

Blaxton Aggregates Limited - Proposed Extended Permitted Boundary – 10.12.2023

Site Address - Bank End Quarry, Bank End Road, Blaxton, Doncaster, South Yorkshire, DN9 3AN. NGR - SE 68322 00040. Existing Permit - EAWML 404563.

Proposed Site Layout Plan

NOTE – All washing and washed stockpiles will be located on an impermeable surface as part of a sealed drainage system. Ultimately, water will drain to a central sump, which will then be pumped to the plants closed loop washing system.

Currently the exact plant has not been chosen, as a result the final plant layout and associated sealed drainage system in not known.

The sites existing drainage is very basic, with a small amount of surface water drainage on the entrance road way. The offices drain to a septic tank. All waste is stored and treated on hardstanding as per the existing permit.

Site Drainage Plan

— Surface water drain

Note – There is no foul sewer on site
and the site offices drain to
a septic tank
