Dear Rachael

Further to our recent conversations and correspondence, I can confirm that Elleteq are an approved WAMITAB Centre (Centre No: L173/213) and we have registered the following candidates for the awards as shown.

- Joshua Willis
  - Level 4 Medium Risk Operator Competence for Non-Hazardous Sludge and Land Spreading
  - Level 4 Medium Risk Operator Competence for Storage of Non-Hazardous Wastes
  - Level 4 Medium Risk Operator Competence for Non-Hazardous Waste Treatment and Transfer
  
- William John Hughes
  - Level 4 Medium Risk Operator Competence for Non-Hazardous Sludge and Land Spreading
  - Level 4 Medium Risk Operator Competence for Storage of Non-Hazardous Wastes
  - Level 4 Medium Risk Operator Competence for Non-Hazardous Waste Treatment and Transfer

The assessor we have appointed to work with Joshua and William is Gary Campbell who is a very experienced assessor and he will guide both candidates through the units to ensure that the learning outcomes and assessment criteria are achieved for all qualifications. Elleteq will provide a file for each candidate, this contains a series of documents and the qualification workbooks which will assist with building up a portfolio of evidence for evaluation and review once completed.

Gary will work with each candidate and use a variety of methods to demonstrate the evidence and map across into their workbook for each required element, he will also help to pinpoint if any documents or procedures are missing and need to be put in place before the next visit.

If you have any queries at any time throughout the process, please do not hesitate to contact me.

Yours sincerely

**Sandra Hardy**  
**Director**
