9th May 2019

Dear Sir/Madam,

**Reference: Permit Variation EPR/CP3035MK V008**

Please find enclosed our request for a variation of the West Burton B CCGT Power Station's Environmental Permit EPR/CP3035MK concerning the inclusion of a new West Burton C Power Station to provide additional supply to the National Grid during peak periods of demand. This request follows pre-application advice received on 27 March 2019 and is in support of an application for a Development Consent Order made on the 30th April 2019 to the Planning Inspectorate.

This is a request for a substantial variation to the existing permit as detailed by the enclosed application document 'Environmental Permit Variation Application West Burton - C Power Station ref 60527350/LERP0001 May 2019' which is provided electronically with the necessary attachments and copies of the completed request forms by the enclosed memory stick.

Please note as agreed by pre-application advice the attachment to application form Part A providing Details of Directors for question 5c should not be included in the public register / domain for reasons of data protection and confidentiality.

Would you please acknowledge receipt of payment for this application as provided by the enclosed cheque for £17,193 with application form F1 Charges and Declarations.

Thank you in advance for your help and consideration of this request which we trust you will find satisfactory. If you have any further questions or requirements please do not hesitate in contacting us.

Kind Regards,

A handwritten signature in black ink, appearing to read 'Tilly Spencer'.
