For the attention of (redacted), Permitting Officer

Dear (redacted),

FOR INFORMATION: CWDA/18 PERMIT APPLICATION REQUEST FOR INFORMATION RESPONSE

As part of the Construction Water Discharge Activity (CWDA) permit application CWDA/18, that was submitted to the Environment Agency on 28th March 2024 (EA-SZC-21783Y), a Request for Information Letter was issued by the Environment Agency on 24th May 2024 (EPR/RP3820SH/A001). The following documents have therefore been developed and are enclosed as a formal response to this Letter:

- CWDA/18 Information Request Response Document (101283638, 001), developed to provide a response to the majority of questions included within the Request for Information Letter.
- Raw data spreadsheets (101285401, 001), a folder comprising the Excel versions of the data used to inform supporting risk assessments for Appendix O, M, N and P, in relation to Question 21 on the Request for Information Letter.
- Sizewell C Limited (SZC) Drainage Strategy Annex 2A.5 Explanatory Technical Note (101285403, 001), an extract from the Sizewell C Development Consent Order (DCO) Drainage Strategy.
- Appendix M – Revised Appendix F – H1 Screening Tests (101287324, 001).
- Appendix N – Revised Appendix E H1 Assessment Issue (101287328, 001).

Further information will be provided in relation to Questions 3e. and 3f. (as explained in the CWDA/18 Information Request Response Document and as discussed with yourself on 21st May 2024) within 4 weeks of this response.

It is requested that the enclosed documents are read in conjunction with the permit application Main Technical Supporting Document which was submitted as part of the application in March.

Should you have any further questions or comments we will be happy to engage as part of the permit determination process and / or during on-going Level 4 Interactions.
