

## Air Impact Modelling Assessment

See guidelines in H1 Annex F section entitled "Decide if you need detailed air modelling."

Describe here the justification for whether detailed modelling is, or is not required for any of the releases. Refer to the guidelines in H1 Annex F

the requirement is to operate a power generator for approximately 8 hours per day, 5 days per week, 48 weeks per year therefore approx 22% of the year. The generator will be situated in a closed building.

Describe source of background information:

Document Reference of detailed modelling work:
