Attachments: VPI Immingham Data Request NLC.pdf

Hi Joanne

You should be aware that flood guidance in the form of a SFRA and Development and Food Guidance can be found on our web site. The SFRA is in the policy section and the other guidance is under the planning application submission guidance. I can confirm that as you state the site lies in EA Flood Zone 3a (and combined SFRA Flood Zone 2/3a). Should you require any SFRA maps please let me know.

Your many questions relate to drainage issues so I have passed your request onto the Council's Drainage Team to answer.

The Drainage Team will answer direct to you or pass onto me to send to you.

Kind Regards

Barrie

Barrie,

You will probably be able to answer some of the questions raised in this info request. I'm not sure who else it has been circulated to as it seems just to be sent to Spatial Planning.

Regards  
Craig

Subject: Data consultation Request - VPI Immingham: Flood Risk Information

Dear Sirs

Please find attached a data consultation request for information to inform a flood risk assessment for a proposed development on a site located at South Killingholme. A site location plan is included to the rear of the attached correspondence.

If you require further information please do not hesitate to contact me.

Kind Regards
