

3.8 Q5c Provide a Non-Technical Summary

- 3.8.1 Caulmert Limited have been appointed by FCC Recycling (UK) Limited ('the Operator' whom is a wholly owned subsidiary of FCC Environment (UK) Ltd) to prepare an environmental permit variation application to add a non-hazardous bulking up and waste transfer activity to the existing permit ref. EPR/JB3633RP for their Arpley 2 Waste Transfer Station ('the Site') in Huyton, Liverpool, postcode L36 6JF.
- 3.8.2 It is proposed to add a new waste activity to the permit and retain the existing listed activity. The proposed activity involves accepting Mixed Dry Recyclables (MDR) and Municipal Solid Waste (MSW) and other wastes for bulking up within concrete bays in the building prior to transferring off-site for recovery. All delivery, handling, storing and loading of wastes into vehicles will be undertaken within the building, which will have roller shutter doors kept closed when not in use and impermeable concrete surfacing.
- 3.8.3 The Site is currently permitted as an installation for the pre-treatment of non-hazardous waste prior to incineration, specifically a Section 5.4A(1)(b)(ii) activity for shredding of waste and production of Refuse-Derived Fuel (RDF) within the building and this activity is to be retained in the permit.
- 3.8.4 There will be no extra land added to the permit and no changes to the permit boundary as a result of this permit variation.
- 3.8.5 This variation application has been prepared on the basis of adding a waste activity to an existing bespoke installation permit and the appropriate fee is enclosed in this application.
- 3.8.6 The following documents are to be submitted as part of this permit variation application:
- Supporting Document ref. 6109-CAU-XX-XX-RP-V-0300 (inc. Non-Technical Summary and Management System Summary);
 - Environmental Risk Assessment ref. 6109-CAU-XX-XX-RP-V-0301;
 - Fire Prevention Plan ref. 6109-CAU-XX-XX-RP-V-0302;
 - Updated Odour Management Plan Addendum ref. 6109-CAU-XX-XX-RP-V-0303;
 - Dust & Emissions Management Plan ref. 6109-CAU-XX-XX-RP-V-0304;
 - Activities & Operating Techniques Report ref. 6109-CAU-XX-XX-RP-V-0305.
