Our ref: EPR/DB3106CD/A001
Your ref: TAR /AZ/AW/5513/02/WRP

Date: 01 May 2018

Dear Mr G Titman,

Environmental Permitting – Recovery or Disposal Operation
Pre-application Reference: EPR/DB3106CD/A001
Proposed Operator: Tarmac Trading Limited
Regulated facility: Area Z at the Roxwell Quarry Complex
Site Address : Boyton Cross, Roxwell, Chelmsford, CM1 4LT

As part of our pre-application discussions, you have submitted information to us that includes your assessment that the activity you wish to undertake at your site amounts to a recovery operation.

We have now fully considered your submission and we would like to advise you that:

We agree with your assessment that your activity is a recovery operation. This advice is based on the information you have provided in relation to waste types, amounts and nature of proposal including any proposed landform. If you change any of these between now and when you submit an application form, this advice may no longer apply. **Please also note that following submission of an application, additional assessment will take place (for example, further assessment of the proposed waste types based on the sensitivity of the site location) and therefore agreement that an operation is a recovery activity does not guarantee that a permit will be granted or a variation issued.**

For the sake of clarity, the following documents are considered to form the approved waste recovery plan;

- Waste Recovery Plan, Report reference: TAR /AZ/AW/5513/02/WRP, Revised April 2018
- Drawing reference TAR/AZ/04-16/19318
- Drawing reference TAR/AZ/04-16/19319

The following information is **not** considered to form part of the approved waste recovery plan;

- Waste acceptance procedures
- Overlapping permit area and associated landfill gas pipeline access and maintenance requirements

If you have any questions please phone me or email tim.ross@environment-agency.gov.uk

Yours sincerely

Timothy Ross

Senior Permitting Officer
