

## HyNet Hydrogen Production Plant 1 – Technical Note

### EPR Response 3

#### Summary

Q3 - Gas Feedstock Composition. Confirm whether the mercury content in the refinery off-gas (ROG) stated in table 2-1 of the Permit Application Supporting document (i.e. 10 g/Nm<sup>3</sup>) is correct.

#### Details

This is a typo. It should read 10 µg/Nm<sup>3</sup>.
