

About this consultation

DY6 7JS, Anglo Beef Processors UK: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Anglo Beef Processors UK. Please use the reference number below when making comments on this application.

- Permit Number: EPR/CP3049QY/V002
- Regulated facility type: ABP Kingswinford is part of the ABP Food Group (ABP). ABP are one of Europe's leading privately own agribusiness companies. ABP is the UK and Ireland's largest beef processor, and significant sheep processor. The company also operating a substantial renewable, pet food, and proteins divisions. ABP currently employs in excess of 10,000 people at over 35 processing facilities around the world. ABP operates a number of Environmental Agency licensed processing facilities in the United Kingdom.

ABP Kingswinford are applying for a Variation to their current permit. It is proposed to remove boilers A3, A4, A5, A6, A7, and A8 while installing a 450kw hot water boiler which will be listed thereafter as A3. The company also proposes to install a pre-treatment to it wastewater before discharge to sewer, relabelling from E1 and E2 to S1 and S2.
- Regulated facility location: ABP Kingswinford, Oak Lane, Dudley, DY6 7JS

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.
