

Application for an environmental permit Part B3.5 – Rearing of pigs or poultry intensively in an installation with more than 40,000 places for poultry or 2,000 places for production pigs (over 30 kg) or 750 places for sows

Please read through this form and the guidance notes that came with it.

You should only use this form if your intended activity is limited to rearing of pigs or poultry intensively in an installation with more than 40,000 places for poultry or 2,000 places for production pigs (over 30 kg) or 750 places for sows (as defined under <https://www.legislation.gov.uk/uksi/2016/1154/contents>).

If you want to carry out any other activities that would require a permit (such as an anaerobic digester) you will need to fill in the appropriate parts of the Environmental Permitting Regulations (EPR) application form.

The form can be:

- 1) saved onto a computer and then filled in.
- 2) printed off and filled in by hand. Please write clearly in the answer spaces.

Note: if you believe including information on a public register would not be in the interests of national security you must enclose a letter telling us that you have told the Secretary of State. We will not include the information in the public register unless directed otherwise.

Where you see the term 'document reference' on the form, give the document references and send the documents with the application form when you have completed it.

It will take less than three hours to fill in this part of the application form.

1 About you

1a Who will be named on the permit?

Are you applying as an individual, an organisation of individuals (for example, a partnership) or a company (this includes Limited Liability Partnerships)?

An individual

Now go to **section 1b**

An organisation of individuals (for example, a partnership)

Now go to **section 1c**

A registered company

Now go to **section 1d**

1b An individual

Please give the following details.

Title (Mr, Mrs, Miss and so on)

First name

Last name

Now complete your address in **question 1e**.

1c An organisation of individuals

Type of organisation, for example, a partnership, a group of individuals or a club

If you are an organisation of individuals, please give the details of the main representative below. If more than one individual will be named on the permit, the details for each individual are required along with their address and contact details (e.g. telephone numbers/email addresses). Please provide these together on a separate sheet and tell us here the document reference you have given this sheet.

2d What activities are you applying for?

A farm with more than 40,000 places for poultry

A farm with more than 2,000 places for production pigs (over 30 kg)

A farm with more than 750 places for sows

3 Your ability as an operator

3a Management systems

Please tick the box to confirm that your management system meets the conditions set out in the guidance ‘Develop a management system: environmental permits’ (<https://www.gov.uk/guidance/develop-a-management-system-environmental-permits>) and in Sector Guidance Note EPR6.09 ‘How to comply with your environmental permit for intensive farming’ (<https://www.gov.uk/government/publications/intensive-farming-introduction-and-chapters>)

3b Please tick to confirm that your management system covers the following:

Normal operations

Maintenance

Accidents

Incidents and abnormal operation

Complaints

Staff and contractors have defined roles and responsibilities

Site Closure Plan

Staff and contractors instructions or training

Climate change adaption

3c What management system will you provide for your regulated facility?

Own management system

Other certified management system

Please make sure you send us a summary of your management system with your application and provide the document reference below.

Now complete the details in **Appendix 2**.

4 Consultation

4a Could the activities at the farm result in process effluent (e.g. wash water or slurry) being released into a sewer managed by a sewerage undertaker?

You do not need to include domestic sewage.

No

Yes Please name the sewerage undertaker

Please include any documentation concerning agreements that you may hold with them, and tell us below the reference number you have given these records.

5 Supporting information

5a Provide a plan or plans for the site

We need a detailed site plan (or plans) showing:

- site location and the location of farm buildings and equipment (accurately drawn to scale, with a north-facing arrow)
- the installation boundary which should be clearly marked
- the plan must identify all of the land on which your activity takes place
- sources of emissions/releases (e.g. ventilation fans, incinerator, biomass boiler(s), heat exchanger(s), generator, slurry store)
- fuel and chemical storage (e.g. diesel, heating oil, LPG, pesticides, disinfectant and so on)
- the site boundary plan must be geographically correct (i.e. include fences, hedgerows or other features recognisable on site and should not be a schematic)
- site drainage (including clean and dirty water drainage routes, discharge points and site surfacing)

Document reference/s for the plans

5b Provide the relevant sections of a site condition report

You need to provide us with a site condition report with sections 1 to 3 completed. The H5 Site Condition Report guidance and template is available online at www.gov.uk/government/publications/environmental-permitting-h5-site-condition-report.

5 Supporting information, continued

Document reference for the report

5c Provide a non-technical summary of your application

This should include a basic summary of the activities at the farm, a breakdown of the numbers and types of livestock (including details of housing and ventilation types) and a summary of the control measures arising from your risk assessment.

Document reference for the non-technical summary

6 Environmental risk assessment

6a Provide us with an environmental risk assessment which takes into account the impacts your installation poses to air, land and water.

The risk assessment must follow our guidance ‘Risk assessments for your environmental permit’ (<https://www.gov.uk/guidance/risk-assessments-for-your-environmental-permit>) and ‘Intensive farming risk assessment for your environmental permit’ (<https://www.gov.uk/guidance/intensive-farming-risk-assessment-for-your-environmental-permit>), or an equivalent method.

Document reference for your environmental risk assessment

Provide a copy of your ammonia screening assessment

Document reference for your ammonia screening assessment

If detailed modelling has been undertaken, please include a copy of the modelling assessment report and electronic modelling data files.

Document reference for your detailed modelling assessment report

File name(s) for electronic modelling data files

Where your modelling indicates the predicted process contributions are greater than the allowable thresholds your assessment and application should include proposals for ammonia reduction techniques to reduce the contribution to the allowable threshold.

Please note that there is an additional charge for the assessment of the ammonia risk assessment that must be submitted as part of this application. For the charge see our charging scheme guidance (<https://www.gov.uk/government/publications/environmental-permitting-charges-guidance>) and associated links to the current charging scheme.

7 Emissions to air, water and land

Fill in Table 1 below with details of the emissions from your proposed site (such as ventilation from animal housing, standby generator, carcass incinerator).

Table 1 – Emissions (releases)

Emission point description and location	Source
Point source emissions to air	
e.g. Roof fan outlets on Finisher House 1 as shown on site layout plan	Finisher House 1
Point source emissions to water	
e.g. Yard drainage discharge to off-site ditch 'Mill Stream', as shown on the site drainage plan	Uncontaminated surface water from yard areas around the office
Point source emissions to land	
e.g. Roof water run-off from Broiler House 3	Lightly contaminated roof water from Broiler House 3
Point source emissions to sewer, effluent treatment plants or other transfers off site	

If you require more space to list all emission points, please provide this information on a separate sheet.

Document reference for list of emission points

8 Operating techniques

8a Technical standards

Please tick the box to confirm that the operation of the farm will be in accordance with the Best Available Techniques (BAT) conclusions for the intensive rearing of poultry or pigs (<https://eippcb.jrc.ec.europa.eu/reference/intensive-rearing-poultry-or-pigs-0>) and with the relevant sections of Sector Guidance Note EPR6.09 ‘How to comply with your environmental permit for intensive farming’ (<https://www.gov.uk/government/publications/intensive-farming-introduction-and-chapters>)

Please provide a summary of the main measures you intend to use to control emissions from the farm.

Document reference

8b Odour

It is possible that any odour from the farm may impact nearby receptors. The appropriate measures for this sector can prevent odour emissions, or where that is not possible, they can minimise odour emissions.

Are there sensitive receptors within 400 m of the installation boundary?

Yes

No

Has the farm been the cause of any odour complaints?

Yes

No

Sensitive receptors include, but are not limited to, neighbouring dwellings, workplaces, schools, hospitals or parks.

If you have answered ‘Yes’ to either of these questions please provide a written odour management plan and indicate the reference you have given this plan below.

Document reference

To help produce your odour management plan further information is available in the accompanying guidance.

8c 1 Noise

It is possible that noise from the farm may impact nearby receptors such as local residents. The appropriate measures for this sector can prevent noise emissions, or where that is not possible, they can minimise noise emissions.

Are there sensitive receptors within 400 m of the installation boundary?

Yes

No

8 Operating techniques, continued

Has the farm been the cause of any noise complaints?

Yes

No

Sensitive receptors include, but are not limited to, neighbouring dwellings, workplaces, schools, hospitals or parks.

If you have answered 'Yes' to either of these questions please provide a written noise management plan and indicate the reference you have given this plan below.

Document reference

8c 2 Dust and bioaerosols

It is possible that dust and bioaerosols from the farm may impact nearby receptors such as local residents. The appropriate measures for this sector can prevent dust and bioaerosol emissions, or where that is not possible, they can minimise dust and bioaerosol emissions.

Are there sensitive receptors within 100 m of the installation boundary?

Yes

No

Sensitive receptors include, but are not limited to: farm staff dwellings, neighbouring dwellings workplaces; schools; parks; hospitals or nursing homes.

If you have answered 'Yes' to this question please provide a written dust and bioaerosol management plan and indicate the reference you have given this plan below.

Document reference

To help produce your dust and bioaerosol management plan further information is available in the accompanying guidance.

8d Types and amounts of raw materials

Please list in Table 2 the raw materials that are used and their quantities as indicated under the respective sections.

If you have already included this information in your management system, please indicate the reference you have given this table below.

Document reference

8 Operating techniques, continued

Table 2 – Raw materials

Inventory of raw materials	Justification for use of this material	Quantity used (litres or kg per year)	Quantity stored on site (litres or kg)
a) Biocides (includes disinfectants, wood preservatives, slimicides)			
b) Pesticides (includes herbicides, fungicides, insecticides, vertebrate control products)			
c) Veterinary medicines (excluding dietary additives)			
d) Bedding types			
e) Fuels and oils			

8e Existing buildings, manure, wash water and slurry storage

If your farm will comprise a mixture of new and existing buildings you should review any existing livestock housing and site drainage. Existing buildings and associated drainage must meet the BAT conclusions for the intensive rearing of poultry or pigs (<https://eippcb.jrc.ec.europa.eu/reference/intensive-rearing-poultry-or-pigs-0>) prior to the permit becoming operational. Please submit an accompanying document which details how existing buildings and drainage meet BAT. If necessary, include proposals for upgrading or replacing any buildings so that they meet BAT before the permit is operational.

8 Operating techniques, continued

Guidance on completing a housing and drainage review can be found in Annex 7 and Annex 8 of Sector Guidance Note EPR6.09 ‘How to comply with your environmental permit for intensive farming’ (<https://www.gov.uk/government/publications/intensive-farming-introduction-and-chapters>).

8f For each type of livestock, tell us the number of animal places you are applying for

Please enter into Table 3 the maximum number of livestock by type that will be held at the installation at any one time.

Table 3 – Livestock

Type of livestock	Number of places
Poultry (e.g. Broilers, Ducks, Layers)	
Pigs	
Sows (including farrowing sows and served gilts)	
Production pigs and unserved gilts over 30 kg	
Pigs 7 to 30 kg	
Boars	

8g Is slurry stored on the installation?

No Now go to **question 8i**

Yes All new and substantially reconstructed or substantially enlarged slurry storage systems must conform with the technical measures detailed in the Water Resources (Control of Pollution) (Silage, Slurry and Agricultural Fuel Oil) (England) Regulations 2010 and as amended 2013 (SSAFO) and must be covered.

Describe how your slurry system will operate and include a description of the type of cover. Your description must address all the points in section 8g of the accompanying guidance notes (<https://www.gov.uk/government/publications/application-for-an-environmental-permit-part-b35>)

Document reference

- Yes Now go to **question 8i**

8i Is manure stored on the installation?

- No Now go to **question 8k**

- Yes Now tick all of the following that apply

Manure is stored in the yard on an impermeable base, and the effluent is collected in a tank or onsite slurry storage

Manure stores are covered

None of the above – make reference to an accompanying document which explains the situation

Document reference

8j If manure/used litter is stored on the farm, please state the maximum amount stored within the installation boundary at any one time

approximate tonnes

8k Is manure or slurry spread on land owned or controlled by the operator?

No

Yes

8l Is manure or slurry exported from the installation and spread on land owned or controlled by third parties?

No

Yes

8m If manure or slurry is not spread on land, please provide a brief description of its destination

9 Environmental impact assessment

Have your proposals had an environmental impact assessment (EIA) as part of a planning application, under the Town and Country Planning (Environmental Impact Assessment) Regulations 2017?

Please read the guidance notes for instruction as to when this would be required.

No Now go to **section 10**

Yes Please provide a copy of the environmental statement and if the procedure has been completed:

- a copy of the planning permission
- the committee report and decision on the EIA

10 Resource efficiency and climate change

10a Have you entered into, or will you enter into, a climate change levy agreement?

No Describe how you ensure you use energy efficiently at your farm

You may have already included this information in your management system.

Document reference of this description

Yes Please provide a copy of the environmental statement and if the procedure has been completed:

Please give the date you entered (or the date you expect to enter) into the agreement (DD/MM/YYYY)

Please also provide documents that prove you are taking part in the agreement. You may have already included this information in your management system.

Document reference of the proof you are providing

10b Describe how you avoid producing waste in line with Council Directive 2008/98/EC on waste

If you produce waste, describe how you recover it.

If it is technically and financially impossible to recover the waste, describe how you dispose of it while avoiding or reducing any effect it has on the environment.

You may have already included this information in your management system.

11 Payment

You must submit an application fee with your application. For guidance on the fee and how to pay your charges, please see our charging guidance (<https://www.gov.uk/government/publications/environmental-permitting-charges-guidance>) and associated links to the current charging scheme or contact us using one of the options in section 17.

There is an annual subsistence charge to cover the costs we incur in the ongoing regulation of the permit.

Tick below to show how you have paid.

Cheque

Credit or debit card

Electronic transfer (BACS or CHAPS)

If you are applying for a number of farms the combined fees can be paid through a single transaction by one of the following methods:

Cheques

You should make cheques or postal orders payable to ‘Environment Agency’ and make sure they have ‘A/c Payee’ written across them if it is not already printed on.

Please write the name of your company and application reference number on the back of your cheque or postal order. We will not accept cheques with a future date on them.

Credit/debit cards

If you are paying by credit or debit card we will call you. We can accept payments by Visa, MasterCard or Maestro card only.

Call me to arrange payment by debit or credit card

Electronic transfer (BACS)

If you choose to pay by electronic transfer, you will need to use the following information to make your payment:

Company name	Environment Agency
Company address	SSCL (Environment Agency), PO Box 797, Newport, Gwent, NP10 8FZ
Bank	RBS/NatWest
Address	London Corporate Service Centre, CPB Services, 2nd Floor, 280 Bishopsgate, London EC2M 4RB
Sort code	60-70-80
Account number	10014411
Account name	EA RECEIPTS
Payment reference number	PSCAPPXXXXYYY

You need to create your own reference number. It should begin with PSCAPP (to reflect that the application is for a permitted activity) and it should include the first five letters of the company name (replacing the X’s in the above reference number) and a unique numerical identifier (replacing the Y’s in the above reference number). The reference number that you supply will appear on our bank statements.

You should also email your payment details and reference number to ea_fsc_ar@gov.sscl.com.

11 Payment, continued

If you are making your payment from outside the United Kingdom, it must be in sterling. Our IBAN number is GB23NWBK60708010014411 and our SWIFTBIC number is NWBKGB2L.

If you do not quote your reference number, there may be a delay in processing your payment and application.

Provide a unique reference number for the application, i.e. do not only use the company name only

12 Privacy notice

The Environment Agency runs the environmental permit application service.

See <https://www.gov.uk/guidance/environmental-permits-privacy-notice> for how we use your personal information in services to support environmental permitting

13 Confidentiality and national security

Confidentiality

We will normally put all the information on the public register of environmental information. However we may not include certain information in the public register if this isn't in the interests of national security, or because the information is confidential (see the guidance accompanying this form which explains what we mean by confidentiality).

You can ask for information to be made confidential by ticking the box below and enclosing a letter with your application giving your reasons. If we agree with your request, we will tell you and not include the information in the public register. If we do not agree to your request, we will let you know how to appeal against our decision, or you can withdraw your application.

Only tick the box below if you wish to claim confidentiality for your application.

Please treat the information in my application as confidential

National security

You can tell the Secretary of State that you believe including information on a public register would not be in the interests of national security. You must enclose a letter with your application telling us that you have told the Secretary of State and you must still include the information in your application. We will not include the information in the public register unless the Secretary of State decides that it should be included.

You can find guidance on national security in 'Environmental permitting guidance: core guidance', published by Defra and available via www.gov.uk.

You cannot apply for national security via this application.

14 Declaration

If you knowingly or carelessly make a statement that is false or misleading to help you get an environmental permit (for yourself or anyone else), you may be committing an offence under the Environmental Permitting (England and Wales) Regulations 2016.

A relevant person should make the declaration.

Ensure a relevant person makes the declaration. A relevant person means each individual applicant (or individual trustee) who is applying for their name to appear on the permit; each person must complete this declaration so you will have to print a separate copy of this page for each additional individual to complete.

In the case of a registered company, this must be a person who is listed as a ‘current appointment’ at Companies House.

If you wish a manager or other employee to sign the declaration on behalf of the Company or Limited Liability Partnership (LLP) we will need a letter signed by a relevant person, that is an officer of the Company or a partner in the LLP confirming that the person has the authority to fill in the declaration.

In the case of a Limited Liability Partnership (LLP), it includes any partner.

An agent acting on behalf of an applicant is NOT a relevant person.

I declare that the information in this application is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or incomplete information.

If you deliberately make a statement that is false or misleading in order to get approval you may be prosecuted.

Tick this box to confirm that you understand and agree with the declaration above
