

About this consultation

CW9 7NU, Lostock Sustainable Energy Plant Ltd: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Lostock Sustainable Energy Plant Ltd. Please use the reference number below when making comments on this application.

- Permit Number: EPR/WP3934AK/V004
- Regulated facility type: The facility is an installation permitted under Section 5.1 A(1)(b) activity 'the Incineration of non-hazardous waste in a waste incineration plant with a capacity exceeding 3 tonnes per hour' under the Environmental Permitting Regulations. This application is to vary the permit as follows:
 - Increase the annual capacity of the installation from 600,000 tonnes per annum to 728,000 tonnes per annum
 - Amend the Site Layout/Installation Boundary/Operating Techniques to align with the design of the Facility allowing for its design evolution since the environmental permit was originally granted
 - Add two non-hazardous waste types to the permitted waste types
 - Introduce an additional emission point to allow the discharge of excess process effluents to sewer.
- Regulated facility location: Lostock Sustainable Energy Plant, Lostock Gralam, Northwich, Cheshire, CW9 7NU

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact PSCpublicresponse@environment-agency.gov.uk
