---

Dear Dylan

**Environmental Permitting (England and Wales) Regulations 2016**

**Application reference: EPR/CP3994ZR/V006**

**Operator: DARRINGTON QUARRIES LIMITED**

**Facility: Skelbrooke Landfill Extension, Straight Lane, Doncaster, DN6 8LY**

As discussed in our conversation earlier today, we require further information to progress with the Recovery versus Disposal assessment for the Waste Recovery Plan (WRP) submitted as part of your application. Further clarification is required on the agreed plans under the planning permission as follows:

The WRP refers to WR7640/10/WRP01, whereas the planning permission refers to the following;

- Dwg. No. WR7747/07/03 Revision 1 General Site Layout received 19 April 2021
- Dwg. No. WR7747/07/04 Revision 1 Phasing Plan received 19 April 2021
- Dwg. No. WR7747/07/05 Proposed Restoration Contours received 19 April 2021
- Dwg. No. WR7747/07/06 Proposed Restoration Contours Cross Sections received 19 April 2021
- Dwg. No. WR7747/07/08 Proposed Scheme of Surface Water Drainage received 19 April 2021
- Dwg. No. WR7747/07/10 Site Restoration Landscape Details received 26 November 2021

The plan referred to in WRP is not referred to in the planning permission, so to confirm that all of the plans are aligned - **please provide the planning drawings referred to above, and a revised WRP which confirms that these are the plans / drawings that you intend to meet.**

Please provide this information by 27/03/2024. If you need more time to submit this information, please discuss this with me as soon as possible.

Kind regards,  
Tamara Hemsley  
Senior Permitting Officer
