**Subject:** HS2 EPR Bespoke Waste Treatment Permit Application - BBV (HS2) Long Itchington Wood north tunnel portal slurry treatment plant - Part 1a of 2  
**Attachments:** 1MC08-BBV-EV-PLN-N001-000049\_Overarching Technical Submission.pdf

### Email 1/2

Dear Sir/Madam,

Please find attached our application and our supporting documentation for our bespoke waste treatment permit relating to the slurry treatment plant proposed at the Long Itchington Wood north tunnel portal. The supporting documentation attached is summarised as follows:

- Overarching technical submission (attached to this email) – includes the following:
  - Non-technical Summary
  - Technical Summary
  - Copies of Application Forms
  - Evidence of Technical Competence
  - Site Plans
  - Habitats Note
  - Environmental Management System
  - Site-Specific Environmental Risk Assessment
  - Site Condition Report
  - Odour Management Plan
  - Emission (Dust) Management Plan
  - Noise Impact Assessment & Management Plan
  - Climate Change Risk Screening

***Due to the size of the attached files, the appendices for this overarching technical submission will be sent attached to the subsequent part 1b email to follow.***

For ease of reference, the following email (part 2 of 2) will include separate additional copies of the following (which are also included within the above technical submission):

- Environmental Risk Assessment
- Noise Impact Assessment & Management Plan
- Site Infrastructure Plan
- Site Layout Drawing
- STP Layout Drawing
- Environmental Management System
- Purchase order for application payment (total value £15,243.00 includes first year operation charge and annual subsistence charge – initial payment of £11,696.00 as per Application Form F1 will be made initially)
- Cost summary showing items included on purchase order

Pre-application review meetings have been held with Matthew Wales and recently with Katie Henderson in addition. Please find attached the pre-application guidance notes kindly provided to us for ease of reference. Should you have any queries or questions, or wish to discuss the application further, I may be contacted via the details at the foot of this email or alternatively Steve Phipps may be contacted via the details below.
