Dear Mr Betteridge

**Woolfox Quarry Landfill Site- Construction Quality Assurance Validation  
Report for the Phase 6 Basal Artificial Geological Barrier**

Thank you for submitting the above mentioned Construction Quality Assurance (CQA) Validation Report.

We have reviewed the document and are satisfied that the works have been completed in accordance with the agreed CQA Plan. We therefore accept the CQA Report and have no objections to this area becoming operational.

Should you have any queries regarding the content of this letter please do not hesitate to contact me.

Yours sincerely
