[Request for Further Information Letter.pdf](#)

Morning all,

This email is in relation to your applications for permit variations at the following sites:

- Maer Lane Wastewater Treatment Works (003174)
- Maer Lane Storm Tanks (201965)
- Phear Park Pumping Station (200124)
- Maer Road Pumping station (200126)

We have some further questions about the applications and the supporting information provided which require attention before the applications may progress.

Please see the attached letter for the required information.

A response is required within 5 working days (07/11/2025).

If a response in full is not received your application(s) will be returned and 20% of the application fee(s) retained.

Kind Regards,

Permitting Officer - Water Quality
