Hi [REDACTED]

Is it a rigid cover or floating cover?

Thanks

Hi [REDACTED]
It's a circular store, with a cover.

Thanks for keeping me informed - that's great

Kind regards

Hi [REDACTED]

Thanks for this information.

I am just tweaking the pre application screening to ensure the numbers are now correct.

Please could you confirm the type of cover for the slurry lagoon? This is so that I use the correct emission factor in the screening, as shown below:

Dear [REDACTED]

So sorry! I suddenly realised that I hadn't actually sent the email with the documents required after we spoke on Tuesday.

Attached are:

- drawings showing clean and dirty drainage
- the spreadsheet with corrected numbers of places and details of buildings confirming information you had queried

- the site condition report corrected to include the area of land to be incorporated into the installation and with correct numbers of places

I can confirm that the text in response to Question 2b of part C3.5 of the application form is the non-technical summary

I have also attached a simpler spreadsheet just showing pig numbers.

I hope this provides the necessary information for the application to be duly made

With kind regards

Phew! Thank you for the clarification.

I will get the information back to you as soon as I can: hopefully for your return from leave, keeping some time in hand for any issues.

I hope you have a good break.

Kind regards

Hi [REDACTED]

The response date is by 01/06, not 24/05 as in the subject title.

Apologies,

Good afternoon,

RE: EPR/LP3438YR/V002 Oakwood Farm

I have now re ran the ammonia pre application screening and the conclusions are the same as they were previously.

Please see attached the 'Not Duly Making Request for Information' regarding the above application to vary a permit.

Please respond by 01/06/2021. If you wish to discuss any of these points further, or need more time, please do not hesitate to call or email me.

I will be on leave next week, but will return the week commencing 24th May.

Kind regards,
