

BUND INFORMATION

The following tables identify the areas and locations which are currently bunded on site, along with inventory and capacity.

Table 1: Bund Capacity

Identifier	Substance Stored	Total Capacity in storage area (m ³)	Total Bunded Area (m ³)
Main tank farm	Base Cider	24,000	276
Middle Tank Farm	Base Cider	14,928	199
GRP			605
Boiler fuel tank	Furnace Flame	21.6	26
Blending/Decant?	Cider		5
Other top tank farm			108

Please see the corresponding bund drawings supplied by Westons K499.2~09~0604.

Table 2 below gives the materials of construction for bunded areas identified above.

Table 2: Materials of Construction

Identifier	Material of Construction	Inspected Routinely
Main tank farm	Concrete	✓
Middle Tank Farm	Concrete	✓
GRP	Concrete	✓
Boiler fuel tank	Steel (integrally bunded)	✓
Blending/Decant	TBC	✓
Other top tank farm	TBC	✓
