

Hill Barton Energy Generation Plant Environmental Permit Application

Contents Page

Section 1 Non-Technical Summary

Appendix 01 – Planning Permission

Appendix 02 – Pre-Application Advice Note

Section 2 Application Forms

Part A

- Appendix A - List of Directors

Part B2

Part B3

- Appendix B3.1 - List of Waste Codes
- Appendix B3.2 – Environmental Impact Assessment

Part F1

Section 3 Drawings

- Drawing 001 Site Location Plan
- Drawing 002 Site Layout and Environmental Permit Boundary
- Drawing 003 Environmental Site Setting
- Drawing FPP1 Fire Prevention Plan
- Drawing PDL-301 Preliminary Drainage Layout
- EA Nature and Heritage Conservation Screening Report and Maps

Section 4 Site Condition Report

- Appendix SCR1: Photographs
- Appendix SCR2: Envirocheck Report

Section 5 Best Available Techniques and Operating Techniques Document

- Appendix 01 – EMS Summary
- Appendix 02 – Heat and Mass Balance Electricity Only Mode
- Appendix 03 – Heat and Mass Balance CHP mode

- Appendix 04 – NOx Abatement Options Appraisal
- Appendix 05 – Acid Gas Abatement Options Appraisal
- Appendix 06 – Energy Efficiency BAT Assessment

Section 6 Environmental Risk Assessment

Section 7 Air Quality Assessment

- Appendix A: Model Sensitivity Assessment
- Appendix B: Process Contribution Isopleths
- Appendix C: Stack Height Assessment

Section 8 Noise Assessment

Section 9 CHP-Readiness Assessment

- Appendix 01 – Letter from E.ON
- Appendix 02 – Cost Benefit Analyses

Section 10 Human Health Risk Assessment

Section 11 Fire Prevention Plan

- Appendix FFP1 – Emergency Contact Sheet

Section 12 Global Warming Potential Assessment
