

Appendix B2_1 Summary of Environmental Management System

Environmental Management System

A Great British Clean Tech Recycling Company Limited (GBCTR) is applying for a bespoke Environmental Permit for a multi-activity waste recycling installation located at Unit 16, Electric Avenue, Witham St Hughs, Lincoln LN6 9BJ. The proposed installation will be operated in accordance with an in-house Environmental Management System (EMS) which will conform to BS 8555.

The Management System will cover the following key elements of site management:

- Environmental Policy;
- Management System Review;
- Communication and Structure;
- Training and Staff Competence;
- Site Operations and Maintenance;
- Environmental Risks:
 - Emissions
 - Fugitive Emissions
 - Accidents
 - Waste
 - Global Warming Potential
- Contingency Plans:
 - Generator Breakdown
 - Enforced Shutdowns
 - Flooding and Adverse Weather
- Emergency Plan:
 - Emergency Contacts
- Complaints Procedure
- Record Keeping and Control of Documents.
