- AGRICULTURAL LAND PHASE 3
- CALCAREOUS GRASSLAND
- SCRUB/GAME COVER
- WATER BODY/EPHEMERAL WETLAND
- PRINCIPAL ACCESS TRACK
- NEW HEDGEROW TO BE PLANTED
- GEOLOGICAL EXPOSURE

With the exception of the hedgerow between the quarry and the extension, all existing vegetation to be retained and managed as appropriate.

For clarity contour lines are not shown within partially restored areas along the northern and western boundaries.

All contours, heights and boundaries are indicative only and should not be scaled. Final landform will be dependant on then ultimate volume of restoration materials available.

For cross sections see drawing number 0726-1-14.

Access tracks to be retained for maintenance, to be surfaced with appropriate aggregate. Site entrance to be 'downgraded' to agricultural specification upon completion of all restoration works.
