2 Introduction

2.1 Preface

- 2.1.1 Jubb have been commissioned by PGFI III to provide transport and highways advice in relation to a proposed commercial development on land at Dove Valley Park, Foston. The site which forms the subject of the proposals ('the Site') occupies an area of approximately 12.34 ha to the east of Foston.
- 2.1.2 Full Planning permission is being sought for the proposed development, which would deliver a single 49,838 m² unit comprising of B2 Industrial and B8 Warehousing land uses. It is proposed that the unit will be occupied by a water bottling operation. It is noted that the Site is situated on land that has existing outline consent for employment following previous applications associated with Phase 1 and 2 of Dove Valley Park. **Figure 2.1** below shows the location of the site in a local context.

Figure 2.1 - Site Location Plan

- 2.1.3 This Workplace Travel Plan (WTP) document is provided as supporting information in relation to a planning application for the Dove Valley Park proposal. Further detail in relation to the requirements for Travel Plans are outlined below.

2.2 Travel Plan

- 2.2.1 Travel Plans are seen by the Government as a strategic management tool in achieving traffic reduction and accelerating the development of more sustainable travel trends on both the strategic and local highway networks. Furthermore, they are being increasingly used as part of a tool kit to secure reductions in carbon emissions and contribute to the UK's target of an 80% reduction in CO₂ by 2050.
- 2.2.2 The National Planning Policy Framework states "transport policies have an important role to play in facilitating sustainable development, and contributing to wider sustainability and health objectives".
- 2.2.3 To echo this, the Planning Practice Guidance on "Travel Plans, Transport Assessment or Statement" further adds that "Travel Plans should where possible, be considered in parallel to development proposals and readily integrated into the design and occupation of the new site rather than retrofitted after occupation".
- 2.2.4 The Travel Plan is a long-term strategy for encouraging multi modal travel to and from the development with the objective of reducing the dependence on private car usage in favour of more sustainable modes of travel. It will bring a number of benefits to individuals using the development as well as the wider community. These include:
- Improvements to the environmental image of the site;
 - Reduced traffic generation resulting in reduced air quality and noise impact, and reduced impact on the local traffic network;
 - A reduction in stress caused by driving allied with improved health from adopting alternative travel habits;
 - Enhancement of the role of safe walking and cycling in the local area and therefore an improved environment for all pedestrians and cyclists;
 - A reviewable process which allows any adverse transport impact to be quickly dealt with and emerging opportunities maximised.

2.3 Scope of Report

2.3.1 The WTP forms an overarching strategy for the site setting the requirements to promote travel by sustainable modes. The report has been written in consideration of the Framework Travel Plans, that were submitted for the wider outline employment applications for the Phase 1 and 2 sites across which the development is located. These reports were produced by Roger Leask Limited in February 2007 (i.e. the Phase 1 Framework Travel Plan) and MEC in July 2017 (i.e. the Phase 2 Framework Travel Plan).

2.3.2 The report is structured as follows:

- Chapter 3** Provides an overview of the proposed development.
- Chapter 4** Provides a summary of sustainable accessibility in the local area.
- Chapter 5** Provides initial details of forecast model split prior to the undertaking of a baseline travel survey on occupation.
- Chapter 6** Outlines the package of measures that will be implemented by the developer / occupier of the water bottling facility and by the developer of the wider Phase 1 and 2 Dove Valley Park proposals.
- Chapter 7** Provides details of the management structure of the WTP.
- Chapter 8** Provides details of how the WTP will be monitored.
- Chapter 9** Outlines details of Implementation.

3 Site Description & Development Proposals

3.1 Introduction

3.1.1 This Chapter provides details of the site and development proposals in terms of proposed land use and site access. In addition, the Chapter also provides details of the levels of parking that would be set and the principles that would later be adopted when designing the internal road network in further detail.

3.2 Development Proposals

3.2.1 Development proposals envisage the delivery of 49,838 m² of B2 & B8 Industrial Use at the site that would be occupied by a water bottling facility.

3.2.2 A masterplan outlining the layout of the proposals is included with the planning application documentation.

3.2.3 The site forms part of two wider application sites (i.e. Dove Valley Phase 1 and 2). Indicative masterplans were submitted for these application sites which are included as **Appendix A** of this WTP. These masterplans show a unit in the southwest corner of the Phase 1 proposals (i.e. plot 5500) which has a Gross Floor Area of 12,635m² and a plot to the west (i.e. Plot P2-01) of the Phase 2 proposals that has a Gross Floor Area of 26,128m². Both of these plots are located within the boundaries of the Site, and, in total, amount to a total consented employment area of 38,763 m².

3.3 Vehicular Access

3.3.1 It is proposed that vehicular access would be taken from the roundabout on Park Avenue which abuts the southeast corner of the site.

3.3.2 The site access road would comprise of 7.3m carriageway with a 1.8m footway on the eastern side, joining to Park Avenue.

3.3.3 This strategy to provide vehicular access to the site is summarised illustratively in **Figure 3.1** below.

Figure 3.1 – Location of Vehicular Accesses

3.4 Pedestrian and Cyclist Access

- 3.4.1 Considering pedestrian access to the site, a footway would be integrated into the proposed vehicular access, tying into the existing footway that flanks the eastern side of Park Avenue. The footway would be 1.8m in width and would provide dropped kerbs supplemented with tactile paving at crossing points.
- 3.4.2 All footways in the vicinity of the site are approximately 1.8m-2.0m in width, with street lighting located on one side of the carriageway at a minimum.
- 3.4.3 Cyclist access to the site would be provided by way of the proposed vehicular access.

3.5 Goods Vehicle Access

- 3.5.1 The internal road network will be designed to reflect the volume and nature of trips anticipated.

3.6 Number of Employees

- 3.6.1 Details of employee numbers are set out below in **Table 3.1**. It is also noted that water bottling of the full facility once complete will be undertaken in three shifts with 50 production staff in each shift. Thus, when including office staff, there would be no more than 63 staff on site at any one time.

Employee Description	Total
Office	13
Production	150
Total	163

Table 3.1 – Likely Number of Employees within the Water Bottling Facility

3.7 Parking Provision

- 3.7.1 A total of 131 parking spaces are proposed at the site. This parking level is sufficient for the numbers of staff on site at any one time as outlined above and also provides margin to allow for changeover, visitors and potential slight daily variation.

4 Sustainability

4.1 Introduction

- 4.1.1 This chapter sets out the existing sustainable infrastructure in the vicinity of the site. In addition, the chapter also identifies sustainable transport improvements that are identified as being brought forward as part of the wider consent for the Phase 2 proposals (i.e. would be introduced by Dove Valley Park Ltd), which are set out in the Framework Travel Plan produced by MEC in July 2017.

4.2 Existing Public Transport Accessibility – Bus & Rail

- 4.2.1 This section provides a review of connections by sustainable modes, specifically bus access and related links, which will provide opportunity to travel to and from the site by sustainable modes.
- 4.2.2 As shown in **Figure 4.1** below, the 401-bus service provides an hourly connection to Tutbury & Hatton Railway Station, and, following a recent extension, this service now extends into the middle of Dove Valley Park. Furthermore, footway links are also provided through the existing Dove Valley Park to the connecting bus stop for this service. Thus, the 401-bus service provides an appropriate facility for sustainable travel.

Figure 4.1 – Bus and Rail Accessibility

4.2.3 **Table 4.1** below summarises the service route and approximate frequency with the full bus timetable attached at **Appendix B**.

Service	Route	Weekday	Saturday	Sunday
401	Burton on Trent Dove Valley Business Park Uttoxeter	Hourly	Hourly	No Service

Table 4.1 – Summary of Bus Services serving the 'Dove Valley Business Park' Bus Stops

4.2.4 **Table 4.2** below shows the journey times to from Tutbury & Hutton Railway Station to other important destinations. As shown above the 401 service provides a link to this railway station and therefore combined rail and bus trips provide an additional travel option for the site.

Location	Rail Time
Derby	18 minutes
Stoke-on-Trent	37 minutes
Sheffield	1 hour 24 minutes
Birmingham New Street	1 hour 49 minutes
London St Pancras	2 hour 28 minutes

Table 4.2 – Summary of Rail Services Departing from Tutbury & Hatton Railway Station

4.3 Residential Accessibility

4.3.1 A number of residential areas surrounding the site lie within a reasonable walking / cycling distance, thereby residents of these communities would have the potential to travel to and from the site by sustainable means. These communities are listed below:

- Church Broughton
- Foston
- Hatton
- Scropton

4.3.2 As discussed above the site is located in a sustainable location for a commercial development, with access to public transport links (Bus and Rail), as well as good quality existing infrastructure providing a link from the site to the surrounding residential areas. Proposed measures have been outlined to increase the take up towards more sustainable modes of travel for employees and visitors.

4.4 Proposed improvements as brought forward by Phase 2 outline consent (Introduced by Dove Valley Park Ltd)

- 4.4.1 Several of the dropped kerb pedestrian crossing points near the site lack tactile paving therefore, it is proposed to include tactile paving at these locations to assist pedestrian journeys between the site and the surrounding residential areas and bus stops.
- 4.4.2 An additional measure would be to curtail the vegetation along the local footway network which has overgrown and presently obstructs the routes that pedestrians would make. This measure would increase the quality and therefore the appeal of walking journeys.

5 Travel to Work Trip Analysis & Targets

- 5.1.1 The baseline mode split has been extracted from the Framework Travel Plan associated with the Phase 2 proposals. This mode split which has been calculated from Travel to Work statistics extracted from the 2011 census of the Hilton Ward is summarised in **Table 5.1** below.
- 5.1.2 It is noted that once the site has been occupied a staff survey will be undertaken to ascertain a true baseline after which targets can be set for a reduction in vehicle trips which will be agreed by the occupier of the Water Bottling Facility in discussion with the assigned Travel Plan Coordinator (TPC). Details of this traffic survey is set out in **Chapter 8** below with further detail in relation to the TPC role also provided in **Chapter 7**.

Method of Travel	Persons	Percentage (%)
U/ground. Metro, Tram	6	0.1%
Train	73	1.4%
Bus, Minibus, Coach	103	1.9%
Taxi	5	0.1%
Powered 2-Wheeler	25	0.5%
Driving Car or Van	4251	79.4%
*Of which Single Occupancy	4034	75.3%
*Of which Multi-Occupancy	2178	4.1%
Passenger in Car or Van	217	4.1%
Bicycle	62	1.2%
On Foot	248	4.6%
Other	33	0.6%
Work from Home	333	6.2%
Total	5356	100%

Table 5.1 – 2011 Travel to Work Census Data

- 5.1.3 As shown in **Table 5.1** above, 79.4% of economically active residents within the Hilton Ward drive to work with 4.1% of this figure being passengers. This WTP will aim to reduce the number of single occupancy car journeys by promoting realistic sustainable travel modes in the area.

6 Package of Measures

6.1 Introduction

- 6.1.1 A series of potential measures have been identified within the Framework Travel Plans of the Phase 1 and Phase 2 proposals, however, given that the Phase 2 document is more current it is considered that this provides a more up to date and useful list of potential measures to guide this WTP. On this basis relevant measures for the Phase 2 Framework Travel Plan have been extracted and are listed below.
- 6.1.2 These measures are split into on site measures which will be brought forward by the developer (i.e. PGFI III) and the occupier of the Water Bottling Proposals, and wider site measures that would be coordinated by the developer (i.e. Dove Valley Park Ltd) and selected TPC of the wider Dove Valley Park Phase 1 and 2 developments. Further details of the TPC role and the role of individual occupiers of the employment units is provided in **Chapter 7**.

6.2 Onsite Measures (Delivered by PGFI / the occupier)

Dedicated Car Share Car Parking Spaces

- 6.2.1 Specific car parking spaces for each unit will be designated for car sharers, to encourage car sharing through the guarantee of a parking space in close proximity to the unit entrance.

Cycle Storage and Changing Facilities

- 6.2.2 Cycle parking in the form of covered Sheffield stands is to be provided adjacent to each unit. The stands will be provided in locations that are well-lit, with optimum accessibility to/from the unit's main entrance, so as to encourage and promote safe cycle usage.
- 6.2.3 Changing facilities including showers, and lockers will be provided so as to maximise the potential uptake towards cycling by enabling those travelling to work by cycle to change pre/post the working day. Establishing a cycle user group is to be considered, providing employees with additional incentives such as free maintenance checks, issuing of repair kits, and safety apparel (high vis vests, LED lights etc).

Visitors Transport Provision

- 6.2.4 Visitors to the site will be encouraged to use public transport, walk or cycle where possible. Group taxis from Tutbury and Hatton Train Station to the site will be investigated, so as to encourage the use of public transport and reduce single car occupancy journeys.

6.3 Wider Phase 1 and 2 Measures (Delivered by Dove Valley Park Ltd / the TPC)

Information Packs

- 6.3.1 Information Packs will be provided to all employees upon completion of the development. The packs will be updated every 12 months for a period of five years and reissued to existing and new workers. The packs will provide the following information:

- Plans of safe pedestrian routes to local residential areas and amenities, including details for the website www.derbyshire.gov.uk/leisure/countryside/access/walking, providing further information on walking in Derbyshire;
- Information on cycle storage and provision for cyclists, including details on the website www.derbyshire.gov.uk/transport_roads/road_safety/bicycles which provides further information on cycling within Derbyshire;
- Bus timetable information and route maps of services, including details of useful websites such as www.travelineeastmidlands.co.uk and www.derbysbus.info;
- Information about the Travel Plan including how it works, why it is required and its purpose;
- Details of the role and purpose of the Travel Plan Coordinator (TPC) also including contact details;
- Provide details of car share websites such as liftshare.com. Information will be provided in relation to a possible company-based lift share initiative.

Information Boards/Posters

- 6.3.2 Information boards/posters will be provided by the TPC, to provide important information concerning the use of sustainable transport modes to/from the Dove Valley Park site. Local bus operators will be asked to provide important information for the boards including timetable changes and any potential discount bus and rail opportunities. The board will also reinforce what is provided within the information pack by illustrating important walking and cycling routes to/from the site. The TPC will be responsible for updating information on the board as well as providing their contact details should employees wish to contact them to discuss individual travel plans.
- 6.3.3 The occupier of the Water Bottling facility will obtain the relevant information from the TPC and will display the information within a prominent position in the building.

Promotion of Car Share Websites / Databases

- 6.3.4 Details of both local and national car share databases will be promoted to all employees by the TPC, with details also provided in the Information Packs. Employees will be encouraged to register with websites such as liftshare.com/uk/community/derbyshire, which enable employees to register their journey details on national/local databases. Their journey details are then checked against the database of other local employees/residents signed up to the car share scheme, and a trip-matching exercise is undertaken.
- 6.3.5 The TPC will assist employees in trying to establish trip matches or be responsible for implementing a company-based car share scheme by obtaining travel information from each individual employee through a questionnaire.

Communication Strategy

- 6.3.6 The TPC will involve employees in local and national events to promote sustainable travel, with events such as the following:
- National Walking Month
 - Catch the bus week
 - Cycle to work day
 - National Bike Week

- Love to Ride

- 6.3.7 The TPC will develop and distribute leaflets to summarise the site specific sustainable travel options.
- 6.3.8 The TPC should consider developing different communication platforms such as a website providing the relevant travel information for the site and social media accounts allowing easy communication between employees and the TPC. Employee travel forums should also be considered, which could comprise a bicycle user group (BUG), a walking group, a travel plan group, and a site specific car share group. All of these forums will aid in increasing communication and further promoting sustainable travel.

Corporate Social Responsibility

- 6.3.9 The TPC will engage employees by promoting healthy lifestyles through a variety of methods such as:
- www.workplacechallenge.org.uk - Register with the website to become a company administrator, being provided with information and resources to promote the workplace challenge to employees. The challenge involves making small changes throughout the working day to become healthier and could involve changing the method of travel to work as an example.
 - Business in the Community (www.bitc.org.uk) - The end users are encouraged to consider joining BITC, which seeks to help companies become more sustainable in multiple ways, largely by strengthening links with the wider community.

Pedestrian Improvements

- 6.3.10 It is proposed that the existing crossings situated between the A511/ Packenham Roundabout comprises tactile to assist with pedestrian movement. In addition to the tactile paving provision, overgrown vegetation which obstructs the public footways which links towards the site will be trimmed.

7 Management and Responsibilities

7.1 Introduction

7.1.1 Management of the travel plan strategies will principally be undertaken by the TPC. An appropriate person to act in the TPC role will be provided by the overall developer of the wider Phase 1 and Phase 2 Dove Valley Park proposals (i.e. Dove Valley Park Ltd). Details of the responsibilities of this representative are in the Framework Travel Plan of the Phase 2 site and are also reiterated below.

7.1.2 In addition, the occupier of the proposed Water Bottling Facility will also provide a representative for the working group which will meet regularly to discuss measures to encourage sustainable travel and will be guided and steered by the TPC.

Travel Plan Coordinator

7.1.3 The Travel Plan Coordinator (TPC) will act as the promoter of the components of the TP and will be a key contact point for employees and other people who will use the site. They will ensure employees understand their travel choices to work, providing details of how those who wish to change their travel patterns can do so.

7.1.4 The TPC will be appointed by Dove Valley Park Ltd and will coordinate the TP for the whole wider site (i.e. Phase 1 and 2 of Dove Valley Park). The TPC will be funded by the developer of the wider site (i.e. Dove Valley Park Ltd), with their details including working hours being passed onto DCC's 'Sustainable Travel Team' upon appointment.

7.1.5 The main responsibilities of the TPC will be to:

- Ensure delivery of the travel incentives once the TP is approved;
- Promote the individual measures of the TP;
- Ensure the approved TP and its component parts are being actioned;
- Monitor the TP and its implementation;
- Promote the principals of and provide the information detailed in the package of measures;
- Produce the annual report and necessary surveys amongst employees, and;
- Provide bespoke and personalised travel planning to employees.

7.1.6 The TPC will be required to carry out an annual survey on all employees to establish the actual number of movements by different transport modes and travelling distances involved, subsequently reporting these to the monitoring authority.

7.1.7 The initial survey would also include the following:

- Attitudes towards sustainable modes of transport;
- Preferences for their current mode of transport and why it is chosen;
- Attitudes to changing their preferred mode of transport;
- Cost effective measures to induce the shift from private car usage to other sustainable modes of transport, and;
- Areas of residence to establish the potential for using any of the various alternative modes of travel including walking, cycling, public transport or car sharing.

8 Monitoring and Review

- 8.1.1 Details of monitoring is set out in the Phase 2 Framework Travel Plan and is reiterated below.
- 8.1.2 All employees will be surveyed by the TPC in order to complete a baseline travel questionnaire. The TPC will also discuss their current travel patterns and highlight how alternative methods of transport could be utilised through a travel questionnaire. The discussions will also outline the key principles of the TP and how employees will help achieve a lasting modal shift. The results of this would then be sent to DCC's Sustainable Travel Team to assess how the TP is going against its targets. The objective of the review will be to assess the success of the plan and to identify the potential for future refinement of the TP.
- 8.1.3 Employee travel surveys are to be undertaken annually for a five year period from final occupation. The results of each survey will be summarised and submitted to the Local Planning Authority and DCC in the form of an annual monitoring report. The report will identify actions that have been undertaken and any additional actions to be undertaken within the following 12 months.
- 8.1.4 The major element of the review will involve the re-issue of the travel questionnaire to every employee. Analysis of the re-issued travel questionnaires will also yield more up to date mode split information to be included within the annual report.
- 8.1.5 Should the monitoring and review process highlight that the development is not succeeding in reducing single car occupancy trips (or those subsequently established based on updated travel data), then the TPC will work with DCC to identify further ways to achieve the targets set out. Such remedial actions could include implementing new measures or revitalising old measures and additional Travel Plan monitoring initiatives.

9 Implementation

9.1.1 **Table 9.1** below provides a summary of the entire package of measures detailed within this report and the timescales as to when they are to be implemented. As discussed in **Chapter 6** these measures are split into on site measures which will be brought forward by the developer (i.e. PGFI III) and the occupier of the Site, and wider site measures that would be coordinated by the developer (i.e. Dove Valley Park Ltd) and selected Travel Plan Coordinators (TPCs) of the wider Dove Valley Park Phase 1 and 2 developments.

Key Area	Measure (Person / Organisation Responsible for Delivery Shown in Brackets)	Date	Monitoring
Marketing & Publicity	<p>Introduce Information Packs for all users. (TPC)</p> <p>Produce a map publicising sustainable travel routes and alternative means of transport. (TPC)</p> <p>Consult regularly with staff, promoting events in the communication strategy. (TPC)</p> <p>Corporate Social Responsibility (TPC)</p>	On Occupation	Review after 3 months of unit occupation, then every 12 months for 5 years.
Pedestrians & Cyclists	<p>Provide information on local cycle and pedestrian routes. (TPC)</p> <p>Provide safe, secure cycle parking and changing facilities to encourage cycling. (the Developer / Occupier of the Water Bottling Facility)</p> <p>Provide tactile paving at crossings (the Developer of the Wider Phase 1 and 2 proposals – Dove Valley Park Ltd)</p>	Prior to Occupation	Review after 3 months of unit occupation, then every 12 months for 5 years.
Public Transport	Increase awareness of public transport alternatives. (TPC)	Prior to Occupation	Review after 3 months of unit occupation, then every 12 months for 5 years.

Car Sharing	Promote car share schemes and assist in finding sharers. (TPC)	Prior to Occupation	Review after 3 months of unit occupation, then every 12 months for 5 years.
	Provide priority car share parking spaces to encourage car sharing. (the Developer / Occupier of the Water Bottling Facility)

Service Restrictions: 3 - to 26.10.19

4 - from 2.11.19

Notes: § - Time at this stop is indicative. You are advised to be at any stop several minutes before the times shown

Direction of stops: where shown (eg: W-bound) this is the compass direction towards which the bus is pointing when it stops

Sundays

no service

For times of the next departures from a particular stop you can use **traveline-txt** - by sending the SMS code to **84268**. Add the service number after the code if you just want a specific service - eg: **buctdgt 60**. The return message from **traveline-txt** will show the next three departures, and it currently costs 25p plus any message sending charge. Departure times will be real-time predictions where available, or scheduled departure times if not.

You can also get the same information by using the SMS code at www.nextbuses.mobi (only normal browsing charges apply) or through several iPhone or Android apps that offer access to **NextBuses**.

NOTE: SMS codes are different in each direction. Make sure you choose the right direction from these lists.

Continued on next page.

Continued from previous page.

For times of the next departures from a particular stop you can use **traveline-txt** - by sending the SMS code to **84268**. Add the service number after the code if you just want a specific service - eg: **buctdgtd 60**. The return message from **traveline-txt** will show the next three departures, and it currently costs 25p plus any message sending charge. Departure times will be real-time predictions where available, or scheduled departure times if not.

You can also get the same information by using the SMS code at www.nextbuses.mobi (only normal browsing charges apply) or through several iPhone or Android apps that offer access to **NextBuses**.

NOTE: SMS codes are different in each direction. Make sure you choose the right direction from these lists.
