

## About this consultation

### LA14 4QE, Brian Armistead Limited environmental permit consultation

#### The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Brian Armistead Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/DB3701SN/V003
- Regulated facility type: This is a bespoke Waste Transfer and Treatment facility which includes composting, aggregate processing, waste wood and paper crumble treatment and drying to make animal bedding, and road sweepings processing and the transfer and treatment of non hazardous waste. This application is to extend the permit boundary, increase the annual tonnage from 74,999 to 120,000 tonnes/annum, add additional wastes which include some common hazardous wastes, clinical wastes, and food wastes, add crushing to the physical treatment of aggregates and shredding and compaction of the non hazardous wastes.
- Regulated facility location: Sinkfall Recycling, Sinkfall Farm, Rakesmoor Lane, Barrow In Furness, Cumbria, LA14 4QE

#### What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

#### How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact [PSCpublicresponse@environment-agency.gov.uk](mailto:PSCpublicresponse@environment-agency.gov.uk)

### How we will use your information

We will look to make comments received publicly available at our Environment Agency public register.

All comments which are made publicly available will exclude email addresses and telephone numbers. Any comments where confidentiality has been claimed will not appear on the public register.

In accordance with the Freedom of Information Act 2000, we may be required to publish your response to this consultation, but will not include any personal information. If you have requested your response to be kept confidential, we may still be required to provide a summary of it.

### Consultation Principles

We are running this consultation in accordance with the criteria set out in the government's [Consultation Principles](#).

If you have any queries or complaints about the way this consultation has been carried out, please email: [PSCpublicresponse@environment-agency.gov.uk](mailto:PSCpublicresponse@environment-agency.gov.uk)
