Thursday 5th December 2024

For the attention of (Redacted), Senior Permitting Officer (National Infrastructure Permitting)

Dear (Redacted),

FOR ASSESSMENT: CONSTRUCTION WATER DISCHARGE ACTIVITY PERMIT APPLICATION FOR SURFACE WATER DISCHARGES DURING CONSTRUCTION OF SIZEWELL LINK ROAD (AD3) (CWDA-89)

Management of rainfall-dependent surface water run-off will be required during the construction phase of Sizewell Link Road (SLR). The run-off is required to be collected and treated prior to discharge to receiving inland watercourses.

To facilitate these works, please find enclosed an application for a construction water discharge activity permit, which relates to the following proposed activities:

- Discharge of rainfall-dependent surface water run-off from 24 outfalls located along the proposed route of the SLR scheme.

The application includes:

- Non-technical summary outlining the proposed discharge activities.
- A section outlining the introduction and context to the proposed discharge activities.
- Scope of permit application.
- Proposed water discharge activities including anticipated flow rates and discharge volumes.
- Proposed treatment methods.
- Environmental risk assessment approach and
- Environmental Management Systems arrangements.
