application. We have been advised that the application will be expediated and will be allocated to the same officer for validation (Naomi Daniel).

The Operator has paid ?33,806.40 via BACs transfer under payment reference PSCAPPENVIR419.

The application fee provide is sufficient to cover the now agreed application fee (including that for review of the DEMP) and the Agency's costs associated with the Duly Making process of the original application. We calculate the following: application fee paid ?33,806.40 – duly making costs ?1,613.00 – agreed fee (inc. DEMP) ?23,607.00 = ?8,586.40 to be refunded.
