Hi Katharine

Thank you for your email, and the reports to support IC13.

All appears to be in order and the same applies for IC9.

I will issue CAR forms in due course.

Kind regards
Rebecca

Subject: IC13

Good morning, Rebecca,

I hope you are well and thank you once again for granting us an extension for our improvement condition.

Please find attached the documents submitted in response to:

- IC13 – A survey of the primary, secondary, and tertiary containment at the site, with measures reviewed against the relevant standards, covering both Madeline Road and Ashton Green.

We trust that these surveys satisfactorily address the requirements of IC13 within the advised timescales. However, please do not hesitate to contact me if any additional information is required. We would be grateful if you could confirm whether this improvement condition is now considered satisfied or alternatively advise if further documentation is needed.

In addition, we would appreciate your confirmation of the current status of IC9 at your earliest convenience. Our understanding is that this improvement condition can now be considered closed as discussed in our last meeting.

Kind regards

Katharine Nethercot - Tech IOSH, CMgr MCMI
