Hi [REDACTED]

Are you able please to get me this information?

Our Water Quality Permitting Team need it to assess fully the H1 submitted and the implications for drinking water abstractions.

I'm away now until tomorrow afternoon.

Talk to you on Friday or before.

Best wishes – [REDACTED]

Hello [REDACTED]

I hope you had a good weekend.

What is the National Grid Reference for the proposed new discharge point, W2, for treated stormwater discharged to the River Wenning?

Can I please have both the location of the discharge as it enters the River Wenning and the location of the W2 sample point on site that will be included in the permit (not the sampling of the input to the first post-treatment storage tank).

Please feel free to give me a call if you need to discuss this further.

Best wishes – [REDACTED]
