Hi Simon

Please see the attached revised documents attached.

Regards

Steve

Steve

Please can you check address and post code are correct for this application

Yorkshire address stated

B3,5 form address section 2.b is stated as : Carr House Farm, Metham, Laxton,
Yorkshire Postcode NG32 3HR

But if you put in NG32 3HR that takes you to Lincolnshire:

NG32 3HR is a UK postcode located in Fulbeck, Lincolnshire, representing
[Fulbeck Farm](#) on South Heath Lane. [[1](#), [2](#), [3](#)]

Location and Details

- **Area:** Fulbeck, South Kesteven, Lincolnshire
- **Grid Reference:** SK 954 500
- **Dialling Code:** 01529 (Sleaford) [[1](#)]

Please confirm address/adjust if needed

Thanks

Simon

Hi Simon

Fee has been paid, please see attachment.

Regards

Steve

Steve

I have just checked the fees for this and there is a small top up fee needed for core new application fee without any extras:

- Total charges ;paid £8,234.76
- Total charges due £8324.76

The fee of **£8,324.76** is the official **Environment Agency** full application charge for a new Section 6.9 intensive farming installation permit (rearing pigs or poultry).

Fee to be paid; £90

Please request additional fee to be paid.

Many thanks

Subject: EPR/MP3320MZ/A001 application for Carr House FarmSteve

Steve

Good afternoon.

I have this new application for broiler farm for validation

I just have a few duly making questions as follows:

1. Non-Technical Summary

Please provide a simple updated summary with :

- Please confirm no biomass boilers for heating
- Please add a sentence with clean /lightly contaminated surface water drainage and attenuation employed for this installation.

2. BAT

Please updated BAT document with odour monitoring type to be employed and frequency stated being a minimum of weekly.

3. Installation Boundary Plan

- Please update with broiler houses numbers 1-3.
- Please centre more plan on installation area and ensure wording of locating features slightly larger font to view easier.

4. Planning/EIA

We note submission of planning application EIA

Please confirm status of planning application and any target date pending permit/planning for operation above 40,000 broilers

I look forward to response by *Wednesday August 19th*

Thanks in advance
