Dear Sir / Madam,

RE: Maer Lane STW Exmouth Permit Variation Application

I am pleased to enclose an application for the above permit.

We are applying for a permit variation to update the permit into EPR format and consolidate permits (003174) & (201965) into the final effluent permit (003174). Also, we are applying to relocate the outfall NGR for both storm and final effluent to SY 0396 7914.

This application comprises:

- Application forms A, C2, C6, F1 (F1X2).
- Site Plan
- Non-Technical Summary
- BACS reference no. A0000106898 for the application fee of £5,019.00
- BACS reference no. A0000109176 for the application top-up to new fees of £452.00
- ISO14001 Certificate
- Exmouth Water Framework Directive Assessment
- Exe Estuary Coastal Modelling Assessment
- Exmouth Habitats Regulations Assessment
- Concept Diffuser Design Document
- Diffuser Design System Document

If you have any queries regarding this application, please do not hesitate to contact me.
